Hiring Process and Criteria

The Board of Directors has the legal responsibility of hiring all employees. The Board assigns to the Executive Director the process of recruiting staff personnel. The Executive Director may involve various administrative and teaching staff as may be needed in recruiting potential personnel. All personnel selected for employment must be recommended by the Executive Director or designee and approved by the Board. All personnel selected for employment must also go through the applicable screening process outlined in Idaho Code 33-1210.

To aid in obtaining quality staff members, the following non-exclusive list of factors will be considered, along with any other factors relevant to the position: qualifications, training, experience, personality, character, and ability to relate well with students. Every effort will be exerted to maintain wide diversity in staff experience and educational preparation. However, the welfare of the children of the Charter School will be a paramount consideration in the selection of teachers and administrators.

This policy shall be made available to any Charter School employee or person seeking employment with the School.

Guidelines

1. There will be no discrimination in the hiring process. See Policy 5120.
2. Applicants for teaching positions shall provide evidence of meeting State requirements for certification and sign a statement authorizing current and past school district employers, including those outside the state of Idaho, to release to the Charter School all information relating to job performance or job related conduct, and making available to the School copies of all documents in the applicant's previous personnel files, investigative files, or other files. Such statement will also release the applicant's current and past employers from any liability for providing such information and documentation. Applicants who do not sign the statement/release shall not be considered for employment. The Charter School will consider information received from current and past school district employers only for the purpose of evaluating applicants' qualifications for employment in the position for which they have applied and no one shall disclose such information to anyone, other than the applicant, who is not directly involved in the process of evaluating the applicants' qualifications for employment. Applicants may be employed on a non-contracted provisional basis as allowed by law. Applicants shall not be prevented from gaining employment if current or past out-of-state employers are prevented from or refuse to cooperate with the Charter School's request. See Forms 5100F1 and 5100F2.

3. Applicants for high school and middle school positions should have a major or its equivalent in the specific teaching field(s). Elementary applicants should have a major or its equivalent in elementary education or in the special area of assignment(s). Applicants for specific teaching positions shall also meet the applicable State standards.
4. Applicants for all teaching positions should have a minimum over-all grade point average of 2.5 (A-4, B-3, C-2, D-1). All candidates should have a grade point average of 2.75 in their respective major teaching field(s).
5. When considering coaching assignments in secondary schools, preference for hiring will be given to a qualified certificated professional employee in the school where the coaching vacancy exists. The Executive Director will be responsible for assuring that all qualified and interested applicants within the building have been given consideration. Giving such individuals consideration does not mean that such an individual will necessarily be retained for a coaching position. Another individual who is not a School employee may receive the position in question.
6. As required in Idaho Code 65-505, the Charter School will observe preference for veterans and disabled veterans when considering hiring employees to fill vacancies, selecting new employees, or implementing a reduction in force.
7. As required in Idaho Code 33-130 and 33-512(15), the School will conduct a criminal history check for applicable positions. See Policy 5110.
8. Each newly hired employee must complete an Immigration and Naturalization Service form, as required by federal law.
9. Applicants must have an understanding of the Charter School mission and vision and a desire to meet the intent of the Charter School in addressing its unique reason for establishment.

The employment of any certified staff member is not official until the contract is approved by the Board and signed by both the Board Chair and the applicant.

To assist administrators in compliance with the above policy for the hiring of professional staff, the following guidelines shall be utilized:

[Choose one option from the following:]

OPTION 1: Notice of Vacancies

Vacancies will be posted after the Board has approved written resignation from a contracted professional employee of the Charter School, a termination or non-renewal has occurred, a release from contract has been granted, a new position is created within the School, or a vacancy has otherwise occurred. When that official resignation has been received or a position is otherwise available, the Executive Director will post notices in all school buildings and the Charter School Office.

The Executive Director's Office will post notice of any vacancy within the Charter School for _____ school days for current qualified employees to apply for the position.

1. Upon the conclusion of the _____ school day period, the appropriate administrator will review all requests to apply for the open position. The administrator will have the responsibility to interview all final applicants who meet the qualifications needed for the position, and may or may not make recommendation for such applicants after review.
2. If an applicant is recommended by the administrator, it will be submitted in writing to the Executive Director immediately following such determination. If such transfer would create a vacancy in another location, notice of that vacancy will be posted as specified above, with the exception that if the same grade level vacancy for the School has already been posted, the above building notice requirement may be waived and the existing applicant pool utilized.
3. Should the administrator determine that he or she does not wish to accept the request of any internal applicants, or no internal applicants have requested to apply, the administrator will give notice to the appropriate school employee, who will prepare a job notice to be posted externally.
4. An application or letter of interest will be maintained within the Charter School file for a period of one year from the date of inquiry. It is the responsibility of any applicant who desires to be considered for positions within the School to reactivate his or her file annually.
5. The Executive Director may deviate from the processes outlined in sections 1 through 5 above if he or she determines that such deviation is in the best interest of the School.

OPTION 2: Notice of Vacancies

Vacancies will be posted only after the Board has approved written resignation from a contracted professional employee of the Charter School, a termination has occurred, or if a new position is created within the School. The Executive Director shall develop procedures for the posting of available positions within the Charter School.

1. Job Vacancy Notices: Any notice from {{School_Name}} will contain the following information:
 - A. Position available and job description.
 - B. Requirements for completed application, as applicable for position, include but are not limited to:
 - a. A completed Charter School application form;
 - b. Official transcripts of all university or college credits;
 - c. A placement center file;
 - d. A personal resume;

- e. Verification or eligibility of Idaho certification; and
 - f. A signed statement/release for current and past school district employers.
 - C. Timeline for receiving application.
 - D. Process notification of how applications will be handled.
2. Application Procedures: It will be the responsibility of any applicant to provide the information listed in 1-B above.
- A. Such information must be received prior to the cutoff date for receiving applications as specified in the vacancy notice.
 - B. It will be at the discretion of the Executive Director or the appropriate administrator to determine whether such deadlines should be extended to accommodate individuals where placement center files, transcripts, or other materials are not yet received by the Charter School for consideration. Such time extension will be restricted to a reasonable time frame.
 - C. In addition to the certification information provided by the applicant, the Charter School will also request from the Office of the Superintendent of Public Instruction verification of certification status, any past or pending violations of the professional code of ethics, any detail as to any prior or pending conditions placed upon a certificate holder's certificate, any prior or pending revocation, suspension, or the existence of any prior letters of reprimand and information relating to job performance.
 - D. Within three business days of receipt of the statement releasing information from prior school district employers, as required by I. C. 33-1210, such statement shall be sent to the prior employers with a request for release of information and documentation to be provided as required by that section.
- Because responses to such requests may take up to 20 days, or possibly more for out-of-state school district employers, information received pursuant to such request may be reviewed prior to or after interviews have been concluded, at the discretion of the Charter School. Where possible, such information should be utilized as part of the screening process. However, due to considerations of time, such early review may not be possible, and such information received pursuant to this process may be reviewed or utilized up to any time prior to offering employment to an applicant.
- E. Upon receipt of the completed applications, those applications will be placed in a file for review and consideration at the Charter School Office.

Preliminary Screening

1. At either the time the job vacancy is published, or prior to the conclusion of the application period, the Executive Director will provide notice to the appropriate administrator of the desired number of qualified individuals to be included in the "screening pool". The screening pool shall be defined as the number of individuals having completed applications that may be submitted to the administrator for final screening.
2. Should the Executive Director desire to have applicants prioritized, he or she shall make such known to the administrator who will provide the prioritized list of a number consistent with the pool.

Screening

1. The administrator may establish a committee to assist in the final screening process.
2. The committee, upon receiving the written applications from the administrator, will review those applications for the purpose of:
 - A. Determining those most suited to the position;
 - B. Making personal telephone contact with one or more references submitted by the applicant;
 - C. Contacting individuals who might know the candidate, but were not listed as references, if needed; and
 - D. Inviting the top candidates to be interviewed for the position.
3. The committee will establish the procedures at the building or program level for interviewing the successful applicants.
4. For those applicants who have no prior public school work experience or whose out-of-state former employers will not release documentation requested pursuant to I.C. § 33-1210, the screening committee or administrator may engage in whatever background checks it deems appropriate but, at a minimum, shall verify all prior work experience and educational achievement listed by the applicant as the committee or administrator deems appropriate, preferably by contacting the prior employers and/or educational institutions listed by the applicant, and shall communicate with every person listed as a reference by the applicant.
5. Upon determining the qualified applicant, the administrator will submit to the Executive Director the written recommendation for the applicant to be offered a contract.

Acceptance Procedure

Once the Committee or administrator has selected the final candidate, the name will be provided to the Executive Director who will review the applicant's credentials with the administrator. If the Executive Director concurs with the recommendation, the Executive Director will:

1. Authorize a statement of intention to employ, pending Board approval, to be made to the candidate.

A. If, at the time the statement of intention to employ is made, the Charter School has not yet received documentation requested pursuant to I.C. 33-1210(3), the School may provisionally employ such applicant on a non-contracted basis for up to 30 days after receipt of the documentation. Within that 30 day time period, the Board may issue a written statement to the applicant identifying why a standard contract will not be issued and specifying which information justifies such decision. The Board may not identify any reason for non-issuance of a standard contract not based on the documentation received. If, within 30 days from the receipt of the information requested pursuant to I.C. 33-1210(3) no contract is issued or the written statement of non-employment is not provided to the applicant, the employee will be deemed to be employed pursuant to a certificated employee contract. During this provisional employment, the applicant shall be provided the same compensation and benefits as if the employee had been employed on a standard certificated contract.

If no documentation is received from out of state employers, the Charter School may employ the applicant on the School's certificated employee contract without utilizing the provisional, non-contracted employment.

B. Upon receiving a verbal or written statement of intention to accept employment, pending Board approval, by the candidate, the Executive Director will prepare the necessary papers for recommendation to the Board of Directors at the next regular or special Board meeting.

C. Submit to the Board of Directors such recommendation.

Board Action

The Board of Directors of {{School_Name}} will:

1. Have placed before it all candidate names for the position; and
2. Discuss hiring and, in situations wherein the individual qualifications of the applicant are discussed, go into executive session pursuant to law; and
3. Vote relating to approval or disapproval of the candidates. If members of the Board personally have knowledge not available to the administrator and the screening committee the Board will not take action until all concerns have been reviewed by the administrator.

Approval

Upon approval by the Board of Directors, a contract, which may comply with the forms recommended by the State Superintendent of Public Instruction, will be sent or given to the applicant pursuant to the requirements set out in I.C. 33-5206(4). The applicant must sign the contract and return it within ten days from the date the contract is delivered to them. Should the person willfully refuse to acknowledge receipt of the contract or the contract is not signed and returned to the Board in the designated period of time, the Board or designee may declare the position vacant. Should the candidate not be approved, or if the person willfully refuses to acknowledge receipt of the contract or if the contract is not signed and returned to the Board, the Executive Director will remand the situation to the administrator and screening committee to provide the next applicant's name for consideration.

Any person on provisional employment pursuant to I.C. 33-1210(7) shall be subject to the same time limits and provisions for return of a signed contract when and if such contract shall be provided to them for signature.

Certification

To qualify for employment, each teacher or administrator must have, and maintain during the entire school year, a valid Idaho teaching/administrative certificate on file in the Charter School Office at the beginning of the school year. If at any time the teacher/administrator's certification lapses, is revoked, or suspended, the certificated employee may be subjected to action declaring a contract violation and possible action to terminate the employment of the individual with the School.

Procedures for Obtaining Personnel Records for Applicants

1. Before hiring an applicant for employment in a certificated or non-certificated position the Charter School shall have the applicant sign the statement/release (form 5100F1) and provide a list of their previous employers. The list may be obtained via resume or application. The Charter School will not hire an applicant who refuses or fails to sign the statement/release.
2. The signed statement/release will then be sent by the Charter School to each and every, current or past, in state or out of state, school district employer of the applicant along with a request for information relating to job performance and/or job related conduct (Form 5100F2).

Note: The Charter School is not required to request the information for all applicants. The School is only required to request the information for the applicant(s) who are considered being offered the position. However, in the interest of timeliness, as it may take up to 20 days to receive such information, the Charter School may request the information of every applicant who has sent a signed statement/release.

3. The Charter School may follow up with current or past school district employers if the information requested has not been received within 25 days from the date the request was sent. The Charter School may hire non-certificated applicants on a non-contractual conditional basis pending receipt of the information requested. Applicants shall not be prevented from being hired if an out of state current or past school district employer refuses to comply with the request. The Charter School will attempt to obtain a written refusal along with the reason for the refusal from the non-compliant out of state school district employer. The written refusal shall be kept as a part of the applicant's file. The Board directs the Executive Director to establish steps to be taken in confirming prior work experience and checking references of new employees whose former employers refuse to release documentation, and for those with no prior public school work experience.
4. The Charter School shall also request the State Department of Education provide verification of certification status as well as any past or pending violations of the Professional Code of Ethics and information related to the job performance of the applicants for any certificated position (form 5100F3).
5. When such information and documentation is not received prior to screening or interviews, the Charter School will review such information no less than 30 days after it has been received. If an applicant has been offered provisional employment pursuant to I.C. 33-1210(7), the Charter School should review the documentation within ten days of receipt. If a written statement of non-employment is to be provided to the provisional employee, it shall be provided before the end of 30 days after the receipt of the documents. If the provisional employee is to be employed by the Charter School, a written contract should be provided

prior to the end of the 30 day period. It is the goal of the Charter School to avoid any situation where an applicant or provisional employee is employed by default or without a written contract.

