1. AGREEMENT

This Agreement is entered into by and between the Twin Falls Education Association, hereinafter called the "Association," as the exclusive representative of all certified professional employees, except administrative personnel, as defined by the Idaho System of Educational Excellence (ISEE), and any other administrative personnel employed in the Twin Falls School District, and School District No. 411, Twin Falls County, State of Idaho, acting by and through its duly elected Board of Trustees, hereinafter called the "Board," and its successor boards.

2. EFFECT OF AGREEMENT

The matters covered by this Agreement constitute Board Policy for the term of this Agreement, and the Board and the Association will carry out their mutual commitments contained herein.

During its term, this Agreement may be altered, changed, added to, deleted from, or modified only through negotiations between the Board and the Association, or court order or other government action.

Any individual contract between the Board and a certified employee will state "within area of certification" and will state the employee's building assignment and subject to and consistent with terms and conditions of this Agreement. If an individual contract contains any language inconsistent with this Agreement not prescribed by law, this Agreement during its duration will be controlling.

If any provision of this Agreement or any application of this Agreement to any employee or group of employees is held to be contrary to law, then such provision or application will not be deemed valid and subsisting, except to the extent permitted by law. All other provisions or applications will continue in full force and effect.

This Agreement will not be interpreted or applied to deprive teachers of professional advantages, which are hours, wages, and negotiated benefits, heretofore enjoyed unless expressly stated herein.

3. DURATION OF AGREEMENT

The duration of this Agreement will take effect on July 1, 2024 and will continue and remain in full force and effect until June 30, 2025. Requests to open negotiations must be made in written form and be in compliance with IC 33-1271 and IC 33-1273.

4. ASSOCIATION RIGHTS

The Board agrees that the individual teacher will have full freedom of association as provided by law. The Board agrees to provide the Association access to District records that are public information and the reasonable opportunity to make copies.

The Association will be provided an opportunity to present reports and announcements at faculty meetings as well as provide bulletin board space in each building.

The Association will be given time on the agenda of the orientation program for new teachers for announcements of Association activities.

The Board will place on the agenda of each regular monthly meeting any matters related to the Agreement brought to its attention by the Association so long as these matters have first been processed through administrative channels specified in the District policy manual.

The District will deduct dues as per State law.

- A. Employees wishing payroll deduction for Association dues will fill out appropriate forms in the building where they are employed.
- B. Payroll deduction forms for deduction will be processed during September.
- C. Payroll deductions for dues will be spread over ten months, beginning in November.
- D. Employees may cease payroll deductions at any time by giving written notification to the District Administration Office.
- E. By October 15th, the District will make available a list of employees authorizing Association dues deductions.
- F. The District will make available to the Association President the transmittal list of Association dues deductions.

The Association will be notified in advance should it be necessary for the Board to implement the Reduction in Force Policy. The Superintendent will be available to discuss with the President of the Association the effect of the implementation of that policy upon working conditions within the District.

4.1. ASSOCIATION ADMINISTRATIVE LEAVE

The Association will be allowed ten days per year of administrative leave for the purpose of conducting business required by the association per executive council approval.

5. LEAVE

In accordance with the Twin Falls School District accounting system, all types of leave listed in days are at a rate of eight (8) hours equal one day and four (4) hours equal one-half day.

5.1. LEAVE OF ABSENCE

A one (1) year leave of absence will be granted to any fully certified teacher who has completed not less than two (2) years of service in the District and who has been recommended for employment during the succeeding year in the following cases:

- A. Should a teacher desire to further his/her education by attendance at a college or university, or, if vocational personnel, at a technical school, or if a teacher accepts a position in a state or national educational office, a notice of intent and application for leave should be submitted by the teacher as early in the preceding school year as is possible. A leave of absence for travel when an accredited institution gives college credit may be approved.
- B. Should it be impossible for a teacher to fulfill a teaching contract during the contract year or the succeeding year because of illness, childbirth or adoption, family emergency or other circumstances beyond the teacher's control, an application for such leave may be made at the time the necessity for the leave becomes known and if a qualified replacement can be secured, the leave will be granted.

The Board of Trustees will attempt to make written contact with the teacher on the leave of absence during March of the leave year for the purpose of receiving the teacher's intent towards teaching in the District for the succeeding year. Documentation of this attempt will be placed in the personnel file of the teacher on leave. The teacher must notify the Board in writing no later than April 1 if he/she wishes to accept a contract. If the teacher's intention is to accept a contract, the teacher is guaranteed a position upon return unless the position was RIFed. Should the position not be RIFed, the teacher may be guaranteed a return to the same position if his/her request to return to that position is approved by the board prior to the beginning of the leave of absence. The board's prior approval will be contingent upon the ability of the District to find a suitable replacement and the recommendation of the school principal.

A leave of absence will be considered a break in service. The teacher returning from leave will be placed on the current salary schedule in the step following that of his/her last full term contract, and in the appropriate column for academic preparation.

Sick leave accumulated prior to the leave of absence will be credited to the teacher upon resumption of services in the District.

5.2. PROFESSIONAL LEAVE

At the beginning of every school year, the Board shall credit three hundred fifty (350) days to be used by the teachers for the purpose of attending professional meetings, with up to 75 of such days to be used for in-service. Professional meetings include education conferences and workshops, United Teaching

Professional meetings, and meetings of other professional groups. Leave for district-sponsored student activities or leave required by the School District through its administrators shall not be classified as professional leave and, therefore, shall not be included in the total credited days.

The Association shall appoint one person from each level (elementary, middle, and high school) to serve on a committee with one individual appointed by the Administration, who will establish guidelines for professional leave grants. An Association representative and the Administrative representative will Co-Chair the committee. No more than ten (10) percent of any building staff will be granted professional leave on the same day unless the building principal determines that it would not be a detriment to the educational program of the District. No individual staff member may be granted more than six professional leave days during any school year unless the building principal determines that it would not be a detriment to the educational program of the District.

