Conferences between employee and evaluator should be held periodically through the year to discuss job performance. A procedure for remediation with specifically stated methods to correct weaknesses and/or prepare employees for future promotion will be part of these conferences. Refer to Hansen School District Policy 5340.

ARTICLE IX GRIEVANCE PROCEDURE

9.1 PURPOSE

The purpose of this procedure is to provide prompt and equitable resolution of the grievance at the lowest possible administrative level. Both parties agree that these proceedings will be kept as informal and confidential as may be appropriate at any level of the procedure.

Nothing in this procedure will be construed as limiting the right of the grievant to discuss the matter informally with the appropriate member of the administration and having the grievance adjusted, provided that the adjustment is consistent with the terms of this Agreement and Board Policy.

Each certificated employee will be assured an opportunity for orderly presentation and review of grievances without fear of reprisal.

9.2 DEFINITIONS

A grievance is a written claim alleging a violation, misrepresentation, or misapplication of any District rule, regulation, or policies affecting employment conditions of the Master Agreement between the District and the teachers' association.

The aggrieved person has the right to be represented at each step of the procedure by any person or persons of his or her choice. However, the aggrieved person must be present at all levels of the procedure.

9.3 TIME LIMITS

A day will be defined as a business day as defined by the school calendar.

9.4 GRIEVANCE PROCEDURE

A staff member with a grievance is encouraged to first discuss it with their immediate supervisor, with the objective of resolving the matter promptly and informally. An exception is that complaints of sexual harassment or violation of any other protected status should be discussed with the first line administrator that is not involved in the alleged harassment. This attempt at informal resolution is not a required component of the grievance policy but is suggested in an effort to attempt to resolve disputes informally.

Step One--If the grievance is not resolved informally, and the grievant wishes to continue to seek to address the grievance, the grievant shall file the written grievance with his or her immediate building principal. The written grievance shall state:

1. The policy or provisions the employee believes were violated;
2. The alleged date of violation;
3. The actor involved in the alleged violation; and
4. The remedy requested by the employee.

The written grievance must be filed with the immediate building principal within twelve (12) days of the date of the event allegedly giving rise to the grievance.

Step Two--The immediate building principal or designee shall meet with the grievant within eight (8) days of the filing of the grievance. The grievant may have an Association representative at the meeting. Within a period of eight (8) days, the principal shall provide the grievant with a written response to the grievance of the certificated employee.

Step three--If the grievant is not satisfied with the decision of the principal or designee, the individual shall have a period of four (4) days to advance the grievance to the Superintendent by submitting a written objection to the decision with the Superintendent.

If the principal or designee does not provide a written response to the grievance at the conclusion of eight (8) days and no extension of this time period has been agreed to between the grievant and principal or designee, the grievance shall be advanced to the Superintendent without written response of the principal or designee.

Upon receipt by the Superintendent, the Superintendent or a designee shall schedule a meeting with the grievant. The Superintendent or designee shall, within a period of eight (8) days, unless an extension is mutually agreed upon, decide the matter notifying all the parties in writing of the decision including reasons for the decision. The decision of the Superintendent or designee shall be controlling, regardless of whether it is in agreement or in disagreement with the decision of the principal.

Step Four--If the grievant is not satisfied with the decision of the Superintendent, the Board is the next avenue for appeal. A written appeal must be submitted to the Board within four (4) days of receiving the Superintendent's decision. Upon receipt of a written appeal of the decision of the Superintendent, the Board shall schedule a hearing for consideration not later than their next regularly scheduled meeting. The parties in interest shall have the right to include the representation of such witnesses as they deem necessary to develop fact pertinent

to the grievance. The Board shall render a decision in writing to all parties within four (4) days of the conclusion of the hearing(s). The decision of the Board will be final. However, there is nothing that precludes the grievant from taking legal action.
