

As all of our communities and schools experience unprecedented challenges related to the outbreak of COVID-19, we want to remind you that ISBA is here for you.

We have been sending daily (or nearly daily) emails with substantial information on various topics you may face related to COVID-19 and public education. We hope these emails have been assisting you in a positive way as you make decisions regarding what is best for your students and staff. If you have not been receiving emails from ISBA, please contact me and we will double-check your email in our system.

Our staff has been following Governor Little's stay-at-home guidance. With that said, that is not impacting our service to you – our valued members. Please continue to contact us as you need assistance. We are conducting daily staff meetings via Zoom to ensure we each share critical information in an effort to assist you all. As a reminder, Karen's March 17th email shared the ISBA staff cell phone numbers. You can also find our email addresses on the ISBA website here: <https://www.idsba.org/about/our-staff/>.

Please do not hesitate to contact us if you have any questions, comments, or concerns. ISBA is here for you!

**Stay healthy and safe,**

Your ISBA Team