6. The Charter School shall use information received from applicant's current or past employers only for the purposes of evaluating an applicant's qualifications for employment in the position for which the applicant has applied. No Board member or Charter School employee shall disclose the information received to any person, other than the applicant, who is not directly involved in the process of evaluating the applicant's qualifications for employment.

Veterans' Preference

The Charter School shall give preference in hiring, and in the case a reduction in force, consideration for a retention, to veterans, unmarried widows and widowers of veterans, and the spouse of any veteran who is unable to work in public employment due to a service-connected disability. Such applicants shall be referred to as "preference eligible applicants" throughout this policy.

This preference does not apply to temporary positions or to appointments to the Board.

For the purpose of this policy, "veterans" means any person who has been discharged or released from active duty in the armed forces under honorable conditions who served on active duty for at least 180 consecutive days.

The Charter School shall post this procedure on the School's website and shall note on all announcements and advertisements of applicable vacancies that preference will be given to preference eligible applicants. Applications for qualifying positions shall ask whether the applicant is claiming veterans' preference and whether the applicant has previously claimed such a preference. The form shall also indicate what documentation is required to confirm veteran status.

Any application for a position submitted by a preference eligible applicant shall be considered, provided it is received before a candidate is chosen to fill the position, regardless of whether the application is received before the deadline to receive applications.

The Charter School shall interview all preference eligible applicants who qualify for the position for which they have applied unless the total number of preference eligible applicants applying for a position exceeds ten.

A preference eligible applicant shall be hired in cases where no other employee is more qualified or there is no articulable reason to select another candidate.

Appeal Process

If an applicant or employee believes they have been denied preference to which they are entitled under this procedure, they may appeal the decision within 35 days of the alleged denial of preference by submitting a written request for appeal to the Board clerk. Such request must include:

1. The applicant or employee's full name and mailing address;
2. A request for either a telephonic or a face-to-face hearing. In the former case, the telephone number where a telephonic hearing may be conducted must be included;

3. The position applied for (if applicable);
4. A brief statement of the applicant or employee's basis of eligibility for a preference;
5. A brief statement of the issues the applicant or employee proposes to raise at the hearing; and
6. Any dates or times the petitioner or the petitioner's attorney cannot be available for a hearing.

The Board shall direct the Principal to notify the applicant or employee of the time and date of the hearing and that the Board shall be the presiding officer at the hearing. Such notice shall be provided at least seven days before the hearing and indicate:

1. Whether the meeting will be by phone or in person;
2. The location of the meeting, if it will be held in person. In person meetings may only be held in the city where the position is located unless the parties agree otherwise; and
3. The address to which relevant documents must be sent.

The hearing shall be held within 35 days of receipt of the request unless good cause to extend the hearing is shown by the Board or by the applicant/employee, in which case the hearing must be held within 70 days.

Prior to the hearing, each side shall notify the others of the witnesses they intend to call and provide one another with copies of any documents to be presented. Evidence may be considered or rejected in accordance with IDAPA 21.01.06.103.03.

The applicant or employee may be represented by an attorney, at their own expense, if they choose.

The Board shall issue a written order reflecting its decision on the matter within 35 days of the hearing. The order shall include:

1. Specific findings on all major facts at issue;
2. A reasoned statement in support of the decision;
3. All other findings and recommendations of the Board;
4. A preliminary decision finding that a preference was or was not applied by the public employer as required by Idaho law;
5. The procedure and time limits for filing an appeal to the Charter School court under Section 65-506, Idaho Code.

Certificated Personnel Employment

[OPTION 1 -

Pursuant to Idaho Code Section 33-5206(4), the employment of charter school teachers and administrators shall be on a written contract conditioned upon a valid certificate being held by such professional personnel at the time of entering upon the duties thereunder.

NOTE – as each Charter School may use a different contract form, each school needs to insert the details of the manner and method for which contracts are issued and applicable to different categories of employees (i.e teachers, administrators, certificated personnel performing extra day or extra duty assignments). As a written contract between an employee and a governmental entity is a constitutional property right, the detail associated with the employment contracts utilized by each individual charter school should address the due process procedure that meets the minimum standards applicable to such contract, including but not limited to notice and the opportunity for the employee to be heard.

Delivery of Contract

Delivery of a contract may be made only in person, by certified mail, return receipt requested, or electronically, return receipt requested. If delivery is made in person, the delivery shall be acknowledged by a signed receipt.

If the Charter School delivers contracts via electronic means, with return electronic receipt, and the Charter School has not received a returned signed contract and has not received an electronic read receipt from the employee within a period of ____ days, the Charter School shall then resend the original electronically delivered contract to the employee via certified mail, return receipt requested, or via hand delivery and provide such individual with a new date for contract return.

Return of the Contract

A person who receives a proposed contract from the Charter School shall have ____ days from the date of delivery to sign and return the contract.

Failure to Accept or Acknowledge

Should a person willfully refuse to acknowledge receipt of the contract or if the contract is not signed and returned to the Board within the designated time period, the Board may declare the position vacant. **[OPTIONAL:** Through this policy the Board delegates to the Executive Director **AND/OR** Human Resources Director **[select one or both]** the power, as the designee of

the Board, to declare such position vacant should a signed contract not be returned within the designated period.]]

[OPTION 2 – FOR CHARTER SCHOOLS THAT CHOOSE TO UTILIZE STANDARD STATE APPROVED TEACHER CONTRACTS APPLICABLE TO SCHOOL DISTRICTS

Definitions

Category 1 Certificated Employees: Certificated personnel hired on a limited one year contract after August 1st or the spouse of a Trustee hired under the limited provisions of Section 33-507(3), Idaho Code.

Category 2 Certificated Employees: Certificated personnel in the first and second years of continuous employment within the same charter school/school district.

Category 3 Certificated Employees: Certificated personnel in the third year of continuous employment by the same charter school/school district.

Renewable Contract Certificated Employees: At the Charter School's sole discretion, and upon being offered a contract for a fourth full consecutive year of employment as a certificated teacher, certificated personnel may automatically renew their employment with this Charter School, for the next school year, by timely returning their contract.

The Charter School shall have the option to grant renewable contract status when it hires a certificated employee who had been on a renewable contract with another Idaho charter school/school district or who has out-of-state experience which would otherwise qualify the certificated employee for renewable contract status in Idaho. Alternatively, the Charter School can place the certificated employee on a Category 3 contract. Such Category 3 placement may be for one, two, or three years.

Retired: Certificated personnel receiving retirement benefits from the public employee retirement system of Idaho, except those who received benefits under the early retirement program previously provided by the State, will be hired as at-will employees on a form contract approved by the Superintendent of Public Instruction for Retired Teachers or Retired Administrators.

Interim Certificate Holder: A certificated employee who holds an interim certificate while they pursue an alternate route to certification must complete at least nine semester credits annually toward the completion of their alternate route to certification and meet their annual progress goals toward the completion of the alternate route. The Charter School may take action to terminate or non-renew a teacher with an interim certificate who fails to meet these requirements. Such termination or non-renewal shall be carried out in accordance with State law and administrative rules and Charter School policy.

Notice

1. Category 1 certificated employees' contracts are specifically offered for the limited duration of the ensuing school year, and no further notice is required by the Charter School to terminate the contract at the conclusion of the contract year.
2. Category 2 certificated employees shall be provided a written statement of reason for non-reemployment by no later than July 1st and are not entitled to a review of the reasons or decision not to reemploy by the Board.
3. Category 3 certificated employees shall be provided a written statement of reason for non-reemployment by no later than July 1st and shall, upon written request, be given the opportunity for an informal review of such decision by the Board. The parameters for the informal review will be determined by the Board. Before the Board determines not to renew the contract for the unsatisfactory performance of Category 3 certificated employees, such employees shall be entitled to a defined period of probation as established by the Board, following at least one evaluation. In no case shall the probationary period be less than eight weeks. The probation shall be preceded by written notice from the Board, with the reasons for the probationary period and the areas of work which are deficient and with provisions for adequate supervision and evaluation of the employee's performance during the probationary period.
4. Contracts for all renewable contracted certificated employees shall be issued by July 1st. All employees on renewable contracts must timely return their contract. The employee's failure to timely return a renewable contract may be interpreted by the Board as a declination of the right to automatic renewal or the offer of another contract. Before the Board determines not to renew the contract for the unsatisfactory performance of renewable contracted certificated employees, such employees shall be entitled to a defined period of probation as established by the Board, following an observation, evaluation, or partial evaluation. The probation shall be preceded by written notice from the Board, or its designee, with the reasons for the probationary period and with provisions for adequate supervision and evaluation of the employees' performance during the probationary period.
5. Contracts for retired teachers are specifically offered for the limited duration of the ensuing school year, and no further notice is required by the Charter School to terminate the contract at the conclusion of the contract year.

Supplemental Contracts

An extra duty assignment is, and extra duty supplemental contracts may be issued for, an assignment which is not part of a certificated employee's regular teaching duties. A supplemental contract for extra duties shall be separate and apart from the certificated employee's underlying contract (Category 1, 2, 3 or renewable) and no property rights shall attach. A written notice of non-reissuance of the extra duty supplemental contract with a written statement of reasons shall be provided. Upon written request, the certificated employee shall be given the opportunity for an informal review of such decision by the Board. The parameters for the informal review will

be determined by the Board. The contract should be in a form approved by the State Superintendent of Public Instruction.

An extra day assignment is, and supplemental extra day contracts may be issued for, an assignment of days of service in addition to the standard contract length used for the majority of certificated employees of the Charter School. Such additional days may be in service of the same activities as the employee's regular teaching duties. Any such extra day contracts shall provide the same daily rate of pay and rights to due process and procedures as provided by the certificated employee's underlying contract (Category 1, 2, 3 or renewable). The contract shall be in a form approved by the State Superintendent of Public Instruction.

Delivery of Contract

Delivery of a contract may be made only in person, by certified mail, return receipt requested, or electronically, return receipt requested. If delivery is made in person, the delivery must be acknowledged by a signed receipt.

If the Charter School delivers contracts via electronic means, with return electronic receipt, and the School has not received a returned signed contract and has not received an electronic read receipt from the employee, the School shall then resend the original electronically delivered contract to the employee via certified mail, return receipt requested, and provide such individual with a new date for contract return.

Return of the Contract

A person who receives a proposed contract from the Charter School shall have _____ days **[no less than ten days]** from the date of delivery to sign and return the contract.

Failure to Accept or Acknowledge

Should a person willfully refuse to acknowledge receipt of the contract or if the contract is not signed and returned to the Board within the designated time period, the Board may declare the position vacant. **[OPTIONAL:** Through this policy the Board delegates to the Executive Director **AND/OR** Human Resources Director **[select one or both]** the power, as the designee of the Board, to declare such position vacant should a signed contract not be returned within the designated period.]]

Informal Review

The following events and circumstances create a right allowing the specified employees to request an Informal Review for the Board's decision to not reemploy or reissue an employment contract:

1. Non-reemployment of Category 3 teachers;
2. An administrative employee reassignment;
3. Non-reissuance of Supplemental Extra-Duty Contracts; and
4. Any other circumstance specified in Idaho law creating a right to request an informal review.

The parameters for the Informal Review will be determined by the Board.

[OPTIONAL]

The request for an Informal Review must be in writing and include a statement explaining the reasoning for disagreement with the Board's decision. The statement must not exceed to two pages.

The Charter School will use the following procedure:

1. The employee must request, in writing, an Informal Review within _____ work days of receiving notice of the events creating a right to Informal Review. The request must be submitted to the Board Clerk. Failure to request Informal Review within _____ work days will result in the employee waiving the right to an Informal Review.
2. The employee will be given an opportunity to meet with the Board in executive session within _____ work days of the date that the request for Informal Review is submitted to the Board, or alternately, at the next regularly scheduled Board meeting, as determined by the Board. At the option of the Board, the employee may be permitted to provide the Board with documentation in support of the employee's position. The Board, in its discretion, may limit the amount of time allotted for presentation of any additional information by the employee during the Informal Review.
3. The Administration shall have the right to be present during the Informal Review and shall be provided the opportunity to respond to the employee's presentation and/or respond to any inquiries by the Board.

4. The Board shall make a decision to uphold the earlier employment decision, or make some other decision regarding the issue(s) raised during the Informal Review. Such decision shall be made by the Board in open session, identifying the employee by number or letter (*i.e.*, “Subsequent to the Informal Review, the Board upholds the prior employment decision regarding Employee “A”).
5. The Board shall notify the employee, in writing, of its final decision on the matter within fifteen (15) days of the date of the Informal Review.

The employee does not have the right to be represented by an attorney or a representative of the state teachers’ association, present evidence other than that detailed above, or present and/or cross-examine witnesses unless specifically agreed to by the Board. The Board may elect to ask questions of the employee or administrator present at the Informal Review, but this does not confer upon the employee the right to ask questions of the Board or the administration.

Criminal History/Background Checks

General

It is the policy of the {{School_Name}} not to employ or to continue the employment of classified, professional or administrative personnel who may be deemed unsuited for service by reason of arrest and/or criminal conviction. While an arrest or conviction of a crime, in and of itself, may not be an automatic bar to employment, if an arrest or conviction relates to suitability of the individual to perform duties in a particular position, such person may be denied employment or, in the case of current employees, may face disciplinary action up to and including termination.

It is the policy of this Charter School to perform criminal history checks as required by Idaho law and to perform other types of background checks on employees or volunteers including, but not limited to:

1. Contacting prior employers for references;
2. Contacting personal references; and/or
3. Contacting other persons who, in the discretion of the Charter School, could provide valuable information to the School.

