PREAMBLE

This Negotiation Agreement by and between the Moscow Education Association and the Moscow School District Board of Trustees for the current school year, in accordance with Idaho Code 33-1271 through 33-1276, is created in an atmosphere of mutual trust and respect. We believe that this is in our best interest and not only ensures a more collegial atmosphere in which to work, but also fosters positive relations with the community and provides a healthier learning environment. This agreement, negotiated in good faith between these two parties, supersedes Moscow School District Policy when the two conflict.

In furtherance of these objectives, we agree to:

1. Treat each other with courtesy and respect.

2. Honor promises and commitments whether written or oral.

3. Maintain honesty in our dealings with one another.

4. Maintain open and honest communications by sharing important concerns and happenings in a timely manner.

1.1 Definition of Terms

As used in this Agreement, the following terms will have the following meanings unless the context in which they are used shall clearly indicate another meaning.

1. “District” shall mean Moscow School District No. 281.

2. “Board” shall mean the Board of Trustees of Moscow School District No. 281 as the governing body of the District.

3. “Association” shall mean the Moscow Education Association.

4. “Certificated employees” or “employees” shall mean those educational employees for whom the Association is recognized as the exclusive bargaining agent for the Negotiation Agreement.

5. Words denoting gender shall be deemed to include both the masculine and feminine and words denoting numbers shall be singular and plural unless the context in which they are used clearly indicates other usage was intended.
6. “Instructional day” shall mean the period of formal student instruction at each school. In the event that double sessions or other schedule changes are deemed necessary and instituted by the Board, the instructional day shall end with the termination of formal student instruction for each session.

7. “Administrator” shall mean Superintendent, Assistant Superintendent, Directors, Supervisors (non-certified), Principals and Assistant Principals.

1.2 Ratification/Effective Dates

This Agreement shall become effective on July 1 immediately preceding the school year the Agreement is in effect and shall expire on June 30 of the following year. This Agreement may be amended or modified during this contract year only with written mutual consent of the parties, court order or governmental action.

If the parties reach an Agreement via the negotiation process, ratification shall occur pursuant to the provisions of Idaho Code, and each party shall provide the other with written notice of ratification.

1.3 Severability

If any provision of this Agreement or any application of this Agreement to any employee or group of employees is held to be contrary to law or deemed invalid by any change in law, then such provision or application shall not be deemed valid and subsisting, except to the extent permitted by law. All other provisions or applications shall continue in full force and effect.

1.4 Individual Contract Compliance

Any individual contract between the Board and an individual employee shall be subject to and consistent with the terms and conditions of this Agreement with the exception of those certificated employee contracts as per Idaho Code 33-1004H. If an individual contract contains language or terms inconsistent with this Agreement, then this Agreement (to the extent permitted by law) shall be controlling.

1.5 Recognition

The Moscow Education Association, having been duly elected by a majority of the professional staff members as required by applicable provisions of the Idaho Code, is recognized by the Moscow Board of Trustees as the exclusive bargaining agent for the professional negotiations for the year, which this Agreement is in effect. Administrators are excluded from the provisions of this Agreement.
1.6  **Duplication and Distribution of Agreement**

Within thirty (30) days of ratification of the Agreement, the Board representative and MEA representative shall work together to have two original signed copies available for both the District and MEA. Printing of the two original copies shall be completed by the Board. The cost of the duplication and distribution will be borne equally by both parties. The District will place a PDF copy on the district website.

1.7  **Preemptive Clause**

Nothing contained in this Negotiation Agreement is intended to or shall conflict with, or abrogate the powers or duties and responsibilities vested in the legislature, State Board of Education, or the Moscow School District Board of Trustees by the laws of the State of Idaho and all federal laws. The Moscow School District Board of Trustees is entitled, without negotiation or reference to any Negotiation Agreement, to notify the Moscow Education Association President and to take immediate action that may be necessary to carry out its responsibility due to situations of emergency or force majeure (sometimes called acts of God). Nothing contained within this passage shall diminish the right of the Board of Trustees of the District to promulgate rules and regulations for the governance of the District as provided by the Idaho Code and federal law.

1.8  **Harmony Committee**

An ongoing committee shall be established composed of the Superintendent, up to two other members chosen by the Superintendent, the President of the MEA and up to two other members of the MEA Executive Committee. The committee will use best efforts to meet on a regular basis during the workday at least once a month to review and discuss current school problems and practices. The purpose of such meetings is to share information, improve communications between the MEA and the administration and to prevent grievances from occurring. However, the committee shall not discuss grievances once they have been filed.

1.9  **Association Business**

1. The Association may post notices of its activities and matters of organization concern on a bulletin board to be provided in each school building by the District.

2. The Association may communicate with its members as long as it does not interfere with the educational process.

3. Names and schools of newly hired teachers shall be provided to the Association within fourteen (14) days of the beginning of school.
4. The Association shall be entitled to the use of school equipment and space provided such use does not interfere with normal District operation. Materials shall be used at Association expense. The Association agrees to pay for any school property damaged by its members through its use.

5. Representatives of the Association shall be entitled to use District school buildings for meetings and to transact official business on school property at all reasonable times. This will be permitted as long as it does not interfere with the certificated employees’ respective classroom responsibilities and subject to notification of the building principal.

6. Representatives of the Association shall be permitted during the first or second contract day of school for certificated employees, to present Association programs to all employees within the bargaining unit. Furthermore, the Association shall be given an opportunity at faculty meetings to present reports and announcements.

1.10 Financial Records
Pursuant to Idaho’s Public Records Act, Idaho Code 9-33974-102, the Board agrees to furnish the Association, upon request to the Superintendent, all public financial information as required by law for developing intelligent and constructive proposals on behalf of certificated employees of the District.

1.11 Dispute Resolution

Due to time constraints, mediation request will first be directed toward local mediators from the Idaho Supreme Court list of approved mediators, the State Superintendent of Public Instruction or any other mediation provider mutually agreed to by the parties. All costs and expenses for a mediator shall be borne equally by the parties. Each party shall bear its respective costs associated with preparation for and attendance at mediation.

