PREAMBLE

This Procedural Agreement is made and entered into by and between Joint School District #391 Board of Trustees (hereinafter called the "Board") and the West Shoshone Education Association (hereinafter called the Representative Organization).

The Board and Representative Organization recognize that providing a high quality of education for the children of this District is the paramount objective of the School District. The Board and the Representative Organization further recognize that the best interests of public education will be served by a spirit of cooperation between the Board of Trustees and the teachers and the maintenance of free and open exchange of views in determining and resolving matters of mutual concern. In doing this, it is understood that:

The Board is elected by the qualified electors of the School District as the governing body of the School District and, as such, possesses all powers delegated to a Board of Trustees or to a School District by the Constitution and laws of the State of Idaho, together with the duties imposed thereby, these cannot be delegated to another person or organization.

While providing education of the highest possible quality for the pupils of the School District is a shared responsibility, it is recognized that the teachers have a significant role as a result of direct contact with pupils. Therefore, the well qualified teachers who are satisfied with the conditions provided by the Board are a necessity for the best education of the children.

Attainment of the objectives of the educational program conducted in the School District required mutual understanding and cooperation between the Board and the Representative Organization. To this end, participation in Board meetings, problem-solving session with the Board, and negotiations in good faith between the Board and the Representative Organization with a free and open exchange of views is desirable.

Now, therefore, the parties agree as follows:

In the event mutual agreement cannot be reached on a mediator, the State Superintendent of Public Instruction shall be requested to appoint a mediator. Either the Board or Representative Organization may report names of possible mediators whom they do not want the State Superintendent to appoint.

5-5-2 The format, dates and times of meetings will be arranged by the mediator.

5-5-3 Cost of the mediator, if any, and actual and necessary travel expenses shall be shared equally by the Board and the Representative Organization.

GRIEVANCE PROCEDURES

2-1 Definitions

- 2-1-1 Grievance: A claim upon alleged violation, misinterpretation, or misapplication of existing School District policies, regulations, resolutions, or rules of the Board of Trustees or School Administration.
- 2-1-2 Day: Any day counted as a contract day. Should the grievance extend beyond the contract school year, a “day” shall mean any day Monday through Friday, exclusive of legal holidays.
- 2-1-3 Aggrieved: A staff member or members asserting to have been adversely affected by the alleged misinterpretation or inequitable application of policies, rules and regulations, as set forth in Item 2-1-1, above.
- 2-1-4 Staff Member: Any certificated personnel covered in the Negotiations Agreement between the Board of Trustees and the Representative Organization.
- 2-1-5 Supervisor: Principal, vice principal, immediate supervisor or other administrative or supervisory officer responsible for the area in which an alleged grievance arises, except for the Superintendent of Schools.
- 2-1-6 Board or District: The Board of Trustees for Joint School District No. 391.

2-2 Time Specifications

- 2-2-1 Since it is important that a grievance be processed as rapidly as possible, the number of days indicated at each level should be considered as maximum, and effort should be made by all parties to expedite the process. The time limits specified may, however, be extended by mutual agreement. Illness or professional absence of the supervisor or Superintendent or aggrieved during the delineated time periods shall be considered justifiable reason for mutual extension of time limits.
- 2-2-2 The aggrieved party may choose to drop the issue at any time. If the time limits or mutual extensions agreed upon are not met by the aggrieved at any level, the grievance shall be considered withdrawn and no longer at issue. Once withdrawn or declared no longer at issue as provided above, the grievance may not be reinstituted by the aggrieved.
- 2-2-3 If the supervisor or the Superintendent of Schools fails to meet the time deadline, the grievance shall be moved to the next level.

2-3 The Procedure

2-3-1 Informal Level:

Every effort shall be made to resolve a grievance informally and at the lowest possible level. Therefore, an aggrieved staff member, accompanied by any other professional employee (as defined in the Procedural Agreement), if the aggrieved so wishes, shall contact his supervisor concerning the grievance, stating the alleged violation and citing the policy purported to have been violated and stating the solution he thinks most satisfactory.

A complaint must be taken up by the aggrieved with this supervisor within ten (10) days after the occurrence except when it is reasonably established that the employee was unaware of the circumstances that were the basis of his/her complaint or was prevented from presenting a timely complaint by circumstances beyond his/her control. In such event, the complaint must be filed within ten (10) days after the employee becomes aware of the occurrence out of which the complaint arose.

The supervisor shall reply to the aggrieved within five (5) days, stating his decision and the reasons for such decision.