Where a prior conviction is discovered, the Charter School will consider the nature of the offense, the date of the offense, and the relationship between the offense and the position for which application is sought, or the person is employed. Any individual convicted of a felony offense listed in I.C. § 33-1208(2) shall not be hired.

If an applicant or employee makes any misrepresentation or willful omissions of fact regarding prior criminal history, such misrepresentation or omission shall be sufficient cause for disqualification of the applicant or termination of employment.

Any certificated employee who was hired prior to July 1, 2020 and has their teaching certificate revoked by the Professional Standards Commission due to updated crimes listed in I.C. § 33-1208 shall be granted an informal review based on their contract category, as outlined in Policy 5105.

Initial Hires

In order to protect the health, safety, and welfare of the students of the Charter School, Idaho law requires the following employees to submit to criminal history checks. The list is to include, but is not limited to:

1. Certificated and non-certificated employees;
2. All applicants for certificates;
3. Substitute staff;
4. Individuals involved in other types of student training such as practicums and internships; and
5. All individuals who have unsupervised contact with students.

A criminal history check shall be based on a complete ten finger fingerprint card or scan and include, at a minimum, the following:

1. Idaho Bureau of Criminal Identification;
2. Federal Bureau of Investigation (FBI) criminal history check; and
3. Statewide sex offender registry.

Employees will be required to undergo a criminal history check within five days of starting employment or unsupervised contact with students, whichever is sooner.

The fee charged to an employee shall be \$40.00. All criminal history check records will be kept on file at the state department of education. A copy of the records will be given to the employee upon request.

Employee Arrest or Conviction

All employees shall have the continuing duty to notify the Charter School of any arrest, charge or criminal conviction that occurs subsequent to being hired by the School. In the event that any employee, whether full-time or part-time, probationary or non-probationary, classified or certified, is arrested, charged, or indicted for a criminal violation of any kind, whether misdemeanor or felony, with the exception of minor traffic infractions, he or she is required to report such arrest promptly to the employee's supervisor or department head within one business day unless mitigating circumstances exist. This reporting requirement applies regardless of whether such arrest has occurred on-duty or off-duty. Failure to comply with this reporting requirement shall be grounds for disciplinary action, up to and including termination.

Additionally, if an employee has a protection order served against him or her, the employee shall follow the same reporting requirements as outlined above.

Supervisors or department heads shall contact the Executive Director or designee upon receiving notification that an employee has been arrested or has a protection order served against him or her. The Charter School reserves the right to determine appropriate disciplinary action in such cases, up to and including termination, depending upon the facts and circumstances surrounding the incident.

It is the discretion of the Charter School to terminate or take other action against any employee that has either been convicted of one or more of the felony offenses set forth in I.C. § 33-1208 or made a material misrepresentation or omission on their job application.

Substitute Teachers

The State Department of Education shall maintain a statewide list of substitute teachers. To remain on the statewide substitute teacher list, the substitute teacher shall undergo a criminal history check every five years. If a substitute teacher has undergone a criminal history check within five years as a result of employment with another charter school, the Charter School may in its sole discretion, not require a substitute to undergo a criminal history check. If the Charter School does desire a substitute teacher who has undergone a criminal history check within the last five years to undergo an additional criminal history check, the School will pay the costs of such check.

Other Employees

The Charter School may require that any employee be subjected to criminal history checks. If required, the School will pay the costs of such checks.

Volunteers

Any volunteer in the Charter School who has regular unsupervised access to students, as determined by the Executive Director or his or her designee, shall submit to a fingerprint criminal background investigation conducted by the appropriate law enforcement agency prior to consideration for volunteering in the Charter School.

Any requirement of a volunteer to submit to a fingerprint background check shall be in compliance with the Volunteers for Children Act of 1998 and applicable federal regulations. If a volunteer has any prior record of arrest or conviction by any local, state, or federal law enforcement agency for an offense other than a minor traffic violation, the facts must be reviewed by the Executive Director, who shall decide whether the volunteer is suitable to be in the presence of the students in the Charter School. Arrests resolved without conviction shall not be considered in the hiring process unless the charges are pending.

Contractors

The Charter School maintains a safe environment for students by developing a system that cross-checks all contractors or other persons who have irregular contact with students against the statewide sex offender register.

Confidentiality

Outstanding warrants, criminal charges, and/or protective orders may be confidential. An employee who is provided access to such information relating to another employee shall ensure that the information remains confidential. If an employee discloses such information without authorization, the employee shall be subject to disciplinary action.

Reporting New Employees

The Idaho Legislature has established an automated State directory of new hires to be administered by the Idaho Department of Labor (herein after “Department”). The State directory of new hires provides a means for employers to assist in the State’s efforts to prevent fraud in the welfare, worker’s compensation, and unemployment insurance programs; to locate individuals to establish paternity; to locate absent parents who owe child support; and to collect support from those parents by reporting information concerning newly hired and rehired employees directly to a centralized State database.

The Charter School will report the hire or rehire of an individual by submitting to the department a copy of the employee’s completed and signed United States internal revenue service form W-4 (employee’s withholding allowance certificate). Before submitting the W-4 form, the Charter School will ensure that the W-4 form contains the following information:

1. The employee’s name, address, and social security number;
2. The Charter School’s name, address, and federal tax identification number;
3. The Charter School’s Idaho unemployment insurance account number, which must be designated at the bottom of the form; and
4. The employee’s date of hire or rehire, which must be designated at the bottom of the form.

This Charter School will report the hiring or rehiring of any individual to the department within twenty (20) calendar days of the date the employee actually commences employment for wages or remuneration. The report will be deemed submitted on the postmarked date or, if faxed or electronically submitted, on the date received by the Department. A copy of the report will be retained by the Charter School, and the copy will set forth the date on which the report was mailed, faxed, or electronically transmitted.

Should the Charter School choose to file its report electronically, the Charter School will comply with the Department’s regulations of such transmissions. Electronically transmitted reports will be filed by two monthly transmissions if necessary, not less than twelve (12) days apart and not more than sixteen (16) days apart.

The Charter School is not liable to the employee for the disclosure or subsequent use of the information by the Department or other agencies to which the Department transmits the information.

Except where expressly provided to the contrary, personnel policies apply uniformly to the employed staff of the Charter School.

Classified employees are employed at-will and the Charter School policy manual is not intended to and does not serve to express a term of an employment agreement. Work Day

For purposes of this policy, work day for certificated employees is defined as the time an employee is expected to be on the school's premises. The Board and administration recognize that certificated teaching professionals put in hours far in excess of those hours which they are expected to be at the school; however, this excess time is not considered as part of the work day for the purposes of this policy.

Work day for classified employees is defined as the length of time of scheduled work for the individual classified employee. No work outside of this time frame is expected, required, or approved.

The length of a work day for a certified employee shall be _____ hours for a full-time certified employee. The work day is generally exclusive of lunch and extracurricular assignments, but inclusive of preparation time and assigned duties. Arrival time shall generally be one-half hour before classes begin or as otherwise directed by the Executive Director.

[OPTIONAL] – Other conditions pertaining to certified work day, preparation periods, lunches, etc., are found in the employee handbook approved by the Board of Directors. Such handbooks may change from time to time and a new handbook will be approved by the Board for each school year.

Length of Work Day - Classified

The length of a classified work day is governed by the number of hours for which the employee is assigned. A "full-time" employee shall be considered to be an eight hours per day, 40 hours per week employee. The work day is exclusive of lunch but inclusive of breaks unless otherwise and specifically provided for by the individual contract. The schedule will be established by the supervisor. Normal office hours in the Charter School will be _____ a.m. to _____ p.m.

[OPTIONAL] Breaks

A daily morning and afternoon rest period of 15 minutes may be available to all full-time, classified employees. Hourly personnel may take one 15 minute rest period for each four hours that are worked in a day. Breaks will normally be taken approximately in mid-morning and mid-afternoon and should be scheduled in accordance with the flow of work and with the approval of the employee's supervisor.

Sexual Harassment/Sexual Intimidation in the Workplace

According to the Equal Employment Opportunity Commission, sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, including unwanted touching, verbal comments, sexual name calling, gestures, jokes, profanity, and spreading of sexual rumors.

The Charter School shall do everything in its power to provide employees an employment environment free of unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct or communications constituting sexual harassment, as defined and otherwise prohibited by State and federal law. In addition, principals and supervisors are expected to take appropriate steps to make all employees aware of the contents of this policy. A copy of this policy will be given to all employees.

Charter School employees shall not make sexual advances or request sexual favors or engage in any conduct of a sexual nature when:

1. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment;
2. Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual; or
3. Such conduct has the purpose or effect of substantially interfering with the individual's work performance or creating an intimidating, hostile, or offensive working environment.

Sexual harassment prohibited by this policy includes verbal or physical conduct. The terms "intimidating", "hostile", or "offensive" include, but are not limited to, conduct which has the effect of humiliation, embarrassment, or discomfort. Sexual harassment will be evaluated in light of all of the circumstances.

Aggrieved persons who feel comfortable doing so, should directly inform the person engaging in sexually harassing conduct or communication that such conduct or communication is offensive and must stop.

Employees who believe they may have been sexually harassed or intimidated should address the matter as described in Policy 3085 and Procedure 3085P. An individual with a complaint alleging a violation of this policy which does not fall within the scope of Policy 3085 and Procedure 3085P shall follow the Uniform Grievance Procedure.

Investigation

If an allegation of sexual harassment is found to not fall within the scope of Policy 3085 and Procedure 3085, but still claims conduct which violates this policy, the designated school officials will take immediate steps to:

1. Protect the grievant from further harassment;
2. Discuss the matter with and obtain a statement from the accused and his or her representative, if any;
3. Obtain signed statements of witnesses; and
4. Prepare a report of the investigation.

Confidentiality

Due to the damage that could result to the career and reputation of any person accused falsely or in bad faith of sexual harassment, all investigations and hearings surrounding such matters will be designed, to the maximum extent possible, to protect the privacy of, and minimize suspicion towards, the accused as well as the complainant. Only those persons responsible for investigating and enforcing this policy will have access to confidential communications, unless otherwise required by Policy 3085 or Procedure 3085P. In addition, all persons involved in an allegation which falls within the scope of this policy, and not within the scope of 3085 or 3085P are prohibited from discussing the matter with coworkers and/or other persons not directly involved in resolving the matter.

A violation of this policy may result in discipline, up to and including discharge. Any person making a knowingly false accusation regarding sexual harassment will likewise be subject to disciplinary action, up to and including discharge.

Sexual Harassment/Intimidation in the Workplace Policy Acknowledgment

I have read and been informed about the content and expectations of the Sexual Harassment/Intimidation in the Workplace Policy. I have received a copy of the policy and agree to abide by the guidelines as a condition of employment and continuing employment by the Charter School.

Employee Signature

Employee Printed Name

Date

Certificated Staff Grievances

It is the Board's desire that procedures for settling certificated staff grievances be an orderly process within which solutions may be pursued. Further, that the procedures provide prompt and equitable resolution at the lowest possible administrative level. Additionally, it is the Board's desire that each certificated employee be assured an opportunity for orderly presentation and review of grievances without fear of reprisal.

Grievance Definition

A grievance pursuant to this policy shall be a written allegation of a violation of written Board approved Charter School policy.

Grievance Procedure

A staff member with a grievance is encouraged to first discuss it with their immediate supervisor, with the objective of resolving the matter promptly and informally. An exception is that complaints of sexual harassment should be addressed according to Policy 3085 and Procedure 3085P, and violation of any other protected status should be discussed with the first line administrator that is not involved in the alleged grievance. This attempt at informal resolution is not a required component of the grievance policy but is suggested in an effort to attempt to resolve disputes informally.

If the grievance is not resolved informally, and the grievant wishes to continue to seek to address the grievance, the grievant shall file the written grievance with their immediate building principal. The written grievance shall state:

1. The policy employee believes was violated;
2. The alleged date of violation;
3. The actor involved in the alleged violation; and
4. The remedy requested by the employee.

The written grievance must be filed with the Executive Director within ten working days of the date of the initial event allegedly giving rise to the grievance.

The Executive Director or his or her designee shall meet with the grievant and shall, at the discretion of the Executive Director or designee, seek whatever additional documentation the Executive Director deems appropriate, and conduct whatever additional meetings or investigative activities the Executive Director or designee believes are necessary to address the grievance.

Subsequent to these activities and within a period of ten working days, the Executive Director shall provide the grievant with a written response to the grievance of the certificated employee. If the grievant is not satisfied with the decision of the Executive Director, the Board is the next avenue for appeal. A written appeal must be submitted to the Board within five days of receiving the Executive Director's decision. The Board is the policy-making body of the Charter School, however, and appeals to that level must be based solely on whether or not policy has been followed. Any individual appealing a decision of the Executive Director to the Board bears the burden of proving a failure to follow Board policy.

Upon receipt of a written appeal of the decision of the Executive Director, and assuming the individual alleges a failure to follow Board policy, the matter shall be placed on the agenda of the Board for consideration not later than their next regularly scheduled meeting so long as received more than three days in advance of such meeting. If such is received within three days of such meeting, the Board may schedule a Special Meeting of the Board or alternatively such matter may be placed on the agenda for the next subsequently following Board Meeting. A decision shall be made and reported in writing to all parties within 30 days of that meeting. The decision of the Board will be final.

