

Center for Safe Schools – HGSE Confronting the Coronavirus Outbreak

Apr 6, 2020 11:34 AM

[Keith McNamara](#)

Harvard Graduate School of Education has a great series of resources to help schools and communities more effectively respond to the coronavirus crisis.

Issues addressed include how to provide stability for students, families and communities, how to mitigate learning loss using research about summer learning, and using the current uncertainty as a way to teach students about complexity:
