Charter School Administrator

K-8 Free Public Leadership Charter School in Boise, Idaho

LEADERSHIP

We are seeking a leader who has a genuine interest in helping our students reach their highest potential by maintaining a positive and collaborative school culture where students and teachers can thrive using the 7 Habits of Highly Effective People.

COMMUNITY

The Village comes from the founders' desire to create a community school where every member is valued. The heart of our school has always been our teachers and staff members and the warm, welcoming environment they create for our students and parents.

GROWTH

We are looking to grow our enrollment from 300 to 550 students. The administrator will work with our CFO to develop a plan for growth to fill our current facility that will also meet the educational needs of our students.
