

ISBA is happy to share some wonderful resources being brought to you by our partner, BoardDocs.

In uncertain times, public governing bodies must rely on modern governance practices to provide visibility and transparency. BoardDocs is supporting our school districts and charter schools as their modern governance partner and helping to ensure connectivity with their communities during crisis. Here are a few opportunities being offered to Idaho school districts and charter schools:

Free Upgrade to BoardDocs Plus (for current BoardDocs subscribers):

BoardDocs can improve the way public governing bodies collaborate, communicate, and manage crises which is imperative to driving modern governance during the response to COVID-19. To support current BoardDocs customers during this time, BoardDocs is offering the **Plus** subscription for free through June 30th. With this added functionality, districts and charters can create additional meeting bodies within their BoardDocs platform for internal meetings or crisis management committees.