If a representative of the Association needs to attend a regularly scheduled or specially called meeting dealing with Association business, the District shall allow that representative to leave school five (5) minutes after student dismissal to attend the meeting. The amount of time that the representative is released prior to the end of the normal workday will be deducted from the time allowed for Professional Leave at the rate of eight (8) hours equaling one (1) day. If the representative has an assigned duty when an Association meeting is called, the representative will be responsible for securing a qualified replacement.

Once professional leave is granted by the Association, the applicant shall receive full salary from the District.

Professional leave requests approved by the Association shall be communicated to the supervisor or principal of the appropriate school at least five (5) school days prior to the day the professional leave is to commence.

If, during the school year, additional professional leave days are needed by the Association, the President of the Association may request from the Board additional professional leave days above the original three hundred fifty (350) days.

5.3. PERSONAL LEAVE

Personal Leave: Each certified employee will be allotted a total of three (3) school days of personal leave each school year. Advance notice must be given to the principal and leave will be granted contingent upon a suitable substitute being available. Personal leave may be used for whatever purpose the teacher prefers, except that requests for personal leave will be limited to extenuating circumstances during the first two weeks of school, the last two weeks of school or two days immediately preceding or following a school vacation. Leave at this time is granted at the discretion of the building principal. In the event that the

teacher is dissatisfied with the principal's decision, the teacher may appeal to the superintendent for review. No more than ten (10) percent of any building staff will be granted personal leave on the same day unless the building principal determines that it would not be a detriment to the educational program of the District.

Certified employees shall be allowed to carry forward a maximum of four (4) personal leave days. The maximum number of personal leave days that may be available in one contract year will be seven (7) days. If, at the end of the contract year, an employee has accumulated more than four (4) personal leave days, he/she will be paid the daily rate of the state minimum certified salary per day for unused personal leave days in excess of four. Employees also have the option to convert unused personal leave days to sick leave instead of carrying them forward or being paid out.

To implement this procedure, it shall be the responsibility of the certified employee to complete FORM PLD3 requesting payment of any or all unused personal leave days or the number of days to be converted to sick leave, with any remaining days forwarded to the subsequent contract year. This form will be available from each building secretary and must be received in the district office no later than June 1 of the contract year.

If an employee does not have seven (7) days available for the school year, an additional day may be purchased at the current year certified guest teacher rate. No more than seven (7) personal leave days may be used in one school year. Purchased personal leave days may not be rolled over to the next school year, paid out on, or converted to sick leave.

In the event an employee resigns from employment with the district, or is not to be re-employed by the District he/she will be paid for all unused, earned personal leave days or have them converted to sick leave at the discretion of the employee.

The use of personal leave by those people who are nearing retirement will be governed in accordance with this Agreement and Idaho statute.

5.4. EMERGENCY LEAVE

Emergency leave will be granted to a certified employee to a maximum of five (5) days after his/her accumulated personal leave days have been exhausted. The employee will receive regular pay less the current substitute rate per day while on emergency leave.

Emergency leave shall be defined as leave taken due to a situation that has been suddenly precipitated or is unplanned, or where preplanning could not relieve the necessity of the employee's absence.

5.5. CERTIFIED SICK LEAVE

- A. At the beginning of each school year, each certified employee shall be credited with one (1) day of sick leave per month at full pay for each full month of service or major portion thereof as projected for the employment year. Sick leave may be used for absence caused by illness, injury, surgery, maternity, paternity, adoption, quarantine, disability, or medical or diagnostic examinations or tests. Sick leave may be used for mental health issues, not listed above, that render the employee incapable of carrying out his/her duties. The district may, at its discretion, require proof of illness, when deemed appropriate, including but not limited to abuse of sick leave or false claims of illness. Attending a funeral service of anyone not covered in Policy 5.7 Bereavement Leave, a maximum of four (4) sick leave days per year may be used for this purpose and advanced approval must be given by the building principal and/or supervisor.
- B. Each individual will be allowed to accumulate sick leave from year to year with no maximum accrual ceiling.
 - 1. Both parties agree to allow for the accumulation of sick leave without maximum as long as the manner in which funding for the state “sick leave reimbursement” program remains unchanged. If for some reason, the state places a limit on the amount of accumulated sick leave it will financially support in providing the sick leave retirement benefit; both parties agree that the district’s obligation will be limited to the amount supported by the state.
 - 2. Both parties agree that should the state change the sick leave reimbursement fee it charges Districts from the flat fee that existed in 1998-1999 to a fee related to the number of days accumulation allowed by the district, the district will not be obligated to pay for sick leave accumulated beyond 170 days.
- C. Certified employees shall be permitted to use sick leave when such absence is due to illness of that employee's children, spouse, significant other, parents, parents-in-law, siblings, grandparents, and grandchildren. The Superintendent may, at his discretion, make judgments in favor of use of sick leave by an employee due to an illness of a loved one, whose circumstances are not covered by exact contract language.
- D. Absence due to injury incurred in the course of the employee's employment shall follow Workman's Compensation guidelines.
- E. Certified Sick Leave Bank
 - 1. Each employee of the District covered by this contract may participate in the Sick Leave Bank. An initial contribution of two sick leave days, prior to November 1, will be the required minimum to become a Sick Leave Bank member for the duration of employment in

District #411. Each employee, or retiring employee, may voluntarily, prior to November 1st of each succeeding year, contribute additional sick leave days. A threshold of five hundred (500) days will be established in the Sick Leave Bank. When the total days in the Sick Leave Bank falls below five hundred (500) days, the Sick Leave Bank will then assess each member one day, thus re-establishing the minimum 500-day threshold. Sick leave days thus contributed shall be deducted from the individual's previously accumulated sick leave. The contributed sick leave days shall form a bank of sick leave days which will be available to all eligible employees. The purpose of the Sick Leave Bank is to provide for additional leave due to absences from work which extend beyond all of the employee's accumulated leave and is resulting from a major medical illness or injury. The Sick Leave Bank may be used for immediate family members (spouse, child, parent) facing a major medical illness or injury. The maximum number of days which may be granted in any one school year for immediate family members will be thirty (30).

