The following steps will be used in the event that involuntary transfers become necessary:

1. Principals will explain the need for the transfer and ask for voluntary transfers.
2. If the number of employee volunteers is not adequate, the principal may consider a variety of factors in deciding involuntary transfers. These factors may include, but are not limited to, the number of years of teaching experience, area of specialization, experience in team-teaching techniques or the principal's need to create balance within a grade level or subject area(s).
3. Each involuntary transferee shall receive a written rationale for his/her transfer at the time of the notification of the transfer.

ARTICLE XII RECALL OF CERTIFICATED EMPLOYEE

Any certificated employee released pursuant to a Reduction in Force shall be automatically reinstated if a similar position for which the employee is Highly Qualified becomes available within ninety (90) days of the date of release.

ARTICLE XIII EVALUATION OF CERTIFICATED EMPLOYEE

Purpose:

West Bonner County School District (WBCSD) has developed a teacher evaluation model that is aligned to state standards and based on the Charlotte Danielson Framework for teaching domains and components of instruction. The purpose of an evaluation plan is to provide a fair, reliable, valid, and transparent evaluation process that enhances and supports instructional practices in the classroom, and is a means to assess teacher performance as required by state statute.

Definitions:

Observation: Idaho Code 33-514 states that "There shall be a minimum of one (1) written evaluation in each of the annual contract years of employment, which shall be completed no later than June 1 of each year. The evaluation shall include a minimum of two (2) documented observations, one (1) of which shall be completed prior to January 1 of each year. The requirement to provide at least one (1) written evaluation does not exclude additional evaluations that may be performed."

Documented observations may be a minimum of 3 walkthroughs or a formal observation, and/or a combination of the two formats.

Walkthrough observations are short (5-15 minutes) documented classroom visits. A minimum of three (3) walkthroughs combined may serve as a complete observation.

Formal observations include a pre-conference, observation (minimum of full lesson or at least 45 minutes) and post-conference. A teacher in his/her first and second year in the profession will have a minimum of one formal observation per year.

Professional Practice: The professional practice portion of evaluation is based on Domains 1-4 of Danielson. This portion of the evaluation is 67% of the total evaluation and is based on evidence from observations and professional portfolio.

Student Growth Measures: Thirty-three percent (33%) of the evaluation of certificated personnel will be based on student achievement data, as stated in each teacher's certified professional learning plan/goals. Instructional staff evaluations must include measurable student achievement as defined in Idaho Code Section 33-1001, applicable to the subjects and grade ranges taught by the instructional staff. All other certificated staff evaluations must include measurable student achievement or student success indicators, as defined in Idaho Code 33-1001, as applicable to the position. This portion of the evaluation may be calculated using current and/or past year's data and may use one (1) or multiple years of data.

Professional Learning Plan: Ongoing learning and growth are an expectation of professional educators. A professional growth plan establishes professional practice targets and means of achieving growth. Professional Growth Plans are based on student achievement and may be developed by a grade/content team.

Portfolio: The professional portfolio is made up of artifacts collected by the teacher. These may include, but are not limited to, parent contact logs, newsletters, student work samples, collaboration agendas, lesson plans, student tasks, professional learning, parent or student survey data and reflections.

Evaluator:

The primary responsibility for the evaluation of personnel lies with the direct supervisor. Normally this will be the building principal. The principal may recruit assistance in performing observations and collecting data from other qualified administrators. The individuals assigned this responsibility shall have received training in conducting evaluations based on the statewide framework for evaluations within the immediate previous five (5) years of conducting any evaluations. In the case that instructional personnel serve under the direct supervision of multiple administrators, the primary evaluator may recruit assistance in performing observations and collecting data from those administrators.

Evaluation Criteria:

- All certificated instructional personnel will be evaluated on this plan. WBCSD certificated instructional personnel will be evaluated from criteria drawn from the Charlotte Danielson Framework for Teaching. Domains and components of instruction. These domains include the following:
- **Note: Pupil personal staff will be evaluated based on appropriate rubrics from the Charlotte Danielson Framework for Teaching Second Edition. Forms may be found on the district website or with the building administrator.**
- The evaluation shall be based upon direct observation of the evaluator(s)/designee and documentation contained in the portfolio.
- The evaluator may not raise any issues, concerns, or deficiencies in the final evaluation that have not been previously addressed and documented.

Evaluation Forms:

The board commits to ensuring that all forms and policy related to evaluation (including evaluation forms, formal observation form, walk-through observation form, all rubrics used for evaluation scoring and identification of any areas of emphasis) will be in place prior to the first day of school or within 20 working days in the event of a change in state or federal law. All forms will be provided electronically to certified staff via email. Forms and criteria for improvement plans will be included in the information provided.