Grievances will be processed according to the step-by-step process outlined in the Uniform Grievance Procedure 4120, however, in the case where a person designated to hear a grievance is the subject of the grievance, the grievance process will begin at the next highest step and the process shall be modified as needed to meet the objectives of the Grievance Procedure. If a grievance is directly based on official Board action, the grievance shall be directed to the Clerk of the Board. The grievance may be heard by the Board at the sole discretion of the Board.

Abused and Neglected Child Reporting

The personal safety and welfare of each child is of paramount concern to the Board of Directors, employees, and patrons of the Charter School. It is of particular importance that employees within the School become knowledgeable and thoroughly educated as to their legal and ethical responsibilities regarding observation and reporting of suspected child abuse, child abandonment, or child neglect. The Executive Director shall review with staff the legal requirements concerning suspected child abuse at the commencement of each year.

"Abuse" is defined in I.C. § 16-1602 of the Idaho Code as any case in which a child has been the victim of conduct or omissions resulting in skin bruising, bleeding, malnutrition, burns, fracture of any bone, subdural hematoma, or soft tissue swelling. Abuse is further defined in I.C. 16-1602 to include sexual conduct including rape; molestation; incest; prostitution; obscene or pornographic photographing, filming, or depiction for commercial purposes; or other similar forms of sexual exploitation harming or threatening the child's health or welfare or mental injury to the child. Abuse also includes abandonment and neglect.

"Abandoned" is defined as the failure of the parent to maintain a normal parental relationship with his or her child including, but not limited to, reasonable support or regular personal contact. Failure to maintain this relationship without just cause for a period of one year is evidence of abandonment.

"Neglected" means a child:

Who is without proper parental care and control, or subsistence, education, medical or other care or control necessary for his well-being because of the conduct or omission of his parents, guardian or other custodian or their neglect or refusal to provide them with these items;

-I.C. § 16-1602(25).

A Charter School employee who has reasonable cause to suspect that a student may be an abused, abandoned, or neglected as defined above or who observes a child being subjected to conditions which would reasonably result in abuse, abandonment, or neglect shall report or cause to be reported such a case to local law enforcement or the Department of Health and Welfare within 24 hours.

Employees of the Charter School shall notify their supervisor immediately of the case. The supervisor shall immediately notify the Executive Director or his or her designee, who shall also, in turn, report or caused to be reported the case to local law enforcement or the Department of Health and Welfare.

Any person who has reason to believe that a child has been abused, abandoned, or neglected and, acting upon that belief, makes a report of abuse, abandonment, or neglect as required in Idaho Code § 16-1605 is immune from any liability, civil or criminal, that might otherwise be incurred or imposed. Any person who reports that a child has been abused, abandoned, or neglected in bad faith or with malice is not entitled to immunity from any civil or criminal liability that might otherwise be incurred or imposed, per I.C. § 16-1606.

In addition, according to I.C. § 16-1607:

Any person who makes a report or allegation of child abuse, abandonment, or neglect knowing the same to be false or who reports or alleges the same in bad faith or with malice shall be liable to the party or parties against whom the report was made for the amount of actual damages sustained or statutory damages of five hundred dollars (\$500), whichever is greater, plus attorney's fees and costs of suit. If the court finds that the defendant acted with malice or oppression, the court may award treble actual damages or treble statutory damages, whichever is greater.

Any Charter School employee who fails to report a suspected case of abuse, abandonment, or neglect to the Department of Health and Welfare or local law enforcement, or who prevents another person from doing so, may be civilly liable for the damages proximately caused by such failure or prevention, and is guilty of a misdemeanor. The employee will also be subject to disciplinary action up to and including termination and if the employee is a certificated professional employee, reporting to the Professional Standards Commission for possible violation of the Code of Ethics for Idaho Professional Educators.

Reporting

Any Charter School employee who has witnessed or has reliable information that a student has been subject to harassment, intimidation, or bullying, must report the incident to the designated school official in accordance with Charter School policy and procedure, including Policies 3295 and 3295P.

Knowingly submitting a false report under this policy shall subject the employee to discipline up to and including termination.

The Executive Director, school administrator, and/or their designee shall be responsible for receiving complaints alleging student harassment, intimidation, and bullying and will ensure that documented complaints will be maintained as a confidential file in the Charter School office and reported as required by the State Department of Education.

Personal Conduct

Employees are expected to maintain high standards of honesty, integrity, and impartiality in the conduct of Charter School business and are required to comply with and conform to Idaho law, the provisions of the School's Charter and policies, and the Code of Ethics of the Idaho Teaching Profession.

In addition to the conduct enumerated in Idaho law and the Code of Ethics of the Idaho Teaching Profession, an employee should not dispense or utilize any information gained from employment with the Charter School, accept gifts or benefits, or participate in business enterprises or employment which create a conflict of interest with the faithful and impartial discharge of the employee's School duties. A Charter School employee may, prior to acting in a manner which may impinge on any fiduciary duty, disclose the nature of the private interest which creates a conflict. Care should be taken to avoid using, or avoid the appearance of using, official positions and confidential information for personal advantage or gain.

Further, employees should hold confidential all information deemed to be not for public consumption as determined by law and Board policy. Employees shall also respect the confidentiality of people served in the course of the employee's duties and use information gained in a responsible manner. Discretion should be employed even within the School's own network of communication.

Charter School employees who are contacted by the media should direct such inquiries to either the individual in question or to the Executive Director, his or her designee, or to

_____ **[A SPECIFIC PERSON IN THE EMPLOYMENT OR PUBLIC RELATIONS OFFICE].**

Administrators and supervisors may set forth specific rules and regulations governing an employees' conduct on the job within a particular building.

Personnel Conflict of Interest

It is not uncommon for a Charter School to employ people who are related to one another or romantically involved with one another. However, it is inappropriate for one family member or romantic partner to have direct influence over the other's conditions of employment (i.e., salary, hours worked, shifts, evaluation, etc.).

For the purpose of this policy, family member or romantic partners are defined as spouse, domestic partner, daughter, son, parent, grandparent, grandchild, sister, brother, mother-in-law, father-in-law, daughter-in-law, or son-in-law.

In any case, when employees are unsure about a potential conflict, they should fully disclose the circumstances in writing to their supervisor. If one family member or romantic partner has influence over another family member or romantic partner's conditions of employment, the following should occur:

1. In collaboration with the supervisor, the involved employees will be provided 30 days to make a decision regarding a change. Options include, but are not limited to:
 - A. One employee applying to transfer to another area; or,
 - B. Revising the reporting structure in the department so that one employee no longer has direct influence over the other employee's conditions of employment; or
2. If a decision is not reached by the end of the 30-day period, the department head, or next level of administrator, will resolve the situation.

Nothing in this policy shall require the Executive Director or Board, in the case when the conflict of interest directly relates to the Executive Director, to transfer an employee to a different position in an effort to avoid a conflict of interest if doing so would not be in the best interest of the Charter School.

Insubordinate Conduct

In the educational setting there are high expectations for employee behavior. This is necessary to ensure effective and efficient operation of the school and to model and reinforce appropriate professional interactions for our students. Accordingly, employees shall treat all administrators, students, and colleagues in an appropriate professional manner.

Employees shall comply with all work-related orders, instructions, and directives issued by a proper authority. Insubordination; manifest disrespect; acts or language which hamper(s) the school's ability to control, manage, or function; displays of unacceptable modeling of rules for students or staff; or any other serious breaches involving improper attitudes or improper action toward persons in positions of authority are just cause for and may result in employee discipline, up to and including possible termination.

Examples of improper conduct include, but are not limited to:

1. Disobeying an appropriate order, instruction, or directive of a supervising employee or administrator;
2. Refusing to accept a reasonable and proper work assignment or directive of a supervising employee or administrator;
3. Disputing or ridiculing authority;
4. Exceeding authority; and/or
5. Using vulgar or profane language to a supervising employee or administrator.

Adult Sexual Misconduct

This policy shall apply to all staff, contractors, and volunteers who have contact with students.

For the purposes of this policy, sexual misconduct is defined as any sexual activity directed at a student, regardless of age, with the purpose of developing a romantic or sexual relationship. It includes activities that are:

1. Physical and non-physical;
2. Conducted in person or through other modes of communication;
3. Conducted before, during, or after school;
4. On Charter School property or elsewhere; and
5. Legal and illegal.

Illegal sexual misconduct is characterized by sexual contact between an adult and a child under the age of 18 and includes explicit sexual conduct, solicitation of a minor child to participate in a sexual act, sexual exploitation and dissemination of sexual material harmful to minors. Sexual misconduct also includes such inappropriate verbal conduct as sexual comments or questions, jokes, taunting, and teasing and such inappropriate physical conduct as kissing, hair stroking, tickling, and frontal hugging.

Sexual misconduct is prohibited. Staff and volunteers who engage in sexual misconduct shall be subject to disciplinary activity, including termination. They may also be reported to law enforcement and/or the Department of Health and Welfare, as described in Policy 5260.

To avoid the appearance of impropriety, staff should avoid singling students out for personal attention such as frequent hugging or other physical contact, the giving of gifts, frequent compliments directed toward a particular student, overly personal cards, notes, or electronic communications, or teasing that references gender or contains sexual innuendo. Staff should take reasonable measures to avoid being alone with any student unless there is a legitimate, work-related need to be alone with the student. In cases such as before or after school tutoring, teachers may ask another teacher to be present in the classroom, or such tutoring may be conducted in a less private area with other adults present, such as in the school library.

The Charter School recognizes that some student interactions occur outside the classroom. School employees and volunteers should avoid the appearance of impropriety by refraining from the following behavior:

1. Conducting ongoing, private conversations with individual students that are unrelated to school activities or the well-being of the student and take place in locations inaccessible to others;

2. Inviting a student or students for home visits without informing parents;
3. Visiting the homes of students without the knowledge of parents;
4. Inviting students for social contact off school grounds without the permission or knowledge of the parents; and
5. Transporting students in personal vehicles without the knowledge of parents or supervisors.

Reporting Sexual Misconduct

Any staff member, contractor, or volunteer who has reasonable cause to believe a staff member, contractor, or volunteer has engaged in misconduct or that any other adult has engaged in sexual misconduct on Charter School property or at a Charter School event shall report the misconduct to his or her supervisor, who shall notify the Executive Director or designee. The matter shall be investigated in accordance with Policy 3085 and Procedure 3085P. Investigation of any report of sexual misconduct shall include an investigation of whether the incident constitutes a violation of Title IX. Sexual misconduct not which does not fall within the definition of sexual harassment provided in

The incident shall also be reported to the Charter School Title IX Coordinator to be investigated and addressed in the same manner as a report of sexual harassment.

The individual with reasonable cause to believe sexual misconduct has occurred shall also report the incident in accordance with Policy 5260, if applicable.

False Reports

Making a knowingly false report of sexual misconduct is prohibited and may result in the termination of a staff member or volunteer who makes such a report or in the suspension or expulsion of a student who makes such a false report.

Distribution of Policy and Training

This policy shall be posted on the Charter School website and provided to all new employees upon hiring, to all volunteers upon acceptance as volunteers. The employee or volunteer shall sign an acknowledgment, to be retained by the Charter School, indicating that they have received and reviewed a copy of this policy.

The Charter School shall provide training on preventing and reporting sexual misconduct to all staff who have contact with students.

[OPTIONAL – Only applicable if the Charter School has a Representative Organization for negotiations pursuant to Section 33-5206(3), Idaho Code.]

Professional Employee Representation for Purposes of Negotiations

In accordance with the applicable provisions of the Idaho Code, in order for the Charter School to engage in negotiations with an authorized Local Education Organization, upon Board request, the organization shall be required to demonstrate to the School that it has been duly chosen and selected by 50% plus one of the professional employees of the Charter School, excluding administrative personnel, as their representative organization for negotiations.

Commencing Negotiations

A party interested in commencement of negotiations shall provide the other party notice of such interest, in writing.

If the Board is interested in commencement of negotiations, it shall provide written notification to any representative organization for which membership is known to exist at the Charter School (i.e. local affiliation with IEA, AFT, NWPEA etc.). If the Charter School is not aware of any membership, the School has no obligation to provide notice. However, if the Charter School is aware that a local educational entity has 50% plus one dues paying members, the School need only contact this one organization about a desire to commence negotiations.

If an organization is interested in the commencement of negotiations, a written letter shall be advanced by the organization to the Board's Clerk. An organization interested in the commencement of negotiations need not be a formal organization with any ties to any state or national entity. Such organization may be entirely comprised of a local group of certificated professional employees of the Charter School, with no affiliation to any outside organization.

Identification of the Number of Professional Employees Required for Negotiations

Upon notification of interest in commencing negotiations, whether such is by the Charter School or by an organization, the School shall prepare a list of all certificated professional employees of the Charter School currently on contract, excluding those serving as administrative personnel and hire-the-retired employees under Section 33-1004H, Idaho Code.

Charter School personnel shall ascertain from this list what number of individuals the organization must represent to obtain Local Education Organization status for the purpose of negotiations pursuant to the 50% plus one requirement.

The Charter School shall notify the organization of the representation number necessary to meet the 50% plus one requirement. This notification shall be in writing or via electronic communication so as to maintain a record of such communication.

If a certificated employee is a partial administrative FTE and a partial teaching FTE, and is counted as such on the Charter School's State reporting, the School may include the partial teaching FTE, only to the extent of the percentage of the partial teaching FTE, in the listing and calculation for representative status.

If any question arises as to the number of certificated professional employees required to reach the 50% plus one representative status, a meeting shall be held between (a) Charter School representative(s) and representation of the organization to review the manner in which the figure was reached.