2. A major medical illness and/or injury is an acute or prolonged illness or injury that is considered life-threatening or with the threat of serious residual disability which results in the employee's inability to work. Examples of a major medical illness or injury include, but are not limited to:
 - a. Serious, debilitating illness, impairment, or physical/mental condition that involves treatment in connection with an extended stay in a hospital, hospice, or residential medical facility.
 - b. High intensity/high frequency of treatment encounters necessary for a chronic or long-term condition that is so serious, that if not treated, would likely result in an extended period of incapacity or death.
 - c. Terminal illness.

The Sick Leave Bank does not cover time off due to a job-incurred injury/illness covered by Worker's Compensation benefits.

3. In order for an employee to be eligible for sick leave benefits from the Sick Leave Bank, the employee must first: 1) be a contributor to the Bank, 2) have been absent from work due to a major medical illness, or injury, and 3) have used all available sick leave days, personal leave days, and class coverage units.
4. Applications for use of the Bank shall be submitted to the Sick Leave Bank Committee. The Sick Leave Bank Committee shall be comprised of two (2) certified employees appointed by the Association and two (2) District representatives. One Association rep and one District rep will Co-Chair the committee. The Sick Leave Bank Committee shall review the request and

determine the eligibility of the employee. If the Sick Leave Bank Committee deems necessary, it may require proof of illness at the time of application and from time to time after a grant has been made, in order to prevent misuse, abuse, or excessive sick leave bank grants.

5. The Sick Leave Bank Committee shall have the authority to establish such operational procedures as it deems necessary to implement this program. After a complete review of the application, the Sick Leave Bank Committee shall have the authority to make final decisions within these guidelines as to the disposition of the case.
6. The maximum number of days which may be granted in any one school year will be sixty (60).
7. Bank grants will end at the termination of the school year. If an employee does not use all of the days granted by the Bank, the unused sick leave days will be returned to the Bank.

5.6. LEAVE FOR JURY DUTY AND COURT ACTIVITIES

A teacher summoned to appear for legal proceedings before any judicial, quasi-judicial, or administrative tribunal will not lose compensation for performance of such obligation. Teachers serving on jury duty will receive their regular pay less any money granted from the court for such jury duty. Travel funds incurred and paid by the Court to the teacher shall remain the property of the teacher.

5.7. BEREAVEMENT LEAVE

Certified personnel shall be granted up to three (3) work days bereavement leave for up to two (2) occurrences during the school year for a death of an immediate family member (parent, mother/father-in-law, spouse/domestic partner, children, grandchildren, grandparent, grandparent-in-law, brother, sister, brother/sister-in-law, uncle, aunt). Such leave will be granted with full pay and will not be deducted from either personal or sick leave. If the employee needs additional leave, bereavement leave may be granted at the discretion of the District and will be deducted from accumulated sick or personal leave. Bereavement leave is not cumulative or reimbursable if not used.

5.8. MATERNITY/PATERNITY/ADOPTION LEAVE

Certified employees who have worked for the district longer than one full year are eligible for up to 30 days of leave for the birth or adoption of an infant in the first year of life (beginning with the first day of birth or adoption). The employee is only eligible if they have less than 30 days of sick/personal leave and must use available leave prior to use of maternity/paternity/adoption leave at which time the employee may acquire enough days to reach 30 days of paid leave. For each day of maternity/paternity/adoption leave

acquired, the certified employee will receive their daily rate less the certified sub rate as compensation. Employees may be eligible for additional days off without pay according to FMLA guidelines.

5.9. COVERAGE UNITS

If a certified employee during the contracted day volunteers, is asked, or required to cover a class or other responsibilities by the building administrator, they are eligible for time reimbursement. (See coverage units request form in staff section of district website) At the elementary level, recess, office, crossing guard, and other similar duties may qualify for coverage units. Elementary school leadership teams shall develop and implement a master schedule for indoor recess that provides adequate supervision of students utilizing available staff outside of the classroom teacher. On days the schedule cannot be utilized, teachers will be awarded coverage units as per coverage unit language.

If a certified elementary teacher is asked to cover all or part of a class, the units earned (1 unit = 45 minutes, half day = 3.5 units, full day = 7 units) will be divided by the certified employees that covered all or part of the class.

All coverage time must be approved by a building administrator and recorded by the building record keeper. Time will be reimbursed at a rate of seven coverage units equal to one contract day. Elementary employees are restricted to earning a maximum of seven coverage units per day. One coverage unit is equal to 45 minutes of coverage accumulated in 15-minute increments.

EXAMPLE: If certified Employee A is asked to cover for certified Employee B for a school or district related activity, the coverage units are considered administrative leave. If certified Employee A is asked to cover for certified Employee B for personal reasons, the coverage units are deducted from Employee B. If no coverage units are available to Employee B, the time will be deducted from Employee B's sick or personal leave accumulations.

If coverage units are unused, certified employees under contract covered by the Agreement may request the conversion of units into full days that are paid at the current certified employee guest teacher rate. The certified employee shall be allowed to carry forward a maximum of twenty-one (21) coverage time units. It shall be the responsibility of the building recorder to submit the coverage unit payment record (form CUD-1) to the district office no later than June 1st of the contract year.

6. GRIEVANCE PROCEDURE

The purpose of this procedure is to secure at the lowest possible administrative level equitable solutions to grievances of school personnel who come under the Agreement.

A. Definitions

1. A grievance is a claim alleging a violation, misinterpretation, or misapplication of any written District policy, state and federal law or any term(s) of this Agreement.
 - (a) The term grievance shall not apply to any matter which
 - (1) The method of review is already prescribed by law.
 - (2) The School Board is without authority to act.
 - (3) Is covered by the School Board's affirmative action grievance procedure.
 - (4) Is related to non-re-employment of a category I, II, III standard contract, unless it is a result of a policy violation.
2. An "aggrieved person" is a certified employee or group of certified employees. The "aggrieved person" initiating the grievance has the right to be represented at each step of the grievance procedure by any person or persons of his or her choice. However, the "aggrieved person" must personally be present at all levels of the grievance procedure.
3. A "party in interest" is a certified employee who may be required to take action to resolve a grievance or against whom action may be taken to resolve a grievance. Any "party in interest" may be represented at any level of the grievance procedure by a person or persons of his or her choosing.