1.12 Workday
1. The workday shall be established by the Board and shall not exceed 7.75 continuous hours.

2. Within the instructional day, each full-time employee shall be provided a minimum of thirty continuous minutes, duty-free lunch. Arrangements for other certificated personnel to eat lunch will be determined by mutual agreement between employee(s) and the building principal or supervisor.

If a school uses an alternate daily schedule, preparation time must be no less than 225 minutes per week, or in case of a shortened week, preparation time will be proportional to the number of instructional days in the week. Arrangements for other certificated personnel to prepare for instruction will be determined by mutual agreement between employee(s) and the building principal or supervisor. If class periods, including preparation periods, will be shortened on collaboration days, the administration will ensure:
   A. Teachers will have a preparation time on collaboration days equal in length to any other collaboration day class period.

   C. Certified staff will be paid twenty-five dollars ($25.00) for any full preparation period they miss due to being asked to substitute for another teacher. The Compensation Form must be filled out and approved by the administrator.

4. Teacher workdays as identified in the MSD Master Calendar shall be uninterrupted by District or building meetings except by mutual agreement. “Mutual agreement” is defined as a simple majority vote of the staff. Exceptions:

1.14 Assignment, Reassignment
1. Assignment and reassignment of professional, certified personnel will be based on the best interest of students and the responsibilities of the district to operate its approved programs.

2. Definitions:
   A. Assignment is defined as the administrative placement of teachers within certification and endorsement areas.

   B. Reassignment is defined as the administrative change in assignment, voluntary or involuntary, based upon the best interest of students and/or the responsibilities of the district to operate its approved programs.

3. The Superintendent is authorized to assign or reassign non-administrative professional, certified personnel based upon the best interests of students, so the District can best operate its approved programs. This may be done within and between buildings only after discussion with principals and teacher(s) involved. Employees to be affected by changes in assignments, including personnel returning from leave, shall receive prior written notice.

4. The Superintendent, within five (5) working days of verbal notice, shall provide a teacher subject to an involuntary change in assignments(s) written, meaningful reasons to justify such a change. Any teacher receiving such written statement of reasons for reassignment may respond to the same, in writing, within five (5) working days of receipt of such reasons. Such response shall be reviewed by the Superintendent and shall be placed in the teacher’s personnel file.
5. Before vacancies are filled from within or outside of the district, allowance shall be made by the Superintendent or designee to administratively place continuing contract employee(s) returning from extended leave of absence in the assignments(s) held by the employee(s) before the leave was granted, unless such assignment(s) has been eliminated; in which case the employee(s) will be placed in an assignment(s) for which he/she is certified.

6. A certified teacher who is contracted to fill the position of a teacher who has been granted official leave of absence by the Board of Trustees may, upon administrative recommendation and with the concurrence of the Superintendent, be offered the option of remaining in that position for the duration of the leave granted by the Board of Trustees if the leave is extended for another year. Long term substitutes filling a vacant position do not have regular contract status and related employment prerogatives.

1.15 **Transfer**

1. All district certificated employees with appropriate qualifications and whose certified personnel files are complete and up to date, are encouraged to seek alternative assignments for which they are qualified throughout their careers in the Moscow School District.

2. Transfer is defined as an employee-initiated request for change(s) in assignment for which they are qualified by certification and/or endorsement within building or within the District.

3. When a professional staff vacancy occurs, the need for such a position and the assignment of any employees returning from extended leave of absence shall be reviewed by the Superintendent. After consideration of applicable policy, the administrator will notify the Human Resources Office whether a vacancy exists. When a professional staff vacancy is developed, a position vacancy announcement will be immediately posted in each building of the district and sent to the President of the Moscow Education Association.

4. From the date a position vacancy announcement is posted, qualified employees will have a period of five (5) working days during which they may apply for that position. Qualified employees who desire transfers to other teaching positions within the same building or to another building shall send a written or electronic application to the Human Resources Office, which will in turn forward the application for transfer to the building principal. Announcements will specify
posting dates. All applications for transfer, within building or within district, are to be made through the appropriate method identified by the District. A link to the proper form will be included in any electronic or printed announcement.

5. Priorities: Transfer request from employees within the building or program will be considered first in the selection process. The building administrator will approve or deny requests only after receipt of all in-district applications. Decisions to fill professional, certified employee positions from transfer requests from outside the building or program will be made by the administration after consideration by a selection committee composed of building administrators and staff with consideration of the following:
   A. Certification, endorsements, highly qualified requirements consistent with the position vacancy.
   B. Teaching experience within the District consistent with the requested transfer.
   C. Training specific to the position vacancy.
   D. Evaluation of performance as a District employee.

6. Notification: Applicants for transfer will be notified that their requests have been received and are being considered by the administrator announcing the vacancy. Applicants will also be notified by telephone or other appropriate means when the assignment sought is filled.

7. If a certified staff vacancy is not filled from within the currently employed teaching staff, or if there are no currently employed personnel with the required qualifications, a vacancy will be announced outside the district for solicitation of applications, in conformance with District requirements, if the administration has not already posted it concurrently.

8. Out-of-district announcements may be made concurrent with the in-district announcements, as approved by the Superintendent.

9. If a qualified employee wishes to be considered for vacancies, which occur in the summer, the Human Resources Specialist must be notified of a contact phone number and/or email address.

10. All certified employees on non-continuing contracts who wish to be considered for a transfer or another appointment must notify the Human Resource office prior to the end of the contract year.
1.16 **Committees**

No teacher shall be required to serve on more than two (2) committees as authorized by any District administrator.

The District shall select its representative(s) for district-wide committees. The MEA shall select its representative(s) for district-wide committees and the designated person(s) shall be formally identified.

