A Professional Employee will be allowed to be considered in all positions for which he/she is properly credentialed or endorsed. In such considerations however, there will be no misassignments or alternative authorizations considered.

The Professional Employee will be provided with a copy of such draft profile for review. If the Professional Employee believes there is an error in their profile, such alleged error must be brought to the attention of the District’s Office, in writing, within five (5) working days of the issuance of the draft profile. The alleged error shall specifically identify what element(s) of the profile is believed to be in error. Professional Employees currently on Leave of Absence at the time this process is ongoing will be notified of the draft and final profiles based upon their last year of active employment with the District. Such notifications will occur through the District Office.

- (f) If through utilization of the point system there is a tie between two (2) or more parties who are subjected to possible reduction consideration the decision as to which employee(s) will be subject to the reduction in force shall be based on employee seniority in months of total professional service with the District.

- (g) If the Board considers reduction/elimination/non-renewal of the contract of a Professional Employee as part of the reduction in force, it shall authorize the Superintendent to notify the Professional Employee, in writing, via certified mail or hand delivery that the reduction/elimination/non-renewal of the Professional Employee's contract is under consideration. Such employment shall solely be considered that of a classified/non-certificated employee and not as a Professional Employee.

Professional Employees who are subjected to the reduction and do not receive a Teaching contract with the District for the next ensuing may be eligible for consideration for substitute assignments at the current substitute daily rate of pay and shall be on substitute status rather than Professional Employee status and will be employed in accordance with School District Regulation (Assignments: Substitute Teachers) and Policy (Employment of Substitutes and Part Time Employees).

Any renewable contract employee laid off pursuant to this Reduction in Force will have recall rights for one (1) calendar year from the effective date of the layoff. Such recall rights or

opportunities will occur in the reverse order of the layoff. When the District determines that a position is available for which an individual is qualified, the District will attempt to contact the former employee for a period of seven (7) calendar days by person and certified mail.

The employee will have ten (10) calendar days after being contacted to accept or reject, in writing, the contract offer. If the District is unsuccessful in contacting the employee during the seven (7) calendar days, or if the employee rejects the contract offer, the employee forfeits any future recall rights and the District will offer the position to the next qualified person on the recall roster. It will be the responsibility of each former employee of the recall roster to provide a current mailing address, place of residence, and telephone number, or other means by which to contact the former employee.

The recalled employee will return with no loss of prior service credit placement on the current salary schedule. Any employee who has been recalled is entitled to credit on the salary schedule for any contracts and/or teaching experience with an accredited institution gained during the layoff and for additional college course-work completed.

Each teacher placed on leave of absence as aforementioned shall be reinstated in reverse order to reduction for new positions opening for which the teacher is certified and qualified.

Teachers with less than full time contracts shall be given the same consideration as teachers with full time contracts.

At the conclusion of the twenty-one (21) working days, the Association President shall take all received challenges, if any, to the District's Office for review and consideration of edits. A final Seniority Listing shall be developed subsequent to any corrections to the original Seniority Listing.

From the date of finalization of the Seniority Listing completed through the process detailed herein, any subsequent additions or modifications to the Seniority Listing associated with personnel changes at the District shall be the responsibility of the Association. If the Association desires to re-issue a Seniority Listing or maintain a Seniority Listing in subsequent months or years is solely a determination to be made by the Association.

Solely for the purposes of this Listing, Date of Employment shall be defined as the first day, the Professional Employee reported to work for pay in a Certificated Position with the District.

Solely for the purposes of this Listing, Districtwide Seniority shall be defined as the length of continuous service with the District in any Certificated Position (administrative or teaching). A District-approved Leave of Absence does not exceed one (1) school year.