B. Time Limits

1. No grievance shall be recognized by the Board or the Association unless it has been presented at the appropriate level within thirty (30) business days after the aggrieved person or persons knew, or reasonably should have known, of the act or condition on which the grievance is based. If not so presented, the grievance shall be considered as waived.
2. The term "days" when used in regard to a time limit shall mean business days.
3. If a grievance is filed which might not be finally resolved at Step ~~Three~~ Four before the school year would expire leaving the grievance unresolved, the time limits set forth herein may be reduced by mutual agreement so that the grievance procedure may be concluded prior to the end of the school year, or as soon thereafter as is practicable.
4. Since it is important that grievances be processed as rapidly as possible, the number of days indicated at each level should be considered as a maximum, and every effort should be made to expedite the process. The time limits may, however, be extended by mutual agreement.

C. Association Representation

1. Neither the board nor any member of the administration shall take reprisals of any kind against any certified employee, any party in interest, any Association representative, or any other participant in the grievance procedure by reason of such participation.
2. When a certified employee is not represented by the Association, at the sole discretion of the certified employee, the Association shall have the right to be present and to state its views at any step of the grievance procedure except step one.
3. To the extent permitted by Section 33-1210, Idaho Code, all grievance related documents, communications, and records dealing with the process of a grievance shall be filed separately from the personnel files of the participants.

D. Purpose and Rights

1. The purpose of this procedure is to secure at the lowest possible administrative level equitable solutions to the problems which may from time to time arise. Both parties agree that these proceedings will be kept as informal and as confidential as may be appropriate at any level of the procedure.
2. Nothing herein contained will be construed as limiting the right of any certified employee or building counselor having a grievance, to discuss the matter informally with any appropriate member of the administration and having the grievance adjusted, provided that the adjustment is consistent with the terms of this Agreement and Board Policy.

E. Procedure

1. Step No. One -- (Principal or immediate supervisor)
An aggrieved employee shall first discuss the grievance with the building principal or his/her immediate supervisor with the objective of resolving the matter informally. The aggrieved employee may (1) discuss the grievance personally, (2) may request that the Association's representative accompany him/her, or (3) may request that the Association's representative act in his/her behalf with the grievant present throughout the grievance process.
2. Step No. Two -- (Director/Superintendent)
If the aggrieved employee is not satisfied with the disposition of his/her grievance at Step One, or if no decision has been reached by his/her principal or immediate supervisor within five (5) days after the meeting, then the aggrieved employee or Association may file the grievance in writing with the Superintendent of Schools, with a copy sent to his/her Principal or immediate supervisor within six (6) days after the receipt of the Step One decision or eight (8) days after the Step One meeting, whichever is the later.

The Superintendent shall arrange for a meeting between the aggrieved employee or the Association and the appropriate district director within five (5) days after receiving the appeal from Step One in writing. Upon completion of the meeting, the director will have five (5) days in which to provide his/her decision in writing to the aggrieved employee and Association.

3. Step No. Three -- Superintendent

If the aggrieved employee is not satisfied with the disposition of his/her grievance at Step Two, or if no decision has been reached by the director within five (5) days after the meeting, then the aggrieved employee or Association may file the grievance in writing with the Superintendent of Schools, within six (6) days after the receipt of the Step Two decision or eight (8) days after the Step Two meeting, whichever is the later.

The Superintendent shall arrange for a hearing with the aggrieved employee or the Association within five (5) days after receiving the appeal from Step Two in writing. Each party shall have the right to include in its representation such witnesses and counselors as it deems necessary to develop facts pertinent to the grievance. Upon completion of the hearing, the Superintendent will have five (5) days in which to provide his/her decision in writing to the aggrieved employee and Association.

4. Step No. Four -- (School Board or Board of Trustees)

If the aggrieved employee and/or Association is not satisfied with the written disposition of his/her grievance at Step No. Three or if no decision has been rendered by the Superintendent within five (5) days after the Step No. Three hearing, the aggrieved person may appeal by submitting a written grievance to the School Board with a copy sent to the Superintendent. The School Board shall meet with the aggrieved employee for the purpose of resolving the grievance. Each side of the grievance will be presented to the Board by a mutually selected third party. The School Board's ultimate decision and final disposition of the grievance shall be rendered by the School Board in writing within thirty (30) days after receiving the notice of appeal.

F. Facilitation

1. To facilitate operation of the grievance procedure, necessary forms for filing, serving notices, making appeals, making reports and recommendations, and other necessary documents will be jointly prepared and distributed by the Association and the Superintendent. (Forms are attached as Appendix C).

2. The Board agrees to make available to the aggrieved person and his/her representative, or the Association, all pertinent information not privileged under law in its possession or control which is relevant to the issues raised by the grievance.
3. When it is necessary at Step No. Two, Step No. Three, or Step No. Four for the aggrieved person, a representative of the Association, or a party in interest to attend a meeting or a hearing called by the Superintendent or the School Board during the school day, the Superintendent's office shall notify the Principal or immediate supervisor of those affected, and they shall be released without loss of pay for such time as their attendance is required at the meeting or hearing.