1.17 **Collaboration Time:**

1. Collaboration time will be used for the following purposes:

   A. Collaboration between two or more teachers in a building or within grade level to coordinate curriculum preparation and delivery, assessment, and/or building educational priorities.

   C. Collaboration between two or more teachers to facilitate the work of their Professional Learning Communities.
   
   D. Collaboration between two or more teachers between/among buildings or grade levels to develop curriculum based upon Common Core State Standards in order to provide for more effective curriculum alignment, scope, sequence and learning assessment.
   
   E. Teachers who are receiving leadership premiums may present during collaboration time if a request is made by teachers for them to do so.
   
   F. Collaboration afternoons immediately preceding conferences will be available for teachers to prepare for conferences, work on report cards, and/or collaborate with colleagues.

2. Collaboration time will not be used for these activities:

F. To replace teacher preparation time or any teacher’s 30-minute duty free lunch period.

In emergent situations only, exceptions to these un-approved uses of collaboration time may be authorized after discussion between the Moscow School District Board of Trustees or their designee and the Moscow Education Association’s leadership.

3. Procedures:

A. At the beginning of each semester, the District Administrative Team will identify one collaboration date that would be available for a 90-minute, large group, inter-building department collaborations. No later than one week before the scheduled date, if the majority of staff determine the need is not there, it can be removed. The date will be shared with all staff the first week of the semester, using Outlook Invite and Building Leadership Teams. The banking of collaboration time is permitted, as outlined below.

B. Prior to all collaboration dates, teams will notify building administrator of the collaboration meeting agenda, time, and location. Building administrators may attend collaboration time as a team member. Collaboration will be conducted on district property and may use alternate means to meet, such as video conferencing.

C. Following collaboration, teams will document collaboration time usage to the building administrator or designee in writing through email or other similar means. The documentation will include a brief collaborative activity description and who was involved in the collaboration. The purpose of this communication is to share information, especially if future administrative action may be useful.

D. To provide sufficient time for collaboration, teams may bank collaboration time. Team members will be able to use the weekly 45-minute collaboration time for planning or other contractual duties in order to participate in a double-length (90 minutes) collaboration session with team members, either within a building or with other buildings.
E. Prior to banking collaboration time for a double-length collaboration team meeting, the dates of collaboration time banking and withdrawal will be documented to the building administrator. No more than two collaboration sessions may be banked at a time.

F. Committees may be created within each building to facilitate professional learning communities and collaboration time.

2.6 Sabbatical Leave

1. Upon application, up to two Moscow School District employees who have been employed for eight (8) or more continuous years shall be eligible for Sabbatical Leave without pay for one (1) year for the purpose of coursework for added endorsement or professional growth in the professional field of education.

2. An employee, upon return from Sabbatical Leave, shall have the right to employment within his/her certificated area unless restoration to the position(s) he/she vacated prior to the sabbatical leave was pre-approved by the Board of
Trustees, to the extent that such position exists. The returning employee shall be continued at the same position on the salary schedule as if he/she had taught in a district during such period. Insurance benefits shall remain in effect as if the employee were in an employed status by the Board. Sick leave days accumulated prior to the sabbatical leave and all other previously accrued benefits shall remain in effect as if the employee were in an employed status by the Board, but without additional accrual during the sabbatical. An employee who declines to return to District employment at the end of the sabbatical leave shall reimburse the District for the amount of insurance payments made during the leave. The employee must sign a contractual agreement to reimburse the school district the full amount of the insurance payments made in his/her behalf during his/her leave prior to being granted approval of the leave. The contractual agreement will include the date that the reimbursement must take place if the employee does not return to full employment.

3. Applications for sabbatical leave must be submitted prior to April 1 to the Board of Trustees for consideration at the regular April Board meeting.

2.7 Jury Duty/Witness Duty

Employees shall be granted, upon request, leave with full pay for jury duty. Employees are not to be penalized financially while on jury duty or under subpoena as a witness in a court matter. While serving jury duty or when under subpoena as a witness in a court matter, employees will receive full pay from the District in addition to any pay that they receive for court duty except when the employee is under subpoena as a defendant in a criminal action or a plaintiff in a civil action.

2.8 Elementary Job Sharing Leave

Voluntary elementary job sharing will be permitted with the following guidelines:

1. Job sharing teachers will request a “job share leave” annually.

2. Job sharing in which two teachers share one full time position will be voluntary, with each teacher working a .5 FTE contract.

3. All benefits shall be prorated at .5 FTE, including PERSI and insurance benefits.

4. Job sharing teachers shall be required to pay for the other portion of their insurance premium.

5. Job sharing will be allowed only between two renewable contract teachers within the same building and only with the approval of the Principal (and director, if applicable).
6. Job shares will have an additional annual evaluation and shall include indicators such as the ability of the individuals to maintain a positive learning environment for students and maintain a positive working relationship with each other, the building administrator and staff.

7. A job share proposal must be submitted by March 1, which shall include, at minimum:
   
   A. How the job share will be organized (semester, half days, or 3/2, 2/3, 2½/2½).
   
   B. Understanding that job sharing teachers must attend all teacher conferences, collaboration time, professional development and building meetings as required by the Principal. Teaming and district committees shall not be negatively affected by a job sharing situation.
   
   C. Understand that, in the event one of the partners is absent, a substitute will be hired.
   
   D. How parent input into class assignments will be managed.
   
   E. How particulars of the specific position will be managed.
   
   F. How conflict between the individuals will be managed.
   
   G. How dissolution will be managed within legal parameters and District regulations. Identification of who gets which position shall be stated in the application.

8. Each job sharing renewable contract teacher who has previously been a full-time renewable contract teacher has a right to a full-time position, if available. Notice of intent to return to a full-time position must be given to the Human Resources Department by March 1. It is not the intent of the job share provision to cause a Reduction in Force (RIF) situation anywhere in the District. The return from a job share to a full-time position cannot and will not result in another teacher losing his/her position due to a Reduction in Force.

9. Job sharing shall be limited to one (1) share per building.

10. Job sharing teacher applicants must meet the standard hiring practices of the District. The Principal and Director of Human Resources will establish guidelines for applications.
11. Job sharing applications shall be reviewed by the Principal and Superintendent or designee who will evaluate the proposal based on the advantages to student, advantages to district, advantages to the teachers involved, estimated probability of success, details of the division of responsibilities and manner of organization and sharing of time, and other instructional and administrative concerns.

12. Job Sharing Dissolution Procedures:
   
   A. If one partner is unable to fulfill the contract, the remaining partner shall assume full-time 1.0 FTE status.

   B. If one partner wishes to return to a full-time status, notice must be given by March 1 (identify who gets which position in the application).

   C. If, in years 2 or 3 of the job share, the administration dissolves the share, notice must be given to individuals by March 1 (identify who gets which position in the application).

   D. The job share dissolves at the end of the third year.

13. The Job Sharing Committee will be convened on an as-needed basis.

14. Elementary Specialists: Job sharing leave requests from elementary specialists will be reviewed by the Superintendent on a case-by-case basis. Inability to meet fair hiring practices, avoiding a Reduction in Force (RIF), or finding a suitable partner and/or leave replacement teacher may result in denial of application.

15. Subsequent to administrative review, job sharing leave requests shall be presented to the Board with the administrative recommendation for the Board to take action.

2.9 Association Leave

1. Duly elected delegates, not to exceed 12, of the Moscow Education Association, shall be allowed leave to attend, at Association expense, one regularly scheduled Idaho Education Association Delegate Assembly meeting per year. Substitute salaries shall be paid by the District at the rate of two (2) days leave per delegate for each assembly meeting. The Moscow Education Association will attempt to equalize delegates between buildings to assist with the procurement of substitutes. Notification of such leave shall be submitted by the Association to the affected director or principal who will make substitute requests, in writing, not less than five (5) days in advance of such.
2. Teachers who are officers or committee members of the professional education Association shall be allowed leave to attend meetings of such organizations. The District shall pay only substitute salaries for days of actual attendance at such meetings plus reasonable travel time. A maximum of 42 days per school year shall be authorized for this type of leave and shall be granted upon approval of the Association. In the event the district receives reimbursement for days taken under this provision, an equivalent number of days up to fifteen (15) days shall be credited back to the forty-two (42) days allocated.

3. MEA President or designee leave shall be granted upon request of the District or the MEA for attention to District or Association business. Substitute teacher costs will be paid by the District if attendance is at the request of the District. Substitute teacher costs will be paid by the Association if attendance is requested or required by the Association. All leave time over 30 minutes must be documented in AESOP under the heading of Association leave.

   Moscow School District No. 281
   650 N. Cleveland, Moscow, Idaho 83843

2. If the applicant is incapacitated to such an extent that he/she cannot personally apply for a grant, the applicant’s immediate supervisor or the applicant’s representative may apply on behalf of the applicant.

3. The Sick Leave Bank Committee will respond to each application for a grant in writing and, in the event the application is denied, will state the reason(s) for such denial.

4. The Sick Leave Bank Committee may require proof of incapacitation due to illness or accident. In this event, a signed statement attesting to his/her incapacitation from a licensed physician, osteopath, chiropractor or Christian Science practitioner shall be furnished to the Committee by the applicant.

5. A majority of committee members shall participate in order for the Committee to consider applications for grants or conduct other business. In case of a tie vote, the Chairperson shall cast the deciding vote.

To rejoin the Sick Leave Bank after a break in membership, the returning member shall contribute a two (2) day membership premium within the first thirty (30) days of the school year.

7. Continuing employees shall remain members of the Sick Leave Bank unless such employee withdraws by written notice within twenty (20) days of receiving the annual report.
3.2 **Sick Leave Bank**

1. The Sick Leave Bank will be considered a type of payroll protection insurance for the purpose of alleviating the hardship caused by absence from work necessitated by extended or recurring illness beyond the employee’s accumulated sick leave. Each benefitted employee of the District may participate in the Bank. The maximum number of days in the Sick Leave Bank at any one time shall not exceed 1250.

2. To participate, the employee shall contribute a membership premium of two (2) sick leave days within thirty (30) days of employment. Sick Leave days thus contributed as a membership premium shall be deducted from the individual’s Sick Leave entitlement and cannot be refunded. Continuing employees who are not currently Sick Leave Bank members may join by completing and submitting the Sick Leave Bank application to the District’s Payroll and Benefits Specialist by November 1. New members must contribute two days of sick leave, which will be deducted from their sick leave balance on their November pay stub. Employees who were once members and severed their membership are also required to contribute two days to rejoin the Sick Leave Bank and must apply by November 1. Employees who are less than full-time will be assessed at a rate that is proportional to their FTE.

3. **Definitions:**

   - **Fiscal Year:** July 1 to June 30, annually.
   - **Contract Year:** The year beginning with the date written in the employee’s individual contract and ending with the last day of work as noted in the contract and provided for by the school calendar.

5. The District will provide funding for Benefit Payments from the Sick Leave Bank.

6. Volunteers for the classified employee member shall be solicited, and then the member chosen by the District Business Manager after conferring with the
Committee Chair. Members of the committee are appointed for a two-year term. The Committee shall select a chair annually.

7. The purpose of the Committee shall be to review the Sick Leave Bank balance to maintain solvency of the Sick Leave Bank; review the eligibility criteria, operational guidelines, and procedural guidelines for the Sick Leave Bank annually; and to prepare an annual statement for members of the bank.

A. The committee shall determine the number of sick leave days each participant must contribute in order to keep the Bank solvent. It will be the responsibility of the Committee to notify the membership fifteen (15) continuous calendar days prior to an additional assessment made during any calendar year. This additional assessment is typically one-half (1/2) day and may not exceed two (2) days per Sick Leave Bank member.

