

ISBA discovered that a section 63-802A, Idaho Code, only applies to taxing districts, thus charter schools are exempt from reporting their hearing date to the County Clerk by today. While it is still recommended that your school board set your hearing date by today, April 30th, the change is reflected on the updated Budget & Teacher Contract Timeline which can be viewed [HERE](#).

We apologize for the confusion and appreciate your patience!

Thanks,

Karen