7. CERTIFIED STAFF REDUCTION

1. Certification: To ensure that the certificated staff members retained are qualified to implement the educational programs determined by the Board, all certified staff members must possess a valid Idaho State Certificate as may be required for the positions available.
2. Employment Categories: The following categories and specialties are established to ensure the qualifications of personnel assigned to retained positions:
 - a. Elementary staff members will be considered for retention in one category (K-5).
 - b. Secondary staff members (6-12) will be considered for retention in subject matter areas. Each subject matter area is a category defined by, but not limited to one of the following: science, math, social studies, language arts, music, art, physical education and health, and individual language (e.g., French, Spanish, and German). A staff member with elementary certification must have a minimum of 20-credit hours in a content area to be considered in the (6-12) pool in that content area.
 - c. Other non-supervisory certified staff members will be considered for retention according to their specialties which may include, but are not limited to, the following:
 - Special Education personnel (by field of specialty including Pre-K)
 - Psychologists
 - Elementary Counselors
 - Secondary Counselors
 - Librarians
 - Elementary Music
 - Elementary Physical Education
 - Communication Disorder Specialist
 - Audiologist

3. Retention by Employment Category:

- a. Each certificated staff member will, in accordance with the criteria set forth in Section 2 and 3 hereof, be considered for retention in the category or specialty to which he/she is assigned.
- b. A staff member's name will appear on every seniority list for which he/she is qualified as provided for in this procedure.
- c. Staff members will be considered for additional categories and/or specializations for which they are certified only if they are not retained in the category or specialty appropriate to the position held at the time of implementation of these procedures.
- d. Staff members will be considered for retention at the same FTE status held at the time of RIF enactment (e.g., part-time employees will be considered to be retained in part-time positions, full-time employees will be considered to be retained in full-time positions).

4. Selection Within Employment Categories: Certified staff members will be considered for retention in available positions within the categories or specialties for which they qualify under Section 2, and 3, and 4 hereof. In the event that there are more qualified staff members than available positions in a given category or specialty, the following criteria will be used to determine which staff members will be retained.

- a. Within each employment category retention will be based upon seniority (on a district wide basis) within areas of certification. Seniority lists will be established in writing based on certificate endorsements/qualifications as provided for in this procedure.
 - i. The employees with the greatest number of continuous in-district experience immediately preceding a reduction in force shall have the greatest seniority.
 - ii. Should factor a.i. be equal, total years of certificated experience shall determine seniority.
 - iii. Should factors a.i. and a.ii. be equal, the number of undergraduate or graduate credits as accepted by the district towards placement and advancement on the salary schedule will determine seniority.

Should factors a.i., a.ii., and a.iii. be equal, and a tie exists, the person(s) to be retained will be determined by drawing lots among the tied staff members.
- b. Employees who have been granted a leave of absence prior to a reduction in force will retain seniority earned. A leave of absence will not count towards a year of seniority.
- c. Staff members on part-time contracts will earn seniority equivalent to the sum of their fractional contracts.

- d. When the need for a reduced educational program within an employment category becomes apparent, each certified employee shall be notified in writing that he/she will have ten (10) working days to update his/her personnel file.
- e. Seniority lists within employment categories will be established and distributed to each staff member as soon as possible after the identification of the need for a reduced educational program. Any staff member who wishes to challenge his/her placement on the seniority lists must file a written notice with the Human Resources Department within five (5) working days immediately following the distribution of said seniority lists. Any such notice shall identify the basis of the challenges. The Human Resources Department will review all written challenges and will make such changes as may be supported by information contained in the staff member's personnel file. Notification, to staff members filing such challenges and to all staff members affected by any changes made, shall be given in writing by the Human Resources Department on or before fifteen (15) working days immediately following the initial distribution of the seniority lists. Any staff member adversely affected by any changes made in the seniority lists shall have five (5) working days following notification of changes in the lists to file a written challenge which shall be made in the same manner as specified for original challenges. Any staff member failing to challenge his/her placement on the seniority lists within the time limitations as specified shall be deemed to have waived any right to thereafter challenge such placement.

5. Recall:

- a. All certified staff members who are not retained in accordance with these procedures will be placed in a recall pool for possible re-employment during the first school year immediately following his/her placement in the recall pool. Upon reinstatement of RIFed position(s), individuals in the recall pool will be given the opportunity to fill open positions within the categories or specialties from which they were displaced in reverse order of layoff.
- b. Any individual wishing to remain in the recall pool for a second year must notify the superintendent or his/her designee in writing between March 15th and April 15th of the individual's first year in the recall pool. If such notification is not received, the name of any such individual shall be dropped from the recall pool. The district will notify individuals remaining in the recall pool of this obligation at the addresses in their personnel files.
- c. When reinstatement of position occurs from which a qualified individual has been displaced, notification from the school district to such individual will be by certified mail. Such individual

will have five (5) working days from the receipt of the letter to accept the position. If an individual fails to accept a position offered, he/she will be dropped from the recall pool.

- d. The district may have the opportunity to offer a displaced employee a position which would allow the individual to work within his/her area of skill/certification and be retained at a similar wage/FTE status. Should an offer of this nature be extended and declined by the individual, the individual will forfeit recall rights and be dropped from the recall list.
- e. Recall rights apply to the FTE status the individual held at the time of the RIF. Displaced full-time employees have the right to be recalled to full-time positions. Displaced part-time employees have the right to be recalled into part-time positions equivalent to the FTE status the employee held upon RIF enactment.

8. TEACHER EVALUATIONS

The School Board and the Association recognize that evaluation of the staff is a vital function of the District. A Teacher Evaluation Review Committee consisting of six teachers, including two elementary, two middle school, and two high school teachers appointed by the Twin Falls Education Association; an elementary administrator, a middle school administrator, and an high school administrator appointed by the Twin Falls School District Administration; and three district office administrators to include a director covering elementary programs, a director covering secondary programs, and the Director of Support Services.

The appointment of the members of the committee will be made on or before October 1st of each year. An administrator from the district and a member appointed by the Association will co-chair the committee. The committee will meet at the call of the co-chairs.

The Professional Practice portion of the evaluation will be conducted by a member of the building administrative team. The building administrator will meet individually with the teacher before the end of first quarter to discuss goals and the evaluation tool. The evaluation shall include a minimum of two (2) documented observations annually, with at least one (1) observation being completed by January 1 of each year.

Teachers on the professional/advanced professional rung of the career ladder will have at least one (1) of their two (2) formal observations be a minimum of 30 continuous minutes. Teachers on the residency rung of the career ladder will have a minimum of two (2) formal observations and both will be a minimum of 30 continuous minutes. The formal observation(s) shall be scheduled with the teacher at least three (3) days in advance. If either party needs to reschedule, the new time will be agreed upon by both parties.