B. The Committee will review the Operational and Procedural Guidelines, including the minimum balance for the Sick Leave Bank, and the eligibility criteria for sick leave bank applications annually to ensure they are non-biased and align to the Sick Leave Bank’s purpose stated in section 1. In reviewing the guidelines, the committee will address the following:

i. Minimum balance for the Sick Leave Bank
ii. Termination of membership – reasons and procedures
iii. Ensuring that the application and criteria are non-biased and aligned to the Sick Leave Bank purpose
iv. Required application documentation
v. Application procedures
vi. Maximum days allowed per request
vii. Procedures for unused days

After the review, the Committee will recommend any necessary changes to the Board of Trustees and the Moscow Education Executive Board for their approval. Upon approval, these Operational & Procedural Guidelines will be updated in the corresponding Board Policy appendix.

ARTICLE VI – PERSONNEL

6.1 **Right to Due Process**

Any employee, whose contract may be adversely affected, shall have the charges reduced to writing and delivered to him/her prior to any action being taken by the employer. A certified employee shall have the right to have a representative of his/her own choosing present during any hearing which may adversely affect his/her employment status. For further detailing of due process rights refer to Board Policy Section 4000 and Idaho Code 33-513 (5).

6.2 **Employment Safety and Health**

Employees will not be required to perform any duty or act, which threatens anyone’s physical safety or well-being.

6.3 **Personnel Files**

Personnel files shall be kept in accordance with Idaho Code.

1. No personnel records shall be kept on employees in any place other than in designated personnel files or electronic personnel files in the personnel office and in their base school, which records will be duplicated copies of the records in the personnel office files.

2. Material regarding an employee, which affects his/her evaluation or his/her continued employment that is presented to the administration by any parent, student, or other person shall be called to the employee’s attention within ten (10) working days of receipt of material. Said employee shall have the right to attach a response and supporting documentation to the original material.

3. Employees shall be entitled to review any documentation being utilized in disciplinary proceedings.

6.4 **Discipline/Reprimand**

No employee shall be disciplined or reprimanded without being given the reasons therefore by the person performing such act. Any employee so disciplined or reprimanded may reply by written statement and may request that such response be placed in said employee’s personnel file. For further information, refer to Board Policy Section 4000.
6.5 **Dismissal, Etc.**

No employee shall be reduced in compensation, non-renewed or dismissed or terminated otherwise than in accordance with requirements prescribed by statutes of the State of Idaho.

6.6 **In-service**

In order to improve the instructional program, the District shall maintain Professional Development Committee (PDC) comprised of at least as many teachers as there are administrative members. The committee shall survey district-wide staff to assess development needs. Survey results will be disseminated to the certified staff within 30 working days after the survey deadline. Using the survey results, the committee will plan in-service training programs, which will directly reflect district needs. In-service training programs will be identified for the ensuing school year no later than the last certified staff contract day. Teacher members of the PDC shall be elected by respective building teachers.

The State of Idaho supports two Professional Development days within the school year. These professional development days enable the district to provide, and certified employees to seek, activities such as workshops, in-services, and trainings that enhance best practices, improve instruction, increase professional knowledge, enhance student achievement, and meet district goals identified through the on-going accreditation process.

1. A certified employee who wishes to attend a workshop, in-service, or training outside of the district, must obtain approval, in writing from his/her building principal. The certified employee must submit a written request stating the name, location, cost of the in-service or training, and a brief explanation of how the choice will enhance student achievement and professional growth and/or address district goals identified through the on-going accreditation process. The application must further state how the cost will be paid (e.g. grant, district funds, self).

2. Principals will take into account the employee’s teaching assignment, the needs of the district, and the employee’s teaching certification, and shall respond within five (5) working days.

3. Approval of an alternative professional development opportunity to the district sponsored in-service, shall be granted if all of the following conditions are met and the request is submitted in a timely manner, as determined by the Professional Development Committee:
   - the in-service day is dedicated to collaborative work on district goals
   - the team’s (i.e., grade level team, department team, building team) work toward completing the assigned task has been completed prior to the in-service day
• a request form has been filled out and submitted explaining the alternative professional development opportunity, how it supports the teacher’s individual Professional Growth Plan, and how progress toward meeting that goal will be measured
• the request has been approved by the building administrator.

4. Upon return to the district, the employee will submit documentation or proof of attendance to his/her building principal.

6.7 Budgets

Copies of building equipment budgets and proposed teacher budgets shall be made available to all teachers by the building principals as soon as they become available.

6.8 Curriculum Review

The Curriculum Director shall appoint district certified personnel in their particular areas of specialization both in subject matter and grade level to develop and implement procedures for subject areas under review. Committee openings shall be posted and such appointments shall be filled from volunteers, if possible, for major curriculum areas under review.

6.9 Facilities

Changes in teaching facilities, whether remodel or new, shall, when possible, be designed after receiving suggestions and recommendations from those employees who will use the said facilities.

6.10 Selection of Building Administrators

Selection of building administrators for all openings shall be done with teacher input. Teachers shall be a part of the screening and interview committees. Teachers on these committees shall be chosen from interested volunteers in the building(s) affected.

6.11 Administrator Evaluation

A yearly evaluation of district administrator’s supervisors and coordinators who affect certified teacher activities will include formal input.

6.12 Academic Freedom and Responsibility

1. Meaningful education requires that teachers and students enjoy academic freedom and exercise academic responsibility. Academic freedom allows qualified teachers to present and encourage discussion of controversial issues. The goal of academic freedom is to foster critical thinking and the free exchange
of ideas in an atmosphere of mutual respect. With that freedom is a corresponding responsibility to discuss controversial issues only after giving consideration to the relevance of the subject matter to classroom or curriculum objectives, the maturity of students, and the fundamental values of the community.

2. Occasionally, material selected will be challenged or questioned by the public. In the interest of handling these complaints objectively and expeditiously, complainants will be referred to Board Policy 6078, “Challenged Material”.

