CALL NOW to take advantage of these packages, or if you don't see what you are looking for, we offer customizable packages. Contact Krissy or David for more information at (208) 854-1476 or email at krissy@idsba.org or david@idsba.org.

Set Clear Goals & Accomplish Them

- Promote a common vision for everyone in school
- Maintain a clear focus and direction
- Move forward with education goals, instead of just routine tasks like paying bills
- Track your strategic plan goals by really looking at testing and data
- Use data to assess student outcomes and improve them

Unity & Trust

- Improve communication between the superintendent or administrator and the board
- Build community's trust and respect
- Increase board involvement
- Unite your district or charter to benefit student achievement

Team Builder

- Build a strong team between your school board and superintendent or administrator
- Complete a superintendent or administrator evaluation that allows the district or charter to achieve their goals and allows room for growth
- Improve the quality of work with your superintendent or administrator

These reimbursable professional development workshops have been designed to help you make the best use of the \$6,600 appropriated by the Idaho State Legislature for board, superintendent, and charter school administrator professional development.