Should the aggrieved decide that the reply of the supervisor is unsatisfactory, he/she may initiate formal proceeding by: (1) notifying the supervisor in writing of his/her intent to seek a different solution to the grievance; and (2) filing a written report of the grievance with the appropriate committee of the Representative Organization. This report shall be accompanied by the written decision of the supervisor. This action shall be taken within five (5) days of receipt of the supervisor's written reply.

2-3-2 Formal Level:

Step 1:

Within ten (10) days of receipt of the grievance notice, the committee of the Representative Organization and at the employee's option, a non-lawyer representative of the IEA, shall confer with the aggrieved and, after review of available evidence and deliberation of the grievance, shall attempt to negotiate the issue to the satisfaction of the aggrieved and the supervisor.

Should these attempts to mediate fail, the aggrieved, with or without the concurrence of the committee of the Representative Organization, shall request a meeting with the Superintendent of Schools to discuss the grievance. The request for the meeting shall be accompanied by a written statement of the grievance as seen by the aggrieved and also a copy of the reply filed by the supervisor. The meeting with the Superintendent shall be held within ten (10) days of receipt of the request for the meeting. This meeting shall be attended by the aggrieved and designated members of the committee of the

Representative Organization if requested by the aggrieved, or other staff members of this School District of his choice, and at the employee's option, a non-lawyer representative of the IEA, and such personnel of this School District as may be selected by the Superintendent of Schools.

The Superintendent of Schools shall reply in writing to the aggrieved and to the committee of the Representative Organization giving his decision on the grievance, such reply to be within five (5) days of the meeting with the aggrieved.

Should the aggrieved decide that the reply of the Superintendent of Schools is unsatisfactory to him/her, within five (5) days of receipt of such reply, he/she may, with or without the concurrence of the committee of the Representative Organization, file a written request for a hearing with the Board of Trustees at the next regular or special meeting of the Board.

Step 2:

This hearing shall be attended by the aggrieved and designated members of the committee of the Representative Organization, if requested by the aggrieved, or other staff members of this School district of his/her choice, and at the employee's option, a non-lawyer representative of the IEA, and such personnel for the School District as may be selected by the Superintendent of Schools. At the hearing with the Board of Trustees, the written reports of the aggrieved, the supervisor, the Superintendent of Schools, and the committee of the Representative Organization shall be reviewed. No evidence not previously reviewed shall be introduced at the hearing. The Board of Trustees shall formulate its written decision within five (5) days of the hearing.

“Should the hearing involved in Step 1 or Step 2 of the Grievance Procedure be set during school hours at the request of the Superintendent or at the necessity of the School District, the aggrieved and a representative from the Representative Organization shall be released from his/her regular assignment or their assignments without loss of pay or benefits.

If the hearings are scheduled during school hours at the request of the aggrieved, the aggrieved and a representative from the Representative Organization shall be released from duty but shall pay the cost of a substitute as provided in District Policy governing personal leave.”

The decision of the Board of Trustees shall be recorded in the minutes of the Board and in the minutes of the Representative Organization and are understood as binding.

All documents, communications and records dealing with the processing of a grievance shall be filed separately from the personnel files of the participants.

Nothing in this grievance procedure shall be interpreted as abrogating the powers and duties of the Board of Trustees nor curtailing the rights of the aggrieved of availing him/herself of the relief provided by the courts or commissions of the State of Idaho, and the protection of the laws of the state.

No reprisals of any kind shall be taken by the Board or the School Administration against any teacher because of his/her participation in the grievance procedure.

- 2-4-1 Should Sections 33-1271 through 33-1276, Idaho Code, be repealed or materially amended, this Grievance Procedure shall be canceled and become inoperative upon effective date of repeal.
- 2-4-2 Should any case be under appeal under the provisions of the Grievance Procedure at a time when the Procedure becomes inoperative through repeal or amendment as provided above, the case shall be carried through to conclusion as provided in this Grievance Procedure.
- 2-4-3 The district shall maintain one (1) personnel file with regard to each employee.

SUPPLEMENTAL ASSIGNMENTS

Extra-curricular activities/duties positions will be compensated an additional 5% of their current remuneration per year of experience, when experience moves are agreed on during negotiations, up to a maximum of 50%. This applies to work in the district in the same position.