6.13 Public Complaint Procedure

Basic Policy

The District will receive, address, and resolve complaints against District employees, staff members, and volunteers (hereinafter referred to as Employees) from parents, guardians, district patrons, citizen groups, and regulatory bodies (hereinafter referred to as Complainants) promptly and in a manner consistent with the District’s fulfillment of its legal duties and obligations. All participants in the resolution of a complaint shall observe professional conduct and confidentiality throughout the proceedings.

Procedures

The following procedures are established in order to accomplish the above stated goals. This policy does not address complaints that may be received concerning District policy or procedures that are addressed by administrative reviews, or other state or Federal regulations. Within this policy, the term “Major Participants” will refer to the complainant, the employee, and the employee’s immediate supervisor.

STEP 1. Receipt of Complaints
Upon receipt by a District Board or staff member of an oral complaint from a Complainant against an Employee, such shall be forwarded to the employee’s immediate supervisor who will make an initial determination as to whether or not the subject matter and nature of the complaint is appropriate for utilization of the following procedures. If a determination is made that the following procedures are not appropriate, the matter will be dealt with on a case by case basis in a manner that the Administrative staff believes best serves the interests of the District’s educational program. The response to written complaints will be the initiation of Step 2.

STEP 2. Notification of Supervisor and Employee
Written complaints and oral complaints which are deemed appropriate for these procedures shall be forwarded by the Administrative staff to the immediate Supervisor (hereinafter, Supervisor) of the Subject Employee. Within a period
not to exceed fourteen (14) calendar days following the Supervisor notification, the Supervisor shall notify the Employee.

STEP 3. Complainant-Employee Conference
Within a period not to exceed fourteen (14) calendar days following the date the Employee is notified, the Supervisor shall schedule a conference between the Complainant and the Employee. The Complainant-Employee Conference shall be scheduled for the earliest date, time, and location acceptable to both parties, and shall convene within twenty-eight (28) calendar days following the date the Employee is notified. The employee and complainant shall meet in private (if both parties are in agreement) in order for them to discuss the nature of the complaint and to jointly explore potential solutions.

STEP 4. Complainant-Employee-Supervisor Conference
Following the Complainant-Employee Conference (STEP 3), either party may elect to have a conference between the Complainant, Employee, and Supervisor. Where possible, the Complainant-Employee-Supervisor Conference shall be scheduled by the Supervisor within a period not to exceed fourteen (14) calendar days. The Complainant-Employee-Supervisor Conference shall be scheduled for the earliest date, time, and location acceptable to all parties and shall convene within twenty-eight (28) calendar days following the date of the Complainant-Employee Conference.

Any party may elect to present written statements from others for use at this Conference. If any one of the Major Participants is not satisfied with the results of this conference, such participant may elect to call for a subsequent conference between the Complainant, Employee, and Superintendent. See STEP 5.

STEP 5. Complainant-Employee-Supervisor-Superintendent Conference
Following the Complainant-Employee-Supervisor Conference (STEP 4), any of the Major Participants may elect to call a conference between the Complainant, Employee, Supervisor, and Superintendent. This Conference where reasonably possible, shall be scheduled by the Supervisor within a period not to exceed fourteen (14) calendar days following the date of the Complainant-Employee-Supervisor Conference. The Conferences should be scheduled for the earliest date, time, and location acceptable to all parties, and when reasonably possible, should convene within twenty-eight (28) calendar days following the date of the Complainant-Employee-Supervisor Conference. Any Major Participant may have others present at this conference. The identities of the others will be set forth by the participant fourteen (14) calendar days prior to the Conference. The Superintendent will report the outcome of the Complainant-Employee-Supervisor-Superintendent Conference to the Board of Trustees no later than
the next regularly scheduled Board meeting, in writing or in person, during an executive session.

Any Major Participant not satisfied with the results of this Conference may exercise the Major Participant’s available legal options or may petition the Board for an audience in Executive Session, which may or may not be granted by the Board. The materials and information related to the matter, which have been accumulated as a result of the utilization of these procedures, will be made available to the Board upon request if such audience is granted.

At any time after STEP 2 that the complaint is resolved a memorandum of the agreed upon resolution shall be prepared by the Administrative Staff and distributed to the Major Participants and lodged in the Employee’s personnel file. The employee may respond to such memorandum in writing within five (5) working days and have such response placed in their personnel file. The memorandum shall set forth the specific actions or inactions, if any, expected of the Employee, Complainant, or other parties. Should the Complainant, Employee, or other party determine that the terms of the agreement are not being met, that person may elect to re-initiate the procedures.

Anonymous complaints regarding materials or methodology shall be forwarded to the employee’s immediate supervisor for discussion with the employee. Complaints, anonymous or otherwise, shall not serve as the sole basis for comments on the evaluation of a Professional Employee unless the employee has been made aware of the complaint and has been afforded the opportunity to respond in person to the complainant and the immediate evaluating supervisor.

6.14 Grades

Grades given a student by a teacher, if properly achieved and credited, shall be final and not subject to alteration except for changes deemed appropriate by the administration in conjunction with the individual teacher if the teacher is currently employed in the District.

6.15 Monitoring

All monitoring or observation of a bargaining unit member’s work performance shall be conducted openly and with a full knowledge of the teacher. The use of eavesdropping, public address, audio systems and similar surveillance devices shall be strictly prohibited.

6.16 Teacher Evaluation

As a part of the Teacher Evaluation, an individual Professional Growth Plan must be completed by all certified staff no later than October 1. Each individual Professional
Growth Plan must include a district, building/program, and personal goal. The district and building/program goals will be required to be aligned to goals identified in the district strategic plan. Personal goals may be specific to the individual’s professional needs, and do not need to be aligned to the district’s strategic plan. The District agrees to follow the teacher observation and evaluation policy specified by Idaho Code. Future revisions of the policy will be done jointly by the MEA and the District.
ARTICLE VII – FRINGE BENEFITS

7.1 Fringe Benefits

1. The District will provide an I.R.S. Section 125 cafeteria plan, developed in combination with the Insurance Committee. A copy of the plan will be made available to each certificated employee upon request and posted on the District intranet. In addition, a list of allowable deductions will be provided each teacher and meetings will be held in each building to explain the plan once each semester. District funding for fringe benefits will be $852.00 MSD beginning August 30 of the school year this Agreement is in effect.

