

2020 ISBA RESOLUTION NO. 8

FLEXIBILITY OF MISASSIGNMENT IN TEACHING ASSIGNMENTS

WHEREAS, there are many school districts and charter schools in Idaho in need of teachers with the appropriate content area endorsements; and

WHEREAS, there are many schools and districts in Idaho that only need to provide one period of a subject and no staff endorsed in that content area; and

WHEREAS, many schools and districts in Idaho have excellent teachers who do not have endorsements in some needed content areas; and

WHEREAS, a teacher with experience teaching at the P1 level or higher can be more effective in a subject in which they have no endorsement than a teacher with an alternative authorization and little or no teaching experience; and

WHEREAS, the State of Idaho currently only allows teachers to teach in the content areas of their endorsements; and

WHEREAS, teachers with substantial background in pedagogy and some coursework in content areas for which they have yet to be endorsed can effectively teach that content; and

WHEREAS, local school boards could benefit from having these teachers provide one period per day of instruction in a content area with which they are familiar but for which they are not endorsed.

NOW, THEREFORE BE IT RESOLVED that the Idaho School Boards Association shall work to allow local districts additional flexibility in making teacher assignments. Such flexibility would be limited to teaching outside the teacher's endorsed content area for no more than one period per day or less than 25% of the teacher's total contract time.

STATEMENT OF PURPOSE

Due to the limited number of applicants in the current teaching pool with multiple endorsements, the lack of teaching experience for alternatively authorized educators, and the need to provide one of a kind classes in many small and rural schools, the Idaho School Boards Association should actively work to allow local districts and charter schools to temporarily assign experienced teachers to fill assignments outside their areas of endorsement.