The district will create a fund of \$8,500 to compensate activities advisors for activities not included on the supplemental salary schedule. The activities committee will meet September 16 or closest work day following September 15 to determine if any student activity coaches, advisors or other certificated personnel should be added to or deleted from the extra-curricular schedule for the given year. To be considered for inclusion on the schedule, an application must be submitted to the district office between September 1 and 15 describing the activity, students involved, and time involved. The committee shall gather what information they deem necessary from principals and teachers and will decide who will receive a portion of the funds. Individuals who apply must have an assignment or job function that causes them to work directly with kids in a school-centered activity. 2010-2011

Extra-Curricular Pay***

Up to ten years on BA column may be counted under the following guidelines:

1. Only years of coaching within a particular sport or activity will count as experience (not teaching experience.)
2. A coach/advisor who moves from one sport or activity to another or enters an activity for the first time will begin at Step 1.
3. An assistant coach who becomes head coach in another sport will begin at Step 1 at the head coach percentage rate. An Assistant coach who becomes head coach in the same sport will begin at the first step on the Head Coaching schedule that is higher than the assistant's current pay. 2009-2010
4. Middle school basketball and volleyball coaches will be given credit for experience at all levels as long as they are in the same sport. Example: B-team to 7th grade, 7th to 8th grade, 7th grade boys or girls to 8th grade boys or girls.
5. A head coach who steps down to a lesser coaching position in the same sport will retain his/her experience step at the assistant coach rate.
6. A coach may transfer experience into the district (head to head, head to assistant, assistant to assistant, but not assistant to head.)
 - Persons who resign prior to the end of their sports season or leave for whatever reason will be paid only for their time worked.
 - If they have requested their money, as they can do after a certain period of time in the program, and do not fulfill their commitment, the district would deduct the amount from their next paycheck.
 - In areas such as drama and speech, at least one major festival/performance each semester is required to receive full payment for the activity.
 - It is recommended that no clubs/organizations be included in the extra-curricular salary schedule.

***Effective with the 2003-04 school year – No retroactive payments

ARTICLE 4

INSURANCE

4-1 That for the contract year of 2018-19, the Association and the School District agree as follows:

4-1-1 That the School District will provide a \$50,000 term life insurance policy for professional employees as defined in the Procedural Agreement and will pay ninety-five percent (95%) of the employee premium.

Dependent life insurance coverage in the amount of \$5,000 for spouse and children is available to qualified district employees at a cost to the employee of \$1.67 per month.

4-1-2 That the School District agrees to pay ninety-five percent (95%) of the individual Blue Value premium cost under the adopted Blue Cross plan for each primary insured professional employee(as defined in the Procedural Agreement who elects to belong to the group health and dental insurance plan.) If the employee chooses the N2 plan, they will pay the premium difference between the Blue Value Plan and the corresponding N2 Plan premium.

2013-2014

In the case where two District employees who would normally be covered under the individual plan coverage are eligible for family coverage, the District will apply the amount of money for one of the individual primary insured to the family coverage.

4-1-3 The District will adopt the Cafeteria 125 plan in accordance with the proposal offered by American Fidelity.

4-1-4 For each professional employee working less than 20 hours per week, no insurance benefits will be paid by the district. For each professional employee working 20-25 hours per week, the district will pay 50% of what is paid for employees who work full-time. For each professional employee working 26-30 hours per week, the district will pay 80% of what is paid for employees who work full-time. For each professional employee working above 30 hours per week, the district will pay full benefits as described in 4-1-2 above.

2010-2011

4-1-5 If an employee can demonstrate that they are fully covered by non-district health insurance through a spouse's employer or an alternate employer, they can opt to receive \$150.00 per month through regular payroll. This would be prorated for part-time employees. The option would not result in any added cost to the school district. Currently this would mandate a total of (20) employees opting out of district insurance benefits.

2005-2006

4-2 That the District will pay 50% of the dependent Blue Value premium cost under the adopted Blue Cross plan medical and dental coverage elected by eligible employees. If the employee chooses the N2 plan, they will pay the premium difference between the Blue Value Plan and the corresponding N2 Plan premium.

2014-2015

4-3 That in a case where both husband and wife are employed by the District and elect a family coverage plan, the one spouse may elect benefit coverage under either 4-1-2, above, or 4-1-5, but not both.

- 4-4 A disability plan will be maintained with the provision that 180 days must elapse from date of disability before becoming eligible for the plan.
- 4-5 That the district will implement a “Premium Only Plan” in which employees have the opportunity to deduct their portion of insurance premiums from their gross wages.
- 4-6 For the summary of medical/visual/dental/life/disability premiums coverage see page 34.
- 4-7 Insurance – Early Retirement. To the extent the district’s health insurance carrier allows certificated employees to participate in the district’s group health insurance program, such retirees shall have the option of doing so up to age 65. Responsibility for obtaining and paying for such insurance shall be the responsibility of the retiree. In the event the insurance fails to provide such coverage, it shall not be available from the district.
- 4-8 An insurance committee will be formed to make recommendations on an insurance package prior to negotiations each spring.
