PREAMBLE

THIS AGREEMENT is made and entered into by and between Vallivue School District No. 139 Board of Trustees (hereinafter called the "Board") and the Vallivue Education Association (hereinafter called the Representative Association).

The Board and the Representative Association recognize that providing a high quality education for the children of Vallivue School District 139 is the paramount objective of the School District. The Board and Representative Association further recognize that the best interests of public education will be served by a spirit of cooperation between the Board of Trustees and the teachers and the maintenance of free and open exchange of views in determining and resolving matters of mutual concern. In doing this it is understood that:

The Board is elected by the qualified electors of the School District as the governing body of the School District and, as such, possesses all powers delegated to a Board of Trustees or to a school district by the Constitution and laws of the State of Idaho, together with the duties imposed thereby. These cannot be negotiated to another person or association.

The Superintendent is the chief executive officer of the School District, and as such, administers the affairs and programs of the School District as provided by law and Board policy. He is expected to know the problems and thinking of both the teachers and the Board, and to counsel and advise each, and to help them achieve mutual understanding in order to attain a harmonious, effective, high standard educational system within the financial means of the District.

While providing education of the highest possible quality for the pupils of the School District is a shared responsibility, it is recognized that the teachers have a significant role as a result of direct contact with pupils, therefore, the high morale of the teaching staff, which depends on the willing services of well-qualified teachers who are satisfied with the conditions provided by the Board, is a necessity for the best education of the children.

Attainment of the objectives of the educational program conducted in the Vallivue School District 139 Public Schools requires mutual understanding and cooperation between the Board and the Representative Association.