2. Benefits will be prorated for employees working half-time or more.

3. If a certificated employee opts for benefits costing less than the amount provided by the District, the amount not used will be included in the employee’s monthly salary.

4. The District will reimburse the cost of a certified employee’s State of Idaho recertification fee.
ARTICLE VIII – REDUCTION IN FORCE

8.1 Basic Policy

The provisions of this Article apply only to a district-wide reduction of staff.

Reduction in certificated staff shall occur when it is the decision of the Board of Trustees of the School District that one or more of the following has occurred:

1. A substantial reduction in funds, which will be available to the School District for maintenance and operation and such reduction cannot be avoided by the exercise of the Board’s taxing powers, but not including levy elections, which require voter approval for additional funds.

2. A substantial reduction in total pupil enrollment.

3. The discontinuance by the Board of Trustees of a particular type of teaching service, class or course of study, provided that such discontinuance is not for discriminatory reasons.

4. A significant reduction or elimination of categorical funds for specific programs offered by the District.

8.2 Determination of Vacant Positions

The District will determine as accurately as possible the total number of certificated staff members known as of May 27 leaving the District for reasons of retirement, family transfer, normal resignations, leaves, discharge or nonrenewable contract status, and these vacancies will be taken into consideration in determining the number of available certified positions for the following school year. Vacant positions will be filled by reassigning currently employed staff members within the District unless by reason of certification, training and/or experience, no qualified person is available. The services of no renewable contract employee may be terminated under the provisions of this policy while any probationary employee is retained to render a service, which said renewable contract employee is certified to render.

8.3 Selection

Certificated employees shall be considered for retention in available positions within the categories for which they qualify through compliance with state and federal education requirements or properly endorsed Highly Qualified instructors in the classroom. In the event that there are more qualified employees than available positions, the following criteria shall be used to determine which employees shall be recommended for retention:
1. Number of areas of certification for which the teacher is certified, endorsed and highly qualified.

2. The number of years of certified experience within the District. Seniority shall be determined by full contract years or fraction thereof. Seniority shall be calculated from the date when the employee rendered paid service under certification. When any certificated employee shall have resigned or been dismissed for cause and then later re-employed by the District, the date of employment shall be deemed to be the date on which the employee first rendered paid service after re-employment. In the event two or more certificated teachers have the same certification, endorsement, and highly qualified status the employee with the greatest number of uninterrupted contract service years in the District shall be given higher retention status. In the event two or more certificated teachers have the same seniority, that teacher who has had additional experience as a paid instructional aide of the District will be considered as having the higher seniority.

3. Teacher evaluation, including compliance with professional standards and conduct, previous exemplary evaluations and the components required by the Idaho Code to be encompassed in teacher evaluation.

4. Contribution and/or involvement in leadership positions, extra-curricular or co-curricular positions.

5. Educational attainment/degree status including attainment of National Certifications. Educational attainment is defined as the (greater) number of college or university credits and degree status beyond the bachelor’s degree as recognized by the District for placement on the salary schedule (a quarter credit is equal to two-thirds of a semester credit). Degree status is defined as the advanced degrees earned beyond the initial bachelor’s degree.

8.4 Advanced Notice

1. The District will prepare a list, by seniority and endorsement, of all staff members annually by November 15. The staff members will have an opportunity to verify placement on each list prior to action by the District. Copies of this list will be available for review in each school building.

2. The District shall provide ten (10) working days advanced notice to all teachers who may be released under the possible Reduction in Force, based upon the number of teachers who may be released, in full or in part, as well as the school programs, teacher positions, or categories of positions that may be affected.
A. Upon receipt of such notification, it is recommended that the certificated employee review his/her file materials with the Human Resources Department to ensure that the District has accurate information relating to the various criteria listed above. The District will provide information (within two (2) working days) upon request.

B. If a certificated employee believes that his/her file materials are not accurate, the employee shall notify the Human Resource Department in writing within ten (10) working days of receipt of notice of the possible Reduction in Force. The written notice shall specifically identify what element or elements of the certificated employee’s file and criteria listed above are believed to be inaccurate. Should a certificated employee fail to inspect his/her file and fail to report inaccuracies to the Human Resource Department, the certificated employee will not have the opportunity to subsequently correct such information after the Reduction in Force has been implemented.

8.5 Employment Pool

All certificated staff members who are not recommended for retention shall be terminated from employment and placed in an employment pool for possible re-employment. The District will, at the time of termination, provide the employee written notice of rights and responsibilities under this section.

Employment pool personnel will be given the opportunity to fill open positions within the categories for which they are qualified as provided in this policy. If more than one such staff member is qualified for an open position, the criteria set forth in “Selection,” shall be applied to determine who shall be offered such position.

1. It shall be the responsibility of the administrative office to send letters to employment pool personnel by February 1 of the succeeding year, asking if said members wish to remain in the employment pool. Persons who do not respond to this letter shall be dropped from the employment pool as of March 1.

2. When a vacancy occurs for which a person(s) in the employment pool qualifies, notification from the School district to such individual will be mailed by certified mail, return receipt requested. If a teacher fails to respond within ten (10) days after receipt of the above notice of recall, the offer of the position will be deemed to have been refused.

3. The aforesaid right to re-appointment may be waived by the employee, without prejudice, for not more than one school year, unless the Board extends this right, but such waiver shall not deprive the employee of the right to subsequent offers of re-appointment while a member of the employment pool. The employee
placed in the pool must initiate waiver requests for the school year, and such requests must be received and acknowledged by the Superintendent. At the termination of a requested one-year waiver, the individual will be eligible for re-employment as a member of the employment pool for a period of twelve (12) months.

4. A certificated employee who is terminated will remain in the employment pool for twenty-four (24) months after the effective date of termination unless the employee:
   A. Waives recall rights in writing;
   B. Resigns; or
   C. Fails to report to work in a position that has been accepted by the employee within ten (10) days after receipt of the notice of recall by certified mail, return receipt requested, unless such employee is sick or injured. If a certificated employee has secured temporary employment elsewhere, fifteen (15) additional days will be allowed before the employee is required to report for work.

5. The District will utilize employment pool personnel who register as substitutes in positions for which they are qualified on a first priority basis before hiring other substitutes.

6. While in the employment pool, a certificated employee will have the option of remaining an active participant in the district medical/dental programs at the employee’s own expense, provided this option is made available by the company who is the District’s insurance carrier at that time.

8.6 **Re-Appointment**

1. Should any employee who is terminated under Article VIII, 8.1, Basic Policy, be reappointed, the period of absence shall be treated as a leave of absence and shall not be considered as a break in the continuity of service within the District. The employee shall retain the classification and date of employment, which was effective when the services were terminated.

2. All benefits to which a certificated employee was entitled at the time of layoff, including unused accumulated sick leave, credits toward sabbatical eligibility, and placement on the proper step of the salary schedule for the current position according to experience and education, will be restored should the employee return to active employment.

3. A certificated employee will not receive increment credit for time spent on layoff nor will such time count toward the fulfillment of time requirements for acquiring renewable contract.
4. Notwithstanding any other provision in this policy, the Board will fill no vacancy in a certified teaching position until the procedures set forth in this policy have been followed.
ARTICLE IX – GRIEVANCE PROCEDURE

9.1 Preamble

Most personal and professional problems which arise during the day to day operation of our schools can be solved by an informal conference between teachers or between a teacher and the principal.

A teacher with a grievance shall first seek resolution of the problem through a conference with the principal or immediate supervisor.

9.2 Definitions and Time Limits

1. A grievance is a claim by an employee, or the Association on the employee’s behalf, that there has been a violation, misinterpretation, or misapplication of the terms of this Agreement, denial of an employee’s right to due process, release or discipline without just cause, or a violation, misinterpretation or misapplication of an established policy or practice of the Board of Trustees.

2. All time limits shall consist of working days; except that when a grievance is submitted less than ten days before the close of the current school term, the time limit shall consist of all weekdays in order that the matter may be resolved before the close of the school term, or as soon thereafter as possible. Working days for purposes of the grievance procedure shall mean teacher employment days. Day one (at each step of the grievance) shall be the first working day following the receipt of the grievance.

3. At the request of the employee, one Association representative shall be present at any meeting, hearing, appeal or other proceeding relating to the grievance, which has been formally presented. No employee shall be required to discuss any grievance if the Association representative is not present.

4. Nothing contained herein shall be construed as limiting the right of any employee having a grievance to discuss the matter informally with the supervisor, the Board of Trustees, or its designated representative, and having the grievance adjusted without intervention of the Association; provided also that the Association will be notified of the adjustment and that the adjustment is not inconsistent with the terms of any negotiated agreement.
9.3 Procedures

Step 1:
Within thirty (30) working days of the time an incident arises, or knowledge thereof exists, the employee will present the potential grievance to his/her principal, immediate supervisor, or the administrator whose decision caused the alleged incident. Within three (3) working days after the presentation of the grievance, the supervisor shall give an answer orally to the employee. The appropriate administrator shall record the date of the answer.

Step 2:
1. If the incident is not resolved in step one, the grievant within fifteen (15) working days of the presentation of the grievance may submit to his immediate supervisor in writing a “Statement of Grievance” on the form provided in Board Policy Section IV. Copies of the “Statement of Grievance” shall be sent to the Superintendent and/or his designee and the President of the Association.

2. A statement of grievance shall name the employee involved; shall state the facts giving rise to the grievance; shall identify by appropriate reference all the provisions of this Agreement, due process rights or just cause, or established policy or practice of the Board of Trustees alleged to have been violated; shall state the contention of the employee with respect to these provisions; and shall indicate the specific relief requested.

3. Within five (5) working days after the supervisor receives the “Statement of Grievance” a meeting shall be held which shall include the employee, a representative of the Association at the employee’s discretion and the supervisor.

4. Within five (5) working days after the meeting, the supervisor shall communicate an answer in writing to the grievant. Copies shall be submitted to the Superintendent or designee and the President of the Association.

Step 3:
1. If the grievance is not resolved in Step 2, the grievant, and/or the Association may, within ten (10) working days of receipt of principal’s, or appropriate administrator’s answer, appeal the decision to the Superintendent. A copy of the appeal shall be given to the principal, or the appropriate administrator and the Association at the same time.
2. Within fifteen (15) working days after the Superintendent receives the “Statement of Grievance,” a meeting shall be held which shall include the employee, a representative of the Association at the employee’s discretion the supervisor, and the Superintendent.

3. If the grievance is due to a specific Board action, then the employee, supervisor, or the Superintendent, wishing to seek impartial input, may request mediation. The mediator shall be selected and compensated in the same method as used for mediation of Article 1.11. Within five (5) working days after the request is made, the representatives of the two/three parties shall jointly schedule a mediation meeting. Participants shall include the employee, his or her representatives, district representatives, and the mediator. Neither party may present any material or allegation that was not presented in Step 2. Cost of the mediator shall be split equally between the Association and the board. Within five (5) working days after the meeting, the mediator shall communicate his/her recommendation in writing to the grievant, the Association, the supervisor, the Superintendent, and the Board of Trustees.

4. The Superintendent or his/her designated representative shall give the grievant and/or the Association an answer in writing no later than ten (10) working days after the meeting in step 2 or 3. If further investigation is needed, additional time may be allowed by mutual agreement of the Superintendent and the grievant.

Step 4:

1.