Evaluation Scoring:

For each component:

- Unsatisfactory = 1
- Basic = 2
- Proficient = 3
- Distinguished = 4

Domain rating will be the average of the domain components.

- Distinguished = 3.5 to 4.00
- Proficient = 2.50 to 3.49
- Basic = 2.00 to 2.49
- Unsatisfactory = 1.00 to 1.99

Overall summative rating (The weighted average of all components):

- Distinguished = 3.5 to 4.00

- Proficient = 2.50 to 3.49
- Basic = 2.00 to 2.49
- Unsatisfactory = 1.00 to 1.99

Communication of Results

Each evaluation shall include a meeting with the affected employee to communicate evaluation results. At the scheduled meeting with the employee, the supervisor will:

- Discuss the evaluation with the employee, emphasizing strong and weak points in job performance.
- Commend the employee for a job well done if applicable and discuss specific corrective action if warranted.
- Set mutual goals for the employee to reach before the next performance evaluation.
- Recommendations should specifically state methods to correct weaknesses and/or prepare the employee for future promotions.
- Allow the employee to make any written comments he/she desires.
- Inform the employee that he/she may turn in a written rebuttal/appeal of any portion of the evaluation within seven (7) days and outline the process for rebuttal/appeal.
- Have the employee sign the evaluation form indicating that he/she has been given a copy and initial after supervisor's comments.

No earlier than seven (7) days following the meeting, if the supervisor has not received any written rebuttal/appeal, the supervisor will forward the original evaluation form in a sealed envelope, marked Personnel-Evaluation to the Superintendent, or the designee, for review. The supervisor will also retain a copy of the completed form.

Appeal

Within seven (7) days from the date of the evaluation meeting with their supervisor the employee may file a written rebuttal/appeal of any portion of the Evaluation. The written rebuttal/appeal shall state the specific content of the Evaluation with which the employee disagrees, a statement of the reason(s) for disagreement, and the amendment to the Evaluation Form requested.

If a written rebuttal/appeal is received by the supervisor within seven (7) days, the supervisor may conduct additional meetings or investigative activities necessary to address the rebuttal/appeal. Subsequent to these activities, and within a period of ten (10) working days, the supervisor may provide the employee with a written response either amending the Evaluation Form as requested by the employee or stating the reason(s) why the supervisor will not be amending the Evaluation Form as requested.

If the supervisor chooses to amend the Evaluation as requested by the employee then the amended copy of the Evaluation will be provided to, and signed by, the employee. The original amended Evaluation will then be forwarded to the Superintendent, or the designee, for review in a sealed envelope, marked Personnel-Evaluation. The supervisor will also retain a copy of the completed form.

If the supervisor chooses not to amend the Evaluation as requested by the employee then the Evaluation along with the written rebuttal/appeal, and the supervisor's response, if any, will be

forwarded to the Superintendent, or the designee, for review in a sealed envelope, marked Personnel-Evaluation. The supervisor will also retain a copy of the completed evaluation including any rebuttals/appeals and responses.

Personnel Actions

Each evaluation will include identification of the actions, if any, available to the District as a result of the evaluation as well as the procedure(s) for implementing each action. Available actions include, but are not limited to, recommendations for renewal of employment, non-renewal of employment, professional improvement plan, probation, and others as determined. Should any action be taken as a result of an evaluation to not renew an individual's contract the District will comply with the requirements and procedures established by State law.

Monitoring and Evaluation

The Superintendent, or the Superintendent's designee, shall have the overall responsibility for the administration and monitoring of the Performance Evaluation Program and will ensure the fairness and efficiency of its execution.

Collecting and Using Data

Permanent records of each certificated personnel's evaluation and any properly submitted rebuttal/appeal documentation will be maintained in the employee's personnel file. All evaluation records, including rebuttal/appeal documentation, will be kept confidential within the parameters identified in State and federal law regarding the right to privacy.

ARTICLE XIV PROFESSIONAL PLAN OF IMPROVEMENT

Purpose

It is the desire of the Board and WBCEA that every certificated employee in WBCSD is performing in a highly effective and competent manner. It is also the belief of the Board and WBCEA that every certificated employee of the district can continuously improve their professional practices as defined by the Charlotte Danielson Evaluation Model.

