Idaho School Boards Association Mentor Program

ISBA Alumni program members will also have the option of joining the Mentor Program, which pairs new board members with veteran board members they can turn to for advice.

If you sign up for this service we'll keep you in mind as a possible mentor for new board members in your area who request one. You may be contacted by a new board member seeking to build a relationship that will help them navigate their first year on their board. The details of how often you meet and how the new board member should contact you with questions or to seek advice are to be determined by the two of you.

If you would like to become a mentor, please check the box on the reverse side of this flyer and return it to ISBA.

If you have any questions or want to be a participant in the Alumni Program or the Mentor Program, please contact: **Morgan at 208-854-1476 or email her at morgan@idsba.org.**