Obtaining Authorizations and Representative Status

The organization's process for obtaining authorization for representative status for the purposes of negotiations must include the following:

1. Representation authority for the purpose of negotiations must be documented in writing.
2. Representation authority for the purpose of negotiations must be associated with the current or immediately previous school year in question even if such is contended to be continuing or rolling. The current school year's representation authority status shall be noted on the written authorization from the professional employee.
3. For representation status for the purpose of negotiations, the subject employee need not be a member, dues paying or otherwise, of any official labor organization, association, or union.

Both parties shall keep in mind a number of additional considerations from the Code of Ethics for Idaho Professional Educators and the Idaho Right to Work Laws which indicate:

1. Unethical conduct includes willfully interfering with the free participation of colleagues in professional associations.
2. The right to work shall not be subject to undue restraint or coercion.
3. The right to work shall not be infringed or restricted in any way based on membership, affiliation, or financial support of a labor organization or the refusal of the same.
4. No person shall be required, as a condition of employment or continuation of employment:

- A. To resign or refrain from voluntary membership in, voluntary affiliation with, or voluntary financial support of a labor organization, or
 - B. To become or remain a member of a labor organization, or
 - C. To pay any dues, fees, assessments, or other charges of any kind or amount to a labor organization, or
 - D. To pay to any charity or other third party, in lieu of such payments, any amount equivalent to or a pro-rata portion of dues, fees, assessments, or other charges regularly required of members of a labor organization, or
 - E. To be recommended, approved, referred, or cleared by or through a labor organization.
5. It is unlawful to deduct from the compensation of any employee any fees, assessments, or other charges paid over to a labor organization, unless the employee has first provided the Charter School with the employee's signed, written authorization. The employee may revoke the authorization for withholding at any time by giving written notice of such revocation to the Charter School.
 6. It is unlawful for any person, by any threatened or actual intimidation or by any damage or threatened damage to the property of an employee/prospective employee or the family of an employee/perspective employee, to compel or attempt to compel an employee to join, affiliate, or financially support a labor organization or to refrain from doing so.
 7. It is unlawful to cause or attempt to cause an employee to be denied employment or discharged from employment because of support or nonsupport of a labor organization by inducing or attempting to induce any other person to refuse to work with an employee.

Neutral Party Selection

The School shall create a list of three neutral individuals from which one will be selected by the parties to serve as the "Neutral Party", the individual responsible for reviewing and determining if the organization has met the representative status of 50% plus one as required by statute.

This list shall be prepared in writing and all such individuals on the list shall have been contacted to assure their willingness and capability to perform such duties and:

1. Such Neutral Party shall not be or have been a former employee with the Charter School and shall not have a spouse, parent, child, or grandchild who is or has been a former employee of the Charter School.
2. Such Neutral Party shall not be or have been a former employee or member of any affiliated state organization or fellow local organization affiliated with a state organization associated with the local organization seeking representative status and likewise shall not have a spouse, parent, child, or grandchild who is or has been a former employee or member of the affiliated state organization or a fellow local organization associated with the state organization.

3. Such Neutral Party list shall be generated from a review of local current and/or former public officials and public citizens who serve the community. Examples may include but not be limited to: local city council members or employees, local mayor or mayor's office employees, local legislators, employees of the State Department of Education, employees of the State Board of Education, local judges or county clerk's, officials or officers at a local banking institution, etc.

A meeting shall be held between a Charter School representative(s) and representatives of the organization seeking to obtain Local Education Organization status. At such meeting, the written list of neutral individuals will be provided and discussed. If the parties cannot mutually agree to select one of the individuals from the list, the parties shall take alternative turns, each striking one individual from the list to leave a final selection, with the organization seeking to obtain representative status having the first option to strike a name. The final name left after each side has had the chance to strike one will serve as the Neutral Party responsible for determining if the organization has met the representative status of 50% plus one as required by statute.

Subsequent to selection of the neutral party, both the Charter School and organization shall sign written notification of the selection and neither party shall have communications, directly or indirectly, with the Neutral Party, absent the consent and participation of the other party.

Neutral Party Review

Jointly, the Charter School and the organization shall provide the Neutral Party with the following information to ascertain representative status:

1. The Charter School shall provide, in writing, to the Neutral Party, the list of professional employees on contract, excluding administrative personnel and hire-the-retired personnel as per section 33-1004H, Idaho Code, prepared pursuant to step number 2, above.
2. The organization shall provide, in writing, to the Neutral Party, the current written authorization documentation, from each certificated professional employee who has signed such, documenting authority to act as a representative for the purpose of negotiations.
3. The organization is not required to provide the current written authorization documentation to the Charter School or its Executive Director, but may choose to do so if it so desires.
4. The Charter School shall provide a copy of this policy.

The Neutral Party shall then compare the list provided by the Charter School and the current authorizations from the organization. Any authorization that is more than two years old shall not be counted toward the establishment of representative status. Upon completion of the comparison, the Neutral Party shall prepare a written letter indicating the exact percentage of

qualifying Charter School Professional Employees, to the second decimal, that have provided written authorization to the organization to serve as a representative for negotiations purposes. This letter shall be notarized and jointly provided to the Charter School and the organization seeking representation status for the purpose of negotiations.

Final Steps

If representative status of 50% plus one has been obtained, the parties then may initiate the negotiation process with the now determined Local Education Organization for the purpose of negotiations. If such representative status has not been met due to failure to meet the statutory required levels, negotiations shall not commence.

If no new organization seeks to obtain representative status for the purpose of negotiations and to be deemed the local education organization, in due course the Charter School's Board may establish compensation and benefits and other working conditions as it deems appropriate.

Drug- and Alcohol-Free Workplace

Purpose

The {{School_Name}} is committed to a safe working environment, to making adequate provisions for the safety and health of its employees at their place of employment, and to the safety and health of the students we serve as well as the general public.

The use of alcohol and illegal drugs, and the misuse of prescription drugs is unacceptable. All Charter School workplaces are hereby declared to be drug- and alcohol-free workplaces. A copy of this policy will be provided to each employee with materials describing the dangers of drug use in the workplace and information on any drug counseling, rehabilitation, or employee assistance programs available.

All employees are prohibited from:

1. Unlawful manufacturing, dispensing, distributing, possessing, being under the influence of a controlled substance, or using illegal drugs or drug paraphernalia, while on Charter School premises, while performing work for the Charter School, or in attendance at Charter School-approved or school-related functions;
2. Distributing, manufacturing, selling, consuming, using, possessing, or being under any degree of intoxication or odor from alcohol while on Charter School premises, while performing work for the Charter School, or in attendance at school-approved or school-related functions; and
3. Taking prescription drugs above the level recommended by the prescribing physician and using prescribed drugs for purposes other than those for which they are intended. In addition, employees will not distribute a prescribed drug to another employee or student.

As a condition of employment, each employee shall:

1. Abide by the terms of Charter School policy respecting a drug- and alcohol-free workplace; and
2. Notify his or her Executive Director of his or her conviction under any criminal drug statute including but not limited to the use of controlled substances, alcohol, prescription drugs, or over-the-counter drugs.

Definitions as Used in This Policy

"Illegal use of drugs" means the use of drugs, the possession or distribution of which is unlawful. Such term does not include the use of a drug taken under the supervision of a licensed health care professional.

"Drug" or "illegal drug" means a controlled substance as defined in Schedules I through V of Section 202 of the Controlled Substances Act found in Chapter 27, Title 37 Idaho Code.

"Conviction" means a finding of guilt, including a plea of no-contest, withheld judgment or imposition of a sentence, or both, by any judicial body charged with the responsibility to determine violations of the federal or state criminal drug statutes.

"Criminal Drug Law" means a federal or non-federal criminal statute involving the manufacture, distribution, dispensing, possession, or use of any controlled substance.

Controlled Substance” means any drug or substance that is:

1. Not legally obtainable;
2. Being used in a manner different than prescribed;
3. Legally obtainable, but has not been legally obtained; or
4. Referenced in federal or State controlled substance acts.

“Substance Abuse” is the misuse or illicit use of alcohol, drugs, or controlled substances, including but not limited to marijuana, heroin, or cocaine.

Confidentiality

Records that pertain to the Charter School’s employee required substance screens are recognized to be private and sensitive records. They shall be maintained by the Executive Director or his or her designee in a secure fashion to ensure confidentiality and privacy and be disclosed only to the extent necessary to address any work-related safety risks occasioned by either the drug or alcohol use. Medical records, and information relating directly thereto, shall be maintained in accordance with provisions of Idaho law and used with the highest regard for employee privacy consistent with law and the purpose of achieving and maintaining a drug free workplace. All personnel records and information regarding referral, evaluation, substance screen results, and treatment shall be maintained in a confidential manner and no entries concerning such shall be placed in an employee's personnel file.

Pre-Employment Testing

Applicants being considered for employment positions **[may/shall]** be required to submit to a urinalysis test for the detection of the illegal use of drugs. Applicants shall be given a copy of this policy in advance of employment. Applicants must acknowledge having read or had this policy explained to them and should understand that as a condition of employment they are

subject to its contents. Applicants shall sign an acknowledgment prior to substance screening, permitting the summary result to be transmitted to the Executive Director or his or her designee.

An applicant refusing to complete any part of the drug testing procedure shall not be considered a valid candidate for employment with the Charter School, and such will be considered as a withdrawal of the individual's application for employment. If substance screening shows a confirmed positive result for which there is no current physician's prescription, a second confirming test may be requested by the Executive Director or his or her designee. If the first or any requested second confirming test is positive, any job offer shall be revoked.

Physical Examination/Screening Based Upon Reasonable Suspicion

Whenever the Board, through its authorized designee, and/or the Executive Director, reasonably suspect that an employee's work performance or on-the-job behavior may have been affected in any way by illegal drugs or alcohol or that an employee has otherwise violated the Charter School's Drug-Free Workplace Substance Abuse Policy, the employee may be required to submit a breath, saliva, urine, and/or blood sample for drug and alcohol testing. When a supervisor observes or is notified of behaviors or events that lead the supervisor to believe that the employee is in violation of the Drug-Free Workplace Substance Abuse Policy, the supervisor shall notify the Executive Director.

An employee who is required to submit to drug/alcohol testing based upon reasonable suspicion and refuses shall be charged with insubordination, and necessary procedures will be taken to terminate the employee in accordance with Board policy and State law.

An employee who tests positive on a reasonable suspicion test will be in violation of this policy. Violation of this policy shall constitute grounds for termination in accordance with Board policy and State law.

The Charter School's authorized designee, or the Executive Director are the only individuals in the School authorized to make the determination that reasonable suspicion or cause exists to order a drug screen and are the only individuals who may order an employee to submit to a drug screen.

Two types of cases for which reasonable suspicion procedures may be invoked are:

1. Chronic cases: Deteriorating job performance or changes in personal traits or characteristics where the use of alcohol or drugs may be reasonably suspected as the cause; and
2. Acute case: Appearing to be under the present influence of alcohol and/or drugs or investigation of an accident where the use of alcohol or drugs is reasonably suspected to be a contributing cause in a specific incident or observation.

Circumstances under which substance screening may be considered, in either the chronic or acute cases, include but are not limited to the following:

1. Observed use, possession, or sale of illegal drugs and/or use, possession, sale, or abuse of alcohol, and/or the illegal use or sale of prescription drugs;
2. Apparent physical state of impairment of motor functions;
3. Marked changes in personal behavior not attributable to other factors;
4. Employee involvement in or contribution to an accident where the use of alcohol or drugs is reasonably suspected or employee involvement in a pattern of repetitive accidents, whether or not they involve actual or potential injury; and
5. Violations of criminal drug law statutes involving the use of illegal drugs, alcohol, or prescription drugs and/or violations of drug statutes.

The circumstances under which substance screening may be considered, as outlined above, are strictly limited in time and place to employee conduct on duty or during work hours, or on or in Charter School property, or at School-approved or School-related functions.

Post-Accident Testing

Drivers while on School business or operating a School vehicle involved in a motor vehicle accident which involves either a fatality or the issuance of a citation for a moving violation to the Charter School employee **[may/will]** be tested for alcohol misuse and controlled substance abuse.

The driver will contact the Charter School at the time of the accident unless he or she is physically impaired as a result of the accident. The School will contact the testing lab. The testing lab will specify where the alcohol and/or controlled substance testing is to be completed.

If a driver is not able to produce enough breath to test for alcohol using a state approved breath analyzer, a blood test may be done for alcohol.

Law enforcement officials may require a driver involved in an accident to submit to tests administered as part of their jurisdiction. For purposes of this policy, only the test results provided by the Charter School testing laboratory will be accepted.

Failure of an employee to submit to testing for either alcohol or a controlled substance will be considered a positive test and will be determined as cause for disciplinary action.

Testing for alcohol must be done within eight hours of the time of the accident. Testing for controlled substances must be done within 32 hours of the time of the accident.

The driver subject to post-accident testing must refrain from consuming alcohol for either eight hours following the accident or until he or she submits to an alcohol test, whichever comes first. Failure to do so will constitute a positive test result and will be determined as cause for disciplinary action.

Opportunity to Contest or Explain Test Results

Employees or job applicants who have a positive confirmed test result may explain or contest the result to the Executive Director or his or her designee within five working days after the Executive Director or designee contacts the employee or job applicant and shows him or her the positive test result as it was received from the laboratory in writing.

Return to Duty Testing

An employee who has been given the opportunity to undergo rehabilitation for drugs or alcohol shall, as a condition of returning to duty, be required to agree to a reasonable follow-up testing established by the Executive Director or his or her designee. The extent and duration of the follow-up testing will depend upon the safety or security nature of the employee's position and the nature and extent of the employee's substance abuse problem. The Executive Director or his or her designee is to review the conditions of continued employment with the employee prior to the employee returning to work. Any such condition for continued employment shall be given to the employee in writing. This agreement must be signed by the employee before the employee is allowed to return to the job. Prior to the employee coming back on the job, the employee must complete a drug and/or alcohol test which shows negative results.