Procedure

Generally, a satisfactory level of growth in professional practices can be accomplished through personal reflection and informal conversations with the principal/supervisor or other educational professionals. In the event that a certificated employee demonstrates a continued lack of competence in professional practices, a formal meeting between the certificated employee and principal/supervisor, documented in the employees working file, shall be conducted. The principal/supervisor shall then take affirmative action to correct any cited deficiencies. Such action shall include specific recommendations for improvement, direct assistance in implementing such recommendations, and adequate released time for the certificated employee to visit and observe other similar classes that have been determined to be highly effective.

After a minimum of ten (10) working days, a formal observation and evaluation may be conducted to determine if growth has occurred.

In the event that a formal evaluation indicates that a certificated employee is rated "Unsatisfactory" in one (1) or more component or "Basic" in five (5) or more components, or "Basic" in any one (1) domain as defined in the Danielson Evaluation Model, the principal/supervisor will meet with the employee and may develop a plan designed to improve the employee's competency in the deficient domain/components.

A Professional Improvement Plan should be developed collaboratively with the certificated employee and principal/supervisor. The certificated employee may have representation at all stages of the development, implementation, and conclusion of the Professional Improvement Plan.

The Professional Improvement Plan shall:

- identify specific competence areas in need of improvement.
- identify expected outcomes and evidence of success.
- provide a timeline identifying target dates for showing improvement and completion of plan.
The plan shall be in place a minimum of six (6) weeks and should not exceed one (1) semester in length.
- identify district supports that will be provided to help the certificated employee meet the goals of the plan.
- ensure that all individuals identified in the plan are held accountable for its implementation.

With the consent of the affected certificated employee, the Professional Improvement Plan may include a request for assistance from a mentor or intervention team.

In no event shall a Professional Improvement Plan require a certificated employee to:

- satisfy performance criteria other than those identified in the Danielson Evaluation Model.
- tape record or video tape any lesson conducted by the employee.
- be monitored or evaluated by use of any electronic device.
- have non-supervisory personnel observe or evaluate the employee.
- purchase any publication, supplies, or equipment.
- enroll in any class, program, or activity at the employee's expense not recognized for credit for salary schedule placement.
- require employee expenditures for tuition, books, or materials.
- involve student participation different from the normal classroom role.

Final copies of the Professional Improvement Plan shall be signed by the certificated employee and principal/supervisor. One copy shall go to the employee, and a second copy shall be included as part of the certificated employee's annual evaluation.

Upon successful completion of the Professional Improvement Plan the certificated employee shall be released from the plan. Documentation of the successful completion of the plan shall be placed in the employees working file and attached to the employee's annual evaluation.

In the event that the certificated employee is not able to correct the identified deficiencies during the Professional Improvement Plan timeframe, the principal/supervisor shall notify the superintendent. The superintendent may grant additional time (not to exceed four (4) weeks) for the employee to successfully complete the Professional Improvement Plan or may recommend to the School Board that the employee be placed on probation.

A certificated employee placed on probation due to a failure to successfully complete a Professional Improvement Plan shall be afforded the same rights and process as defined for those placed on a Professional Improvement Plan. During the probationary period, the principal/supervisor shall meet with the employee a minimum of twice monthly to supervise and make written evaluations of the progress made by the employee. A certificated employee placed on probation may request and will be granted the option of being observed and evaluated by a secondary evaluator, approved by the District.

Upon successful completion of the terms of probation, the principal/supervisor shall notify the superintendent. The superintendent will recommend to the School Board that the employee be released from probation. A certificated employee released from a probation shall be considered as having corrected all identified deficiencies and shall no longer require any further formal intervention. Documentation of the successful completion of the terms of probation shall be placed in the employees working file and attached to the employee's annual evaluation.

In the event that the certificated employee is not able to correct the identified deficiencies during the probationary period, the principal/supervisor shall notify the superintendent; who may recommend termination of employment to the Board.

In no event shall a Professional Improvement Plan extend from one school year to the succeeding school year. Final resolution must be determined no later than May 15th of the school year in which the Professional Improvement Plan was initiated. Probation may extend into the succeeding school year.

ARTICLE XV CLASS SIZE

The WBCEA and District recognize that reasonable class size is essential. A teacher should bring concerns regarding class size or composition to the attention of the building principal. The principal shall discuss possible adjustments that might resolve or at least modify the situation. The agreed upon modifications should be initiated. If after an appropriate trial period, the principal and teacher feel the accommodations are not working, the principal and teacher should make a request to the superintendent for additional personnel. The request should include a description of the problem and the modifications that have been tried to date. Both the principal and teacher should sign the request.

ARTICLE XVI GRIEVANCE PROCEDURE

Certificated Staff Grievances

It is the desire of the Board of Trustees and the WBCEA that procedures for settling certificated staff grievances be an orderly process within which solutions may be pursued. Further, that the procedures provide prompt and equitable resolution at the lowest possible administrative level. Additionally, each certificated employee will be assured an opportunity for orderly presentation and review of grievances without fear of reprisal.