If a teacher is unavailable for two (2) documented classroom observations, due to unforeseen circumstances such as long-term illness, late year hire, etc., one (1) documented classroom observation is acceptable.

The formal written evaluation will be reviewed during a post-evaluation conference to communicate results, discuss any concerns, share commendations, and obtain signatures.

If a teacher disagrees with one or more of the ratings in their evaluation, they will set up an appeal meeting with their (evaluating) administrator. At that meeting, the teacher would present written evidence to their administrator for each of the areas they were requesting a change. If the administrator does not agree with the written evidence, then the teacher can appeal to the appropriate director. The director will assign another administrator from a different building, but at the same level (elementary, middle school, or high school) to do a second review of the same written evidence with all identifying information removed. This decision will be final.

At the beginning of each contract year, employees will be given a copy of the evaluation and other evaluation tools to be used that year. Employees will sign that the documents have been received.

9. AUTHORIZED USE OF EMPLOYEE'S AUTOMOBILE

Certified employees who drive students to District sponsored student activities which take place away from the school building may do so voluntarily with the advance approval of their Principal or immediate supervisor. For District required travel, certified employees will be insured under the District's master liability insurance policy for personal accident liability above the primary coverage afforded under their own policies and will be compensated at the established state reimbursement rate. Prior to certified employees using their own automobiles for District required travel, he/she must provide to the principal a valid driver's license, evidence of adequate automobile insurance, and affirmation that the vehicle is adequately maintained.

10. INSURANCE

- A. The District will maintain a "125 Plan" that is in conformance with IRS Regulations for all certified employees.

- M. Employee Assistance Program (EAP) is available free of charge to the employee. EAP provides up to five (5) sessions of counseling per incident.

11. PLACEMENT, ADVANCEMENT, AND SALARY (See Appendix A-1)

A. Experience: Credit for previous teaching experience in public or accredited private schools, while holding a valid teaching certificate, will be the only experience accepted and will be given at the ratio of one for one.

B. Training: At least a bachelor's degree, with a teaching major and a valid Idaho teaching certificate are required.

C. Recertification and Frequency of Credit: All Idaho certificates, except Life Certificates, must be renewed. One requirement for renewal of a state certificate is professional growth. All certificated persons are currently required to complete at least six semester hours, or the equivalent, within five years prior to recertification. Teachers in the Twin Falls School District are also expected to complete a minimum of six semester hours, or equivalent, prior to every five-year anniversary of current employment in the district. Guidelines for credits which satisfy recertification requirements and the guidelines for credits which satisfy district frequency-of-credit requirements differ somewhat. Teachers should contact the District Human Resources Department or the State Department of Education to determine recertification guidelines.

D. Five Year Cycle: If a teacher begins teaching in the District during a year other than during a year of his/her state certification or recertification, the District frequency-of-credit requirement will be waived until the beginning of the teacher's next five-year recertification cycle. From this year on, the District frequency-of-credit requirement (five-year cycle) will coincide with the cycle of his/her state recertification.

E. District Requirements: Teachers who do not meet District requirements will not be advanced on the Career Ladder. Credits for the District requirement may be earned by correspondence, through extension work, or on campus. Travel may be allowed when it is sponsored by an accredited institution of higher learning, credit is given, and credits are shown on a transcript.

F. Initial Placement: Initial placement is determined by the District Human Resources Department in accordance with Idaho State Code regarding the Career Ladder. All credits earned after conferring of the

Bachelor's Degree will be accepted for initial placement provided these credits are either of the following:

- 1. Content Credit Hours:** These include college courses which are directed toward the teaching assignment, endorsement, or future endorsement; relative subject matter; or related course work.
- 2. Education Credit Hours:** Education courses must be offered by accredited colleges and universities. These courses include credits earned by an individual who is moving into a different branch of education, such as a classroom teacher moving to administration or counseling. NOTE: Education credits earned to satisfy initial state certification requirements will not count for initial placement on the Career Ladder even if these credits are earned after the conferring of the Bachelor's Degree.

Courses which are primarily designed for self-improvement or for personal benefit (not related to education), or courses taken to train an individual for another vocation or profession (outside of education) may not be used for initial placement.

G. Pupil Service Personnel will be placed at their appropriate location on the Career Ladder (Appendix A-1) and will be eligible for an extended contract up to a maximum of 210 days (as determined by the District) at their daily rate of pay computed from the Career Ladder. In addition, Pupil Service Personnel will receive extra duty pay at the rate of 0.20 of the extra duty calculating base.

H. Professional Advancement Committee: The Association will appoint one person from each building in the District to serve on the Professional Advancement Committee with three representatives appointed by the Administration. One Association representative and one District representative will Co-Chair the committee. The committee will establish criteria for and determine each individual certificated teacher's case for acceptability of credit for advancement on the salary schedule. The criteria determined by the Committee shall be available to all District personnel.

I. Career Ladder Advancement: To be eligible for an education allotment, Instructional and Pupil Service Personnel must have a bachelor's degree plus 24 credits or a master's degree, and three years of successful teaching experience. Credits must be received for the education allotment on the career ladder by September 1. Credits must be earned subsequent to a degree and initial certification. All credits are to be counted in semester hours or equivalent. If the approval of any credit is in question, the teacher should seek approval by the Professional Advancement Committee prior to course registration. Documentation of additional professional growth and approval of the Professional

Advancement Committee shall be submitted to the District Human Resources Department eligibility for the education allotment on the career ladder.

All semester credits earned above a Bachelor's Degree and initial certification must be graduate hours, except as follows:

1. Up to fifteen (15) semester hours of undergraduate course work credits may be accepted for education allotment.
2. Additional undergraduate classes in the area of technology taken subsequent to the implementation of the Idaho Technology Proficiency Requirement of July 1997 may be accepted for horizontal advancement during each contract year if they are in the following areas: Computing Environment (hardware and software), word processing, database, telecommunications, spreadsheets, presentation software, or the integration of technology into the classroom/curriculum.