The Executive Director or his or her designee may consult with the employee's rehabilitation program in determining an appropriate follow-up testing program, including the frequency of any substance screening contained in a follow-up testing program. In no instance shall such screening be ordered by the Executive Director or his or her designee more than one time within a 72 hour period. In the event of positive test results, the Executive Director or his or her designee will work out disciplinary procedures, if any, in accordance with Board policy and State law.

Any employee subject to return to duty testing that has a confirmed positive drug test shall be in violation of this policy. Violation of this policy shall constitute grounds for immediate termination in accordance with Board policy and State law.

Inspections

Employees may be assigned Charter School-owned offices, vehicles, lockers, desks, cabinets, etc. for the mutual convenience of the School and personnel. Employees have no expectation of privacy in any of these locations or any personal belongings which they may place in such areas.

Whenever the Board reasonably suspects that an employee's work performance or on-the-job behavior may have been affected in any way by alcohol or drugs or that an employee has sold, purchased, used, or possessed alcohol, drugs, or drug paraphernalia on Charter School premises, the Board may search the employee and the employee's locker, desk, or other School property under the control of the employee.

Inspections under this policy are limited to investigations into work-related misconduct and offenses. Any searches for law enforcement purposes must comply with all applicable State laws.

Charter School Action Upon Violation of Policy

Employees in violation of the provisions of this policy shall be subject to disciplinary action up to and including termination. Alternatively, the Board may require an employee to successfully complete an appropriate drug- or alcohol-abuse employee-assistance rehabilitation program. The fact that an employee has been referred for assistance and his or her willingness or ability to rehabilitate are appropriate considerations as to what, if any, disciplinary action may be taken.

Should the Charter School employees be engaged in the performance of work under a federal contract or grant, or under a state contract or grant of \$5,000 or more, the Executive Director or his or her designee shall notify the appropriate State or federal agency from which the School receives contract or grant moneys of the employee's conviction, within ten days after receiving notice of the conviction.

In determining whether and to what extent an employee will be disciplined or discharged in regard to violating this policy, the Board will consider the following factors: the degree to which the nature of the criminal offense reduces the Charter School's ability to maintain a safe working environment; the degree to which the nature of the criminal offense unreasonably endangers the safety of other employees and/or students; the degree to which the conviction unreasonably undermines the public confidence in the School's operations; the nature of the criminal offense; the nature of the employee's job with the School; the existence of any explanatory or mitigating facts or circumstances; whether the employee promptly reports the conviction; and any other facts relevant to the employee, including but not limited to years of service and record of performance with the Charter School.

An employee can be discharged for work-related misconduct as provided in I.C. 72-1366, for the following reasons:

1. A confirmed positive drug and/or alcohol test, with a test result of not less than .02 BAC;
2. The employee refusing to provide a sample for testing purposes;
3. The employee altering or attempting to alter a test sample by adding a foreign substance;
or
4. The employee submitting a sample that is not his or her own.

Within 30 days after receiving notice of a conviction, the Charter School will take appropriate disciplinary action and/or refer the employee to an appropriate substance abuse rehabilitation program.

Drug and Alcohol Abuse Testing Program and Procedures

Drug and Alcohol Abuse Testing Program

Purpose: The purpose of this procedure is to establish guidelines to be followed in the drug and alcohol testing of applicants for positions with the Charter School as well as current Charter School employees.

Program Responsibility: The Executive Director or his or her designee has the overall responsibility for this program and will be responsible for reviewing the results of drug tests; reviewing and interpreting each confirmed positive test to determine if there is an alternative medical explanation for the positive result; conducting an interview with the individual testing positive to determine if the positive result was caused by legally prescribed medication; requiring a retest of the original specimen if the Executive Director or designee deems it necessary; and verifying that the laboratory report and the specimen are correct.

If the Executive Director or designee determines that there is a legitimate medical explanation for the positive test other than the use of a prohibited drug, the Executive Director or designee will conclude that the test is negative and will not take any further action.

Any employee or prospective employee who has a positive test result may request that the same sample be retested by a laboratory mutually agreed upon by the employee and the Charter School.

Designation of Laboratory: _____ has been selected to perform the testing on specimens submitted. _____ will be responsible for performing the required drug test. _____ will also be responsible for properly handling specimens for alcohol testing. _____ is a certified lab approved for drug testing. A breath analysis test will be performed by a certified Breath Alcohol Technician.

Collection Site: _____, is the designated collection site for collecting urine specimens.

Authorization for Testing: When the person reports to the collection site, the drug and/or alcohol screening procedure will be explained and the person will be asked to assist in completing any necessary forms. All persons subject to testing for any reason shall be asked to sign the necessary authorization forms which will allow the test to be performed and for the information to be provided to the Executive Director about the required drug and/or alcohol test.

Refusal to Test: The following constitutes refusal to test:

1. Refusing to sign any of the following forms:
 - A. Statement that a copy of the alcohol and drug testing procedures and policy has been given and explained; or
 - B. Agreement to be tested according to the alcohol and drug testing procedures and policy.

The following constitutes alcohol testing refusals:

1. Refusal by any employee to complete and sign the breath alcohol testing form;
2. Failure to provide adequate breath without a valid medical explanation in writing; or
3. Failure of an employee to remain readily available for testing for eight hours following an accident that requires testing.

The following constitute drug testing refusals:

1. Failure to provide a urine sample within four hours, without a valid medical explanation in writing; or
2. Conduct that clearly obstructs testing procedures; or
3. Failure of employee to remain readily available for testing for 32 hours following an accident requiring testing

Specimen Retention: The retention of specimens for possible future analysis is the responsibility of _____. _____ shall retain all specimens for a minimum period of one week. At such time, negative specimens will be discarded. Positive specimens will be resealed and retained in a separate and secure area for a minimum of one year. Within this one year period, the person tested or the Executive Director or his or her designee can request in writing that the laboratory retain the sample for an additional reasonable period specified in the request. If no proper written request is received within the one year period, the sample may be discarded.

Notification and Administrative Processing of Positive Results: All analytical results, negative and positive, will be reported by the laboratory to the Executive Director within an average of five days after receiving the specimens. The Executive Director or his or her designee will interview the person to determine if there is any satisfactory explanation for the positive result. The Executive Director or designee may conduct an additional medical interview with the individual and may require the original specimen to be reanalyzed if necessary.

Record Retention: Confidential records of drug tests results are recognized to be private and sensitive records, which will be maintained in a secure fashion to ensure confidentiality. Records showing an employee passed a drug test will be kept for at least one year. Records showing that an employee failed a drug test, the type of test (e.g., reasonable suspicion), the illegal drug(s) used by the employee, and the disposition of each employee will be kept for at least five years.

These records, or any of them, may be maintained by the Executive Director or his or her designee's discretion for an indefinite period of time beyond the above specified minimums. Information regarding an individual's drug testing results is confidential and will be released by the Executive Director or designee only upon the written consent of the individual, except that results may be released and relied upon by the Charter School in any administrative or court action by the employee involving the drug test or any discipline resulting from a violation of this policy, including employment and court proceedings.

Collection of Specimens: At least 30 ml of urine will be required to complete the test, or the test will be rejected and must be re-performed. The designated collection site shall have an enclosure within which private urination can occur, a toilet for completion of urination, and a source of water for washing hands. Procedures for collecting urine specimens shall allow individual privacy unless there is reason to believe that a particular individual may alter or substitute the specimen. Examples of reasonable cause to believe a specimen will be altered or substituted include the presentation of a urine specimen that falls outside the normal temperature range (90.0 deg. F - 100.0 deg. F) and presentation of a specimen with a specific gravity of less than 1.0003.

Changes to Procedures: This procedure may be amended from time to time to facilitate changes in the Charter School's Drug Free Workplace Substance Abuse Policy as necessary.

Drug and Alcohol Abuse Testing Procedures for Job Applicants

All applicants will be furnished a copy of the Drug Free Workplace Substance Abuse Policy in advance of the drug testing and alcohol testing and will have the screening procedure explained to them.

Applicants will be asked to sign an authorization for the tests which will release the Executive Director to disclose the results of the drug and alcohol test. In the event an applicant refuses to execute the appropriate authorization or to submit to the drug and alcohol tests, the Executive Director will suspend the procedures at that point.

The Executive Director or his or her designee will review the analytical results of the drug and alcohol tests, and interview the applicant, either by phone or in person, to determine whether there is any satisfactory explanation for a positive result.

The Executive Director or designee may require the original specimen to be reanalyzed if necessary.

The Executive Director or designee will advise the applicant that he or she has tested positive and, if requested, will allow the applicant a reasonable period, not to exceed three days, to provide additional medical evidence of a proper prescription for the drug(s) which caused the positive test. Nothing herein shall be construed as requiring the Executive Director or designee to disclose to the applicant the drug(s) for which the applicant tested positive. Rather, it is the duty of the applicant to disclose to the Executive Director or designee and, upon request, to provide the Executive Director or designee with evidence of all drugs taken by prescription.

Drug and Alcohol Testing of Current Employees Reasonably Suspected of Drug or Alcohol Abuse

Once the determination has been made that an employee is to be tested based upon reasonable suspicion, the Executive Director or his or her designee shall make arrangements to transport the employee to the collection site or make other appropriate arrangements for transportation. The collection site personnel should be notified that the reason for testing is reasonable suspicion.

Upon arriving at the collection site, the employee will be asked to sign a release for testing and to assist in completing the necessary forms for testing. After the employee has signed the necessary releases for testing, then the standard procedures for drug and alcohol testing should be followed by the collection site personnel.

Once the procedure has been completed, the employee should be transported back to the Executive Director's office where the employee will be placed on administrative leave with pay until the results of the tests are available.

If the employee refuses to sign the release or refuses to be tested by _____, the employee should be advised that under Board Policy refusal is insubordination. If the employee continues to refuse, the employee should be transported back to the Executive Director's office. The Executive Director will place the employee on administrative leave with pay with instructions to call his or her office before the normal reporting time for that employee on the following workday.

If the Executive Director or designee feels that the employee is in no condition to operate a vehicle, then the employee should be transported home. Under no circumstances should the employee be allowed to drive. If the employee insists, the Executive Director designee should tell the employee that if he or she gets in a vehicle to drive that he or she will call the police or the Sheriff's Department and give them the location, license plate number, etc.

In the event of positive test results, the Executive Director or designee will review other records of the employee and work out proper disciplinary procedures, if any, in accordance with Board policy and State law.

Once the employee has been scheduled for testing, if the employee refuses to be tested, the employee will be considered insubordinate and subject to disciplinary procedures. If an employee has been notified to go for testing and fails to show up for the test, this will be considered the same as refusal to test unless a medical emergency or accident prevents the employee from testing, in which case credible documentation will be required that substantiates the reason for being absent from the testing. If, at the sole discretion of the Executive Director, the employee is allowed to be tested at a later date, the above procedure will be repeated. In no case will an employee be allowed more than one opportunity to be rescheduled for testing.

Employees who refuse to be tested or who do not appear for testing and do not have a documented credible reason for being absent from the testing time will be subject to disciplinary

procedures and will cease to be considered a viable candidate for the current position and for any future position openings in this classification until the employee has signed a release for drug testing at the time of submitting any future applications for this classification. The collection site personnel should notify the Executive Director in the event an employee refuses to test or does not arrive for testing. In the event of positive test results, the Executive Director will then review other records of the employee work out proper disciplinary procedures, if any, in accordance with Board policy and State law.

Employee Use of Social Media Sites, Including Personal Sites

Because of the unique nature of social media sites, such as Facebook and Twitter, and because of the Charter School's desire to protect its interest with regard to its electronic records, the following rules have been established to address social media site usage by all employees:

Protect Confidential and Proprietary Information

Employees shall not post confidential or proprietary information about the Charter School, its employees, students, agents, or others. The employee shall adhere to all applicable privacy and confidentiality policies adopted by the School or as provided by State or federal law.

Do Not Use the Charter School's Name, Logos, or Images

Employees shall not use the Charter School logos, images, iconography, etc. on personal social media sites.

Employees shall not use the School name to promote a product, cause, political party, or political candidate.

Employees shall not use personal images of students, names, or data relating to students, absent written authority of the parent of a minor or authority of an adult or emancipated student.

Respect Charter School Time and Property

[CHOOSE ONE OF THE FOLLOWING OPTIONS]

Option 1: No Use of Social Media During Work Hours or on Charter School Equipment

Charter School computers and time on the job are reserved for School-related business. Employees shall not use School time or property on personal email or social media sites.

Option 2: Limited Use of Social Media on Charter School Equipment Permitted

Employees will use email and social media for personal purposes only during non-work times, such as during lunch or before or after school. Any use must occur during times and places that the use will not interfere with job duties, negatively impact job performance, be observable by students, or otherwise be disruptive to the school environment or its operation.

On Personal Sites

If you identify yourself as a Charter School employee online, it should be clear that the views expressed, posted, or published are personal views, not necessarily those of the Charter School, its Board, employees, or agents.

Opinions expressed by staff on a social networking website have the potential to be disseminated far beyond the speaker's desire or intention, and could undermine the public perception of fitness of the individual to educate students, and thus undermine teaching effectiveness. In this way, the effect of the expression and publication of such opinions could potentially lead to disciplinary action being taken against the staff member, up to and including termination or nonrenewal of the contract of employment

Keep Personal and Professional Accounts Separate

Staff members who decide to engage in professional social media activities will maintain separate professional and personal email addresses.