Grievance Definition

A grievance pursuant to this policy shall be a written allegation of a violation of Board approved District policies or a written allegation of a violation of the Master Agreement between the District and the teachers' association. Grievant are allowed to bring representation at any level.

Grievance Procedure

The District will first review the collective bargaining agreement for any applicable grievance procedures. If such a provision exists, such procedures shall govern the resolution of certificated staff grievances.

A staff member with a grievance is encouraged to first discuss it with their immediate supervisor, with the objective of resolving the matter promptly and informally. An exception is that complaints of sexual harassment or violation of any other protected status should be discussed with the first line administrator that is not involved in the alleged harassment. This attempt at informal resolution is not a required component of the grievance policy but is suggested in an effort to attempt to resolve disputes informally.

If the grievance is not resolved informally, and the grievant wishes to continue to seek to address the grievance, the grievant shall file the written grievance with their immediate building principal. The written grievance shall state:

1. The policy or provision of the Master Agreement the employee believes was violated;
2. The alleged date of violation;
3. The actor involved in the alleged violation; and
4. The remedy requested by the employee.

Level I

The written grievance must be filed with the immediate building principal within ten (10) working days of the date of the initial event or administration's decision; whichever is later, allegedly giving rise to the grievance.

The immediate building principal or designee of the building principal shall meet with the grievant and shall, at the discretion of the principal or designee, conduct whatever additional meetings or investigative activities the principal or designee believes are necessary to address the grievance.

Subsequent to these activities and within a period of ten (10) working days, the principal shall provide the grievant with a written response to the grievance of the certificated employee.

Level II

Level III

If either party is not satisfied with the decision of the Superintendent, the Board is the next avenue for appeal. A written appeal must be submitted to the Board within five (5) days of receiving the Superintendent's decision. The Board is the policy-making body of the school, however, and appeals to that level must be based solely on whether or not policy has been followed. Any individual appealing a decision of the Superintendent to the Board bears the burden of proving a failure to follow Board policy.

Upon receipt of a written appeal of the decision of the Superintendent, and assuming the individual alleges a failure to follow Board policy, the matter shall be placed on the agenda of the Board for consideration not later than their next regularly scheduled meeting. A decision shall be made and reported in writing to all parties within thirty (30) days of that meeting. The decision of the Board will be final.

ARTICLE XVII PROFESSIONAL DEVELOPMENT

Continuing Education Credits

Teachers in their first three (3) years with the district are eligible to be reimbursed for three (3) district offered professional development credits per year at district expense. Employees who have worked for the district for more than three (3) continuous years are allowed a maximum of \$500 per school year towards the cost of obtaining university credits. Employees who work less than full time will receive a pro-rated portion of this allocation per their total FTE. The district will pay for the credits, up to the agreed amount stipulated in this agreement, if it meets the following criteria:

- A. The class has relevance to the employee's individual professional goals as approved by the employee's principal or immediate supervisor.
- B. The class has relevance to the current district goals.
- C. The class is required by the State of Idaho.
- D. The class is required by the West Bonner County School District.

The district upon registration will make payment for each class. It is the employee's responsibility to complete the district "Course Approval/Credit Payment" forms and the college or university registration form two (2) weeks prior to the start date of the course. An official transcript for each completed class must be on file in the district office within six (6) weeks of the end of the semester in which the course was completed. It is understood that it is the employee's responsibility to submit official transcripts verifying class completion as soon as it is available from the college or university. If the transcript is not on file within the specified time frame, the cost of the tuition will be deducted from the employee's pay.

Course Reimbursement: Employee will pay for the course and will receive reimbursement after course completion. After completing the pre-approved course, the employee will submit a copy of the official transcript and the cancelled check or receipt from the college or university. Course must meet all the criteria set above.

Teachers, at their own expense, have the option to attend any out of district in-services offered during the statewide in-services. In the event that West Bonner County School District does not include in-service days that coincide with the State, the district will provide substitutes as available for teachers who attend during the state allocated days. If substitute availability is an issue, priority will be given to teachers whose attendance are in alignment with building professional development plans.

WBCSD may require certified staff to learn specific content. This content will be provided in days designated as In-Service days. If a staff member is absent, that staff will still be expected to learn this content.

All Coaches of all IHSA (Idaho High School Activities Association) sanctioned activities may use funds allocated to them for continuing education credits to reimburse the cost of the training/courses required by the IHSA.