J. Contract Terms: Salaries are based on a twelve month calendar year, payment to be made monthly. Contracts are written for one hundred eighty-eight (188) days. These will include days required for in-service training, institutes, workshops, and legal holidays. Individual classroom preparation time of at least 2-1/2 days will not be interrupted by District or building designated activities.

K. Work Day: The normal workday shall not exceed eight and one-half hours (8 ½) from arrival to departure. It is acknowledged that setting standardized times before or after school for staff presence in the building may not align with the diverse professional obligations of educators. Therefore, staff time will be based on the specific professional duties required for the day. Staff members are expected to be mindful of students who may need assistance before/after school and are expected to post available times for support. Additionally, attendance at scheduled meetings (IEP, 504, faculty, etc.) and fulfillment of assigned supervision duties, as defined at the building level, are essential responsibilities. Meeting efficiency will be a priority to respect all participants' time and the district endeavors to minimize after-hours activities and responsibilities. It is understood that there will be days when staff members may need to leave shortly after students, as well as days when professional responsibilities necessitate remaining beyond the normal workday. Such flexibility is inherent in the role of a professional, exempt employee and is essential for meeting the diverse needs of students and the school community. Change in the length of the work day shall be brought about only through consultation between the Association Executive Board and/or Negotiations Team and the Administration and/or Board.

1. The District's certified personnel work days shall include a duty-free lunch period of at least thirty (30) consecutive minutes and a duty-free preparation period of at least forty-five (45) minutes. On Collaboration Monday, elementary preparation time will be at least 30 minutes.
2. Elementary certified personnel will be guaranteed continuous (except kindergarten teams who, in working with building leadership, may decide to split the time) preparation time of at least forty-five (45) minutes (30 minutes on Monday) each day during block periods in which their students are involved in Physical Education, Music, Library, Computer or other instruction with a certified teacher, or qualified staff member. If an alternative schedule is run on Monday, teachers will be guaranteed 30 minutes of continuous preparation time in addition to the 45 minutes of collaboration time during early release (see L). Guest teachers shall be provided for librarians and computer lab aides. Guest teachers may replace paraprofessionals who are trained to substitute for Library or Computer.
3. If elementary certified personnel are asked to participate in required activities/trainings, causing the loss of block period preparation time during the week, this time will be made up (given back) during the early release collaboration time (see L). This is only allowed to occur at most twice a month.
4. At the end of the first and third quarters, teacher workshop days will be limited to one-half day in order to allow time for teachers to complete student report cards. At the end of the second and fourth quarters teachers will have one-half day to complete student report cards. Teachers at Magic Valley High School will have an equivalent amount of time; however, in lieu of half-days the time may be split and provided at the end of each block. No other school or District activities will be scheduled during the teacher work time. The Friday following conferences for the first quarter and the Friday following conferences for third quarter will be a day off for teachers as compensation for conferences completed in a timely manner as defined at the building level.
5. The state in-service days in October are student contact days. If a teacher wishes to attend a state training, they need to apply for professional leave. The ten percent cap on professional leave will be waived during the October Teacher in-service days.

L. Collaboration Monday:

1. A Collaboration Committee will be maintained with the purpose of meeting to discuss the use of this time. The committee will have TFEA/District Co-Chairs and will contain sixteen (16) certified employees selected by the TFEA. These employees will represent each building and various positions. The district will select two (2) elementary administrators, one (1)

middle school administrator, one (1) high school administrator, two (2) directors, one (1) board member, and the associate superintendent (co-chair).

2. Weekly collaboration time will be provided via an early release. The intent of this time is for collaboration/teaming and planning.

3. At the elementary level, administrators may use up to 45 minutes for PD, instructional coaching, best practices, data dives as determined by administration. In the other 45 minutes, teams should be collaborating which might include Title, SPED, grade level, etc. If administration needs more than 45 minutes on any one Monday, they can exchange the time for an equivalent time the following week.

4. At the secondary level, one Monday a month can be used for building initiatives and/or professional development. The remaining Mondays will be used for department, grade level, and common course collaboration.

M. Professional Development Monies: Each certified employee will be paid a \$250 professional development stipend to cover PD expenses incurred by said employee. This stipend will be paid in the January pay period.

12. MISCELLANEOUS ELEMENTARY DUTIES

Duties for elementary teachers will be minimized through the following plan: Each elementary faculty will meet with their respective principals, and jointly work out a plan to utilize teacher aides and paraprofessionals in accordance with funding regulations. If they cannot work out an agreeable plan, the superintendent or designee will assist them.

Trained teachers' aides and paraprofessionals will be employed for the purpose of minimizing teacher duty time at the elementary level. These aides may be used for lunchroom duty, playground duty, and bus duty. In addition, these aides may be used to assist teachers in the instructional program.

13. OUT OF ZONE ENROLLMENT OF EMPLOYEE CHILDREN

As a benefit of being a TFSD employee, certified employee's children are given top priority when transfers are available in classes and/or programs.

APPENDIX B-1

Extra Duty Definition/Policy

The time used to fulfill contracted competitive and non-competitive assignments in which students are involved that require activities beyond the contracted time of a certified employee, and/or duties that require time beyond the daily contracted time.