Staff members will not use their Charter School email address for personal social media activities. Use of School email for this purpose is prohibited and will be considered a violation of Charter School policy that may result in disciplinary action.

Contact with Students

Although it is desired that staff members have a sincere interest in students as individuals, partiality and the appearance of impropriety must be avoided. Pursuant to the Code of Ethics for Idaho Professional Educators, individuals shall maintain a professional relationship with all students, both inside and outside of the classroom. Excessive informal or social involvement with students is therefore prohibited. This includes:

1. Listing current students as "friends" on networking sites wherein personal information is shared or available for review which results in the certificated professional employee not maintaining the Code of Ethics, which requires professional relationships with students both inside and outside the classroom;
2. Contacting students through electronic means other than the Charter School's email and telephone system;
3. Coaches electronically contacting a team member or members without including all team members in the communication;
4. Giving private cell phone or home phone numbers to students without prior approval of the Charter School; and
5. Inappropriate contact of any kind including via electronic media.

Nothing in this policy prohibits Charter School staff and students from the use of education websites or use of social networking websites created for curricular, co-curricular, or extracurricular purposes where the professional relationship is maintained with the student.

Failure to maintain a professional relationship with students, both inside and outside of a classroom setting, including interaction via social networking websites of any nature, e-mailing, texting, or any other electronic methods will result in the required reporting of such conduct to the Professional Standards Commission by the Charter School's Administration and may result in employment action up to and including possible termination.

Rules Concerning Charter School-Sponsored Social Media Activity

If an employee wishes to use Facebook, Twitter, or other similar social media sites to communicate meetings, activities, games, responsibilities, announcements etc., for a School-based club or a School-based activity or an official School-based organization, the employee must also comply with the following rules:

1. The employee must set up the club, activity, etc. as a group list which will be "closed and moderated";
2. The employee must set up mechanisms for delivering information to students who are not members of the group via non-electronic means;
3. Members will not be established as "friends" but as members of the group list;
4. Anyone who has access to the communications conveyed through the site may only gain access by the permission of the employee. Persons desiring to access the page may join only after the employee invites them and allows them to join;
5. Parents shall be permitted to access any site that their child has been invited to join **[Optional: and at least one parent/guardian of each student who is a group member must also be a member of the group]**. Parents shall report any communications by students or school personnel they believe to be inappropriate to Charter School administration;
6. Access to the site may only be permitted for educational purposes related to the club, activity, organization, or team;
7. The employee responsible for the site will monitor it regularly;
8. The Executive Director shall be permitted access to any site established by the employee for a School-related purpose;
9. Employees are required to maintain appropriate professional boundaries in the establishment and maintenance of all such Charter School-sponsored social media activity. This includes maintaining a separation between the School activity pages and

employees' personal social media profiles and pages;

10. Postings made to the site must comply with the Charter School's Policy 5335 Employee Use of Electronic Communications Devices; and

11. The Executive Director reserves the right to shut down or discontinue the group if he or she believes it is in the best overall interest of the students.

Recommended Practices for Use of Social Media Sites, Including Personal Sites

Think Before Posting

Privacy does not exist in the world of social media, therefore the Charter School recommends that employees consider what could happen if a post becomes widely known and how that may reflect on the poster, the School, and its patrons. Search engines can turn up posts years after they are created and comments can be easily forwarded or copied. If you would not say it at a Board Meeting or to a member of the media or a colleague, consider the propriety of posting it online.

Be Respectful

Posts should be considered carefully in light of how they would reflect on the poster, colleagues, and the Charter School and on its students, patrons, and employees.

Remember Your Audience

Be aware that a presence in the social media world is or easily can be made available to the public at large. This includes students, fellow employees, and peers. Consider this before publishing to ensure the post will not unnecessarily alienate, harm, or provoke any of these groups.

Contact with Students

Pursuant to the Code of Ethics for Idaho Professional Educators, individuals shall maintain a professional relationship with all students, both inside and outside of the classroom. In order to avoid the appearance of partiality or impropriety, all electronic communications with students should be through official Charter School e-mail or your work phone. Do not list current students as friends on social media sites, do not give students your personal e-mail address or phone number, and do not text students.

Keep Personal and Professional Use Separate

Staff members who decide to engage in personal social media activities will maintain separate professional and personal email addresses.

Staff members will not use their Charter School email address for personal social media activities. Such uses will be considered a violation of School policy and may result in disciplinary action.

The Charter School reserves the right to monitor communications transmitted and received through the School network. This may include social media messages and updates sent to a School e-mail account.

Charter School Social Media Sites

Notify the Charter School: Employees that have or would like to start a School social media page should contact their Executive Director or designee. All Charter School pages must have an appointed employee who is responsible for content. The School should outline the duties of the employee responsible for the site, including how often the site must be checked for comments and who is allowed to post to the site. The Executive Director should be aware of the content on the site, arrange for periodic monitoring of the site, and for the receipt and addressing of any complaints about the content on the site. The Executive Director reserves the right to shut down or discontinue the site if he or she believes it is in the best overall interest of the students.

Have a Plan: The Charter School should consider their messages, audiences, and goals as well as their strategy for keeping information on social media sites up to date, accurate, and in the best interest of the students.

Protect the Charter School Voice: Posts on Charter School affiliated social media sites should protect the School's voice by remaining professional in tone and in good taste. Carefully consider the naming of pages or accounts, the selecting of pictures or icons, compliance with School policy and State and federal laws with regard to student and employee confidentiality and the determination of content.

3. Uploading a worm, virus, other harmful form of programming or vandalism; participating in "hacking" activities or any form of unauthorized access to other computers, networks, or other information. The Internet Safety Coordinator will determine whether these materials should be unblocked, and direct them to be unblocked when appropriate. If a staff member disagrees with the decision of the Internet Safety Coordinator, they may appeal the decision to the Executive Director.

Records

Charter School records, including email and Internet records are subject to public records requests, disclosure to law enforcement or government officials, or to other third parties through subpoena or other processes. The School may review any and all email of any employee, at any time, with or without cause. Consequently, employees should always ensure that all information

contained in email and Internet messages is accurate, appropriate, and lawful. Email can be used to communicate with parents however, it is important that confidential information about a student never be transmitted via email. A letter, telephone call, or a parent conference may be more appropriate. Please be aware that student-teacher and parent-teacher communication via email is not secure and that any email can become a public record or possibly be obtained by unauthorized users. When communicating with students and parents by email, employees should use their Charter School e-mail rather than a personal email account. Employees shall not use the Charter School's equipment, email, network, software, etc. to engage in otherwise confidential communications as there is no right or expectation of privacy in any communication using School property and any such communications are subject to review by Charter School personnel. Depending upon content, email and Internet communications may potentially be disclosed to any member of the public through a public records request. The Charter School owns the computer, networks, and software making up the email and Internet system and permit employees to use them in the performance of their duties for the School.

Confidentiality of Student Information

Staff should be aware that conduct on the Charter School's computer and/or using the School's server may be subject to public disclosure depending upon the nature of the communication. A supervising teacher or administrator may authorize the release of directory information, as defined by law, for internal administrative purposes or approved educational projects and activities.

Internet Access Conduct Agreements

Warranties/Indemnification

The Charter School makes no warranties of any kind, express or implied, in connection with its provision of access to and use of its computer networks and the Internet provided under this

policy. The School is not responsible for any information that may be lost, damaged, or unavailable when using the network, or for any information that is retrieved or transmitted via the Internet. The Charter School will not be responsible for any unauthorized charges or fees resulting from access to the Internet, and any user is fully responsible to the School and shall indemnify and hold the Charter School, its Board Members, administrators, teachers, and staff harmless from any and all loss, costs, claims, or damages resulting from such user's access to its computer network and the Internet, including but not limited to any fees or charges incurred through purchases of goods or services by the user.

Violations

Employee Use of Electronic Communications Devices

The Board recognizes that employees may carry electronic communications devices, either Charter School-issued or personally owned, and hereby adopts this policy.

Communication devices issued by the Charter School may include, for example, cellular telephones; walkie-talkies; personal digital assistants (PDA's); mobile computing devices; tablets, laptop computers; citizens band (CB) radios, either installed in vehicles or hand-held; and pagers/beepers.

Before they are issued a mobile computing device, each staff member must submit an executed Mobile Computing Device Agreement and the Employee Electronic Mail and Online Services Usage Acknowledgment Agreement. Each form must be signed by the staff member.

Staff may take Charter School issued devices out of the State of Idaho at the discretion of the Executive Director. The Board directs the Executive Director to establish procedures for staff to request permission to take the device with them.

At the end of the school year, the school will collect all devices from staff. At the school's discretion, staff continuing under contract for the next school year and/or for the summer school session may be issued devices to support summer school programs, or other work-related activities.

The Executive Director shall establish procedures for the maintenance of records regarding the devices, including tracking device inventory and which device is issued to which staff member.

Care and Safety

Employees in receipt of Charter School-issued equipment shall be held responsible for the safekeeping of the equipment and for the exercise reasonable efforts to see that the equipment is not lost, stolen, or damaged. Reckless or irresponsible use of School equipment, resulting in loss or damage may result in the employee having to reimburse the Charter School for any associated costs of replacement or repair.

Managing Files

The Executive Director will set a procedure for where staff should save important documents.

Staff members should also back up their work frequently using removable file storage or by e-mailing important document to themselves.

Software

The software originally installed by the Charter School must remain on the device in usable condition and be easily accessible at all times.

From time to time the school may add or update software applications. The licenses for this software sometimes require that the software be deleted from devices at the completion of a course. Periodic reviews of devices may be made to ensure that staff members have deleted software that is no longer required, that the school has not exceeded its licenses and that unauthorized software has not been installed by the staff member.

All devices will be equipped with anti-virus protection software which will be upgraded regularly.

Staff members wishing to add additional software onto a device must first obtain the permission of the school's technology department. Each staff member is responsible for ensuring that only licensed software pre-approved by the school's technology department is loaded onto his or her device.

Inspection and Filtering

Filtering software will be used to prevent access to material considered inappropriate or harmful to minors.

If technical difficulties occur or unauthorized software or any other violation of Charter School policy is discovered on the device, all files and the hard drive may be reformatted. Only authorized software will be installed. The School does not accept responsibility for the loss of any software or other materials deleted due to a reformat and reimage.

Electronic mail, network usage, and any stored files shall not be considered confidential and may be monitored at any time by designated Charter School staff. The School or its designee may demand the return of the device at any time for inspection, copying, or review of all files, histories, saved data, meta-data, or other information on the device. After the inspection, copying, or review of the device, unless there is cause to refrain from doing so, it shall be returned to the employee. Failure to turn over the device upon demand may result in disciplinary action, up to and including termination. The School will cooperate fully with local, State, or federal officials in any investigation concerning or relating to violations of law.

Remote Access of Devices

Devices may be equipped with the ability to be accessed remotely in the case of technical problems requiring remote assistance, missing or stolen devices, or other for any other appropriate Charter School purpose. A staff member does not need to be asked for permission prior to remote software maintenance.

Any individual in receipt of a school-issued device does not have the authority to deactivate the remote access feature of the device. Any employee doing such will be subject to discipline and/or reclamation of the device by the Charter School.

Evaluation of Certificated Personnel

The Charter School has a firm commitment to performance evaluation of Charter School personnel, through the medium of a formalized system. The primary purpose of such evaluation is to assist personnel in professional development, in achieving School goals, and to assist with decisions regarding personnel actions. This policy applies to certificated personnel, but the Charter School shall differentiate between non-instructional and pupil instructional personnel. The Executive Director is hereby directed to create procedures that differentiate between certificated non-instructional and certificated pupil instructional personnel in a way that aligns with the *Charlotte Danielson Framework for Teaching Second Edition* to the extent possible and aligns to the pupil staff's applicable national standards.

Each certificated staff member shall receive at least one written evaluation to be completed by no later than June 1st for each annual contract year of employment and shall use multiple measures that are research based and aligned to the *Charlotte Danielson Framework for Teaching Second Edition* domains and components. The evaluation of certificated personnel shall annually include a minimum of two documented observations, one of which shall be completed prior to January 1st. In situations where certificated personnel are unavailable for two documented classroom observations, due to situations such as long-term illness, late year hire, etc., one documented classroom observation is acceptable.

Objectives

The formal performance evaluation system is designed to:

1. Maintain or improve each employee's job satisfaction and morale by letting him or her know that the supervisor is interested in his or her job progress and personal development;
2. Serve as a systematic guide for supervisors in planning each employee's further training;
3. Assure considered opinion of an employee's performance and focus maximum attention on achievement of assigned duties;
4. Assist in determining and recording special talents, skills, and capabilities that might otherwise not be noticed or recognized;
5. Assist in planning personnel moves and placements that will best utilize each employee's capabilities;
6. Provide an opportunity for each employee to discuss job problems and interests with his or her supervisor; and
7. Assemble substantiating data for use as a guide, although not necessarily the sole governing factor, for such purposes as wage adjustments, promotions, disciplinary action, and termination.