1. An Extra Duty Committee shall be established as a permanent standing committee with co-chairs from the TFEA and District Administration. The committee shall consist of eight (8) people. The Association shall appoint two (2) people who already receive extra duty pay and two (2) who do not. The board or designee shall appoint two (2) people directly involved in administering extra duty pay and two (2) who are not. The responsibilities of the Extra Duty Committee will be to:
 - a. Continue to review the index of each extra-curricular assignment on a 5 year cycle. This will be completed next in 2026.
 - b. Recommend additions to or deletions from the extra pay schedule to the governing entities (Twin Falls Education Association and District).
 - c. Advise the governing entities on matters concerning pay for extra duties.
 - d. Review the proposals for short-term extra-duty assignments (one-year assignments).
 - e. Review the proposals and established extracurricular activities.
2. If two (2) or more employees agree to work a position rated for a single individual and this is approved by the administration, the extra duty pay will be split in a manner agreeable to those involved.
3. When extra duty candidates are considered similarly qualified, first consideration will be given to district teachers, then to other district staff, and then to non-district applicants. Non-staff members may not receive more than the stated extra duty pay and may receive less than the extra duty pay. The extra duty pay for non-staff is to be determined by the building administration with the advice of the Extra Duty Committee.
4. All coaches that earn Certified Interscholastic Coach Certification from the National Federation of State High School Associations will receive an increase of \$250 to their annual stipend. Certificate for the stipend must be submitted to Human Resources on or before October 1st.
5. In order for a position to be initially placed on the extra duty schedule it must involve, at a minimum, at least six performance or competitive events involving at least 12 students and at least 100 hours of extra time spent with those students – either in a preparation or coaching capacity during a school year.
6. Job descriptions will exist for all positions receiving extra duty pay. All new extra duty positions will include job descriptions written by the Extra Duty Committee and forwarded to the superintendent and board for approval.

Formula for extra duty pay:

Step 1, 2, 3 - 85% of the indexed amount for the first three years

Step 4, 5 - 95% for the following two years, and

Step 6+ - 105% for the years thereafter.

All indexed extra duty salaries will be calculated from a \$29,437.66 base.

8. If an assistant coach/advisor moves to a head coach/advisor position in the same sport or activity listed on the extra duty pay schedule, he/she will be placed at the maximum number of years for the previous step (at 85% or 95%) on the head coach schedule. Middle school coach/advisor head coach position is considered equivalent to assistant coach at the high school level.

Example: An assistant coach/advisor at 105% would be moved to the fifth year at 95%. (Step 6+ years = placement on Step 5)
9. If an assistant coach/advisor moves to the head coach of another sport or activity, without any previous experience as head coach/advisor in that sport or activity, entry will be at Step 1 of the extra duty schedule.
10. Coaches/advisors with out of district experience will be placed the same as coaches/advisors within the district. Their credited experience must be in the same area in which they will coach.
11. Calculation for indexed amounts from the current base salary will include all coaches/advisors (middle school and high school).
12. Any exceptions not covered in aforementioned policy may be presented to the Extra Duty Committee for consideration, with accompanying rationale and documentation, in written form.
13. The Extra Duty Committee will reserve the right to invite representative(s) of a proposal to testify in person.
14. The Extra Duty Committee will discuss and make recommendation(s) to appropriate entities after all information has been received and proposal has been considered.

MEMORANDUM OF UNDERSTANDING
BETWEEN
TWIN FALLS EDUCATION ASSOCIATION & TWIN FALLS SCHOOL DISTRICT #411

FUND BALANCE INCREASE SHARING

For 2024-2025, should the TFSD #411 unrestricted carryover increase from 2023-2024, the amount of the increase will be shared with 50% of this amount paid out to employees on a percentage basis. The manner of distribution will be as follows:

- A. Personnel employed during the current contract year are eligible for these funds. Distribution will be in the form of a one-time bonus prior to the December 2025 paycheck. Funds received are not part of the employee's contractual salary and are thereby excluded from the requirements of IC 33-515.
- B. Funds eligible for sharing are defined as the increased amount in unrestricted accounts, less open encumbrances and amounts committed for special projects. Encumbrances are defined as open purchase orders where the items ordered are not received by June 30th. Accounts committed for special projects are amounts recorded in sub-funds of the general funds. Sub-funds are maintained to record revenues and expenditures related to the operation of individual schools. Contributions for restricted usage and grants to individual schools for restricted purposes are excluded. The amount of increase to be distributed as bonuses will be shown on the district's financial reports as a special project and recognized in the exclusion calculation in the uncommitted fund balance computation.

Example: If the unrestricted carryover increases by \$400,000, the amount for salary distribution would be \$200,000.

- C. In the event that there is no increase in uncommitted funds to distribute under this agreement, the district has no obligation to disburse funds.

ONE-TIME SUPPLEMENTAL PROFESSIONAL DEVELOPMENT DAYS

For the purpose of the 2024-2025 school year only, and not considered as a contract day and/or part of the base contract for any Certificated Professional Employee, without any right or expectation of continuation or any application of any due process rights or proceedings, for the 2024-2025 school year only, the Certificated Professional Employees of the District will be provided with the opportunity to engage in two (2) supplementary days of Professional Development activities and five (2) supplementary stipend days as described below:

1. The Supplemental Professional Development Days will be held on Monday, November 25, 2024 and Tuesday, November 26, 2024.
2. The Supplemental Stipend days will be held on August 8, 2024 and August 9, 2024. On one of these days up to three (3) hours can be used for professional development and the remainder of time will be designated for teacher preparation. No mandatory building activities will be planned during the remaining time. On the other day, no PD will be planned. Instead, this time is provided to employees who wish to use the time to complete the required HR video training.
3. Each Certificated Professional Employee participating in the full day's Supplemental Professional Development Activities/Supplemental Stipend Days shall receive compensation equivalent to that respective employee's daily rate of pay.
4. To qualify for compensation, the Certificated Professional Employee must attend and participate in the entire day's activities. The day shall not be subject to application of compensation for sick leave, personal leave, or any other compensated leave provided by the District. Make-up professional development days may be approved for extenuating circumstances by the superintendent and the professional development must be approved by the elementary or secondary director. The extenuating circumstances request needs to be submitted to the superintendent by December 9 and the make-up professional development days must be completed by April 1.
5. Compensation for participation in the Supplemental Professional Development days shall be made to each Certificated Professional Employee in the month following the assigned days.

This Supplemental Professional Development Day/Supplemental Stipend Day shall not be part of the Certificated Professional Employee's base contract or base salary. There shall be no expectation of such days occurring in subsequent school years and no Certificated Professional Employee shall be automatically entitled to any contract, for any subsequent school year, which includes the addition of the Supplemental Professional Development Days of the compensation associated with such days.