Responsibility

The Executive Director or his or her designee shall have the overall responsibility for the administration and monitoring of the Performance Evaluation Program and shall ensure the fairness and efficiency of its execution, including:

1. Distributing proper evaluation forms in a timely manner;
2. Ensuring completed evaluations are returned for filing by a specified date;
3. Reviewing evaluations for completeness;
4. Identifying discrepancies;
5. Ensuring proper safeguards and filing of completed evaluations;
6. Creating and implementing a plan for ongoing training for evaluators and certificated personnel on the Charter School's evaluation standards, forms, and processes and a plan for collecting and using data gathered from evaluations;
7. Creating a plan for ongoing review of the Charter School's Performance Evaluation Program that includes stakeholder input from teachers, Board Members, administrators, parents/guardians, and other interested parties;
8. Creating a procedure for remediation for employees that receive evaluations indicating that remediation would be an appropriate course of action; and
9. Creating an individualized evaluation rating system for how evaluations will be used to identify proficiency and record growth over time with a minimum of four rankings used to differentiate performance of certificate holders including: unsatisfactory being equal to a rating of 1; basic being equal to a rating of 2; proficient being equal to a rating of 3; and distinguished being equal to a rating of 4.

The Immediate Supervisor is the employee's evaluator and is responsible for:

1. Continuously observing and evaluating an employee's job performance including a minimum of two documented observations annually for certificated personnel, one of which shall be completed prior to January 1st of each year;
2. Holding periodic counseling sessions with each employee to discuss job performance;
3. Completing Performance Evaluations as required; and

The individuals assigned this responsibility shall have received training in conducting evaluations based on the statewide framework for evaluations within the immediate previous five years of conducting any evaluations.

Written Evaluation

A written summative evaluation will be completed for each certificated employee by June 1st. A copy will be given to the employee. The original will be retained by the Immediate Supervisor. The evaluation should be reviewed annually and revised as necessary to indicate any significant changes in duties or responsibilities. The evaluation is designed to increase planning and relate performance to assigned responsibilities through joint understanding between the evaluator and the employee as to the job description and major performance objectives.

The written evaluation will identify the sources of data used in conducting the evaluation. Aggregate data shall be considered as part of the Charter School and individual school needs assessment in determining professional development offerings.

Evaluation Measures

Observations: Periodic classroom observations will be included in the evaluation process with a minimum of two documented observations annually for certificated personnel, one of which shall be completed prior to January 1st. In situations where certificated personnel are unavailable for two documented classroom observations, due to situations such as long-term illness, late year hire, etc., one documented classroom observation is acceptable.

Professional Practice: A majority of the evaluation of certificated personnel will be comprised of Professional Practice based on the *Charlotte Danielson Framework for Teaching Second Edition*. The evaluation will include at least one of the following as a measure to inform the Professional Practice portion: input received from parents/guardians, input received from students, and/or portfolios. The Charter School has chosen _____ as its measure(s) to inform the Professional Practice portion. **[Optional:** Parental/guardian and/or student input forms will be made available on the main School webpage.] The Board shall determine the manner and weight of parental input, student input, and/or portfolios on the evaluation.

Student Achievement: Instructional staff evaluation ratings must, in part, be based on measurable student achievement as defined in Section 33-1001, Idaho Code, applicable to the subjects and grade ranges taught by the instructional staff. All other certificated staff evaluations must include measurable student achievement or student success indicators as applicable to the position. This portion of the evaluation may be calculated using current and/or the immediate past year's data and may use one or both years' data. Growth in student achievement may be considered as an optional measure for all other school-based and Charter School-based staff, as determined by the Board.

Charlotte Danielson Framework: The evaluation will be aligned with minimum State standards and based upon the *Charlotte Danielson Framework for Teaching Second Edition* and will include, at a minimum, the following general criteria upon which the Professional Practice portion will be based. Individual domain and component ratings must be determined based on a combination of professional practice and student achievement as specified above.

Meeting with the Employee

Counseling Sessions: Counseling sessions between supervisors and employees may be scheduled periodically. During these sessions, an open dialogue should occur which allows the exchange of performance oriented information. The employee should be informed of how he or she has performed to date. If the employee is not meeting performance expectations, the employee should be informed of the steps necessary to improve performance to the desired level. Counseling sessions should include, but not be limited to, the following: job responsibilities, performance of duties, and attendance. A memorandum for record will be prepared following each counseling session and maintained by the supervisor.

Communication of Results: Each evaluation shall include a meeting with the affected employee to communicate evaluation results. At the scheduled meeting with the employee, the supervisor will:

1. Discuss the evaluation with the employee, emphasizing strong and weak points in job performance. Commend the employee for a job well done if applicable and discuss specific corrective action if warranted. Set mutual goals for the employee to reach before the next performance evaluation. Recommendations should specifically state methods to correct weaknesses and/or prepare the employee for future promotions.
2. Allow the employee to make any written comments he or she desires. Inform the employee that he or she may turn in a written rebuttal/appeal of any portion of the evaluation within seven days and outline the process for rebuttal/appeal. Have the employee sign the evaluation indicating that he or she has been given a copy and initial after supervisor's comments.

No earlier than seven days following the meeting, if the supervisor has not received any written rebuttal/appeal, the supervisor will forward the original evaluation in a sealed envelope, marked "Personnel-Evaluation" to the Executive Director, or the designee, for review. The supervisor will also retain a copy of the completed form.

Rebuttals/Appeal

The written rebuttal/appeal shall state the specific content of the evaluation with which the employee disagrees, a statement of the reason(s) for disagreement, and the amendment to the evaluation requested.

If a written rebuttal/appeal is received by the supervisor within seven days, the supervisor may conduct additional meetings or investigative activities necessary to address the rebuttal/appeal. Subsequent to these activities, and within a period of ten working days, the supervisor may provide the employee with a written response either amending the evaluation as requested by the employee or stating the reason(s) why the supervisor will not be amending the evaluation as requested.

If the supervisor chooses to amend the evaluation as requested by the employee then the amended copy of the evaluation will be provided to, and signed by, the employee. The original amended evaluation will then be forwarded to the Executive Director, or the designee, for review in a sealed envelope, marked Personnel-Evaluation. The supervisor will also retain a copy of the completed form.

If the supervisor chooses not to amend the evaluation as requested by the employee then the evaluation along with the written rebuttal/appeal, and the supervisor's response, if any, will be forwarded to the Executive Director, or the designee, for review in a sealed envelope, marked Personnel-Evaluation. The supervisor will also retain a copy of the completed evaluation including any rebuttal/appeal and responses.

Action

Each evaluation will include identification of the actions, if any, available to the Charter School as a result of the evaluation as well as the procedure(s) for implementing each action. Available actions include, but are not limited to, recommendations for renewal of employment, non-renewal of employment, probation, and others as determined. Should any action be taken as a result of an evaluation to not renew an individual's contract, the School will comply with the requirements and procedures established by State law.

Records

Permanent records of each certificated personnel's evaluation and any properly submitted rebuttal/appeal documentation will be maintained in the employee's personnel file. All evaluation records, including rebuttal/appeal documentation, will be kept confidential within the parameters identified in State and federal law regarding the right to privacy.

Reporting

Any subsequent changes to the Charter School's evaluation plan shall be resubmitted to the State Department of Education for approval. The School shall report the summative rankings, the number of components rated as unsatisfactory, whether a majority of the certificated personnel's students met their measurable student achievement or growth targets or student success indicators as well as what measures were used, and whether an individualized professional learning plan is in place for all certificated personnel evaluations, annually to the State Department of Education.

Certified Personnel Resignation (Release from Contract)

Applicants for teaching positions with {{School_Name}} who are issued a contract and employees who are on contract should recognize that their contract with the School carries responsibilities. Certified personnel will generally be expected to fulfill the terms of their contract unless:

1. There are clearly compelling, mitigating circumstances which prevent the certified or exempt individual from doing so; and
2. Until such time as the Board releases the certified individual from the terms of the contract upon the recommendation of the Executive Director or her is her designee.

Employees, including those employees who have just signed their first contract, will not be released from contract during the school year or within _____ days of the start of the school year unless a suitable replacement can be found. The Board may make exceptions to this rule for serious health problems or if a replacement can be found to fill the position being vacated.

The certified employee may make a written request for release from contract during the school year or immediately prior to the start of the school year, stating the date of requested release. The request should be submitted to the Executive Director so that a search for a suitable replacement can be initiated. The request for release will be submitted to the Board at the time specified by the employee. If finding a replacement is not imminent, the Executive Director will advise the person submitting the request that the Executive Director will recommend to the Board that the request be denied. The Executive Director will also give the person making the request the opportunity to hold the request until finding a suitable replacement is imminent, at which time the resignation would then be submitted to the Board. If no time is specified for the request to be submitted to the Board, it will be submitted when the Executive Director feels that finding a suitable replacement is imminent. The person making the request will be advised of that action.

A determination of availability of a suitable replacement will be made by the Executive Director before recommendation will be made to the Board that the employee be released from contract. If, in the judgment of the Executive Director, there is not a suitable replacement, a recommendation will be made that the Board NOT release the employee from contract.

Should any certificated employee abandon the contract of employment with the Charter School without the prior written release from the contract by the Board of Directors, the Board will report such event to the Professional Standards Commission, alleging that the certificated employee is guilty of unethical practices and has violated the Code of Ethics for Idaho Professional Educators.

[OPTIONAL]: In addition, should any certificated employee abandon a contract of employment with the Charter School without the prior written release from the contract by the Board, the

School and/or Board may, in its discretion, pursue any and all available legal remedies, including damages to recoup all losses caused by such breach of contract, including without limitation costs for substitutes, recruiting, loss of State funding, and legal fees.

Classified Personnel

Classified employees not under contract are expected to give due written notice that will permit the Charter School to conduct a search for a suitable replacement. Generally speaking, the Board expects a two week notice.

All resignations should be in writing. **[ALTERNATIVE 1 Requests for resignation shall be transmitted to the Board as part of the regular personnel report.] [ALTERNATIVE TWO the Board has delegated authority to the Executive Director to accept such resignations, and the Board will subsequently be provided notice as part of the regular personnel report.]**

[OPTIONAL]: Any classified personnel who, without approval or without taking leave, does not show up for work for more than _____ consecutive days will be considered to have abandoned his or her position, and shall be deemed to have resigned.

Dress and Appearance

One of the reasons we have schools is for students to learn what is appropriate. Young people learn what is appropriate in society by looking at their adult role models. Your dress and your behavior are what young people will take to be appropriate.

-Harry K. Wong

As professionals in our schools, we recognize and value the public's perception of our roles as mentors and models for students. We therefore set in policy the following outline of "reasonable expectations" for all professional staff.

The following dress code will apply to all teachers, counselors, aides, secretaries, and administrators throughout the Charter School. It is to be applied for all of the days students are present, parent-teacher conferences, and professional development days.

Dressing up is encouraged.

The following is considered an outline of acceptable dress, unless otherwise specified by the Executive Director:

2. Field Trips/Field Days: Modest clothing appropriate to the activity;
3. Special Days: Holiday clothing, school spirit clothing, and thematic clothing with Executive Director or his or her designee’s permission; and
4. The Executive Director or designee may grant exceptions based on job-related needs.

Any casual dress or accessories not stated above must at all times meet or exceed standards set for our students in each of their respective schools.

Enforcement

Charter School staff members who do not, in the judgment of the administration, reasonably conform to this dress code shall receive a written notice from the administration. The administration shall submit a copy of the notice to the Executive Director. Repeated violations could result in disciplinary action by the Executive Director against the staff member. In cases where a staff member refuses to comply with the directions of the administration or Executive Director, the staff member’s employment could be terminated. The decision of the Executive Director is final regarding administration of this policy.

Nonschool Employment by Professional Staff Members

A staff member's outside work or self-employment is of concern to the Board insofar as it may:

1. Prevent the employee from performing assigned responsibilities in an effective manner;
2. Be prejudicial to proper effectiveness in the position or compromise the Charter School;
or
3. Raise a question of conflict of interest – for example, where the employee's position in the School permits access to information or other advantage useful to the outside employer.

Therefore a regular, full-time employee's position in the Charter School shall take precedence over any type of outside work or self-employment. Employees are free to carry on individual work or self-employment projects as long as no School facilities, equipment, or real or personal property is used, except as provided by policy, and the outside work or self-employment does not interfere with the employees' performance of Charter School assigned duties.

In addition, an employee may not perform any duties related to outside work or self-employment during regular Charter School working hours or during the additional time that is needed to fulfill the responsibilities of the School position. Further, an employee shall not use School equipment, materials, or property to perform any duties related to outside work or self-employment. Employees who violate this policy are subject to reprimand, suspension, or termination.

Except by prior written authorization from the Executive Director, School buildings are not to be used for private tutoring or classes for which students pay a fee to a staff member unless a rental contract has been entered into with the Charter School.

[Optional]

A staff member is not permitted to provide tutoring for pay to any student assigned to the educator classes unless the educator has received specific written permission from the Board.

Professional Research and Publishing

The Board considers that the school system has proprietary rights to publications, instructional materials, and devices prepared by employees during their paid work time. However, the Board also recognizes the importance of encouraging its professionals' writing, research, and other creative endeavors.

When original materials are developed by employees or staff committees during working time or as part of regular or special assignments for which they are paid, the school system will have sole rights in matters of publication or reproduction; however, the identity of the employee(s) who created the materials will be clearly recognized and noted.

In situations where the proprietary rights to material is in doubt—as, for example, when original instructional materials have been developed partially during working time or as part of a paid assignment, and partially during the staff member's own time—arrangements may be made for the appropriate assignment of rights and any profits.

However, a staff member may use his or her background knowledge of programs and operations in professional writing of any type, without the Board claiming any rights to the materials or authority to approve them prior to publication, except that articles purporting to represent school system policy will be cleared by the Executive Director who may, if the subject warrants, seek Board approval before they are released.

Employment Referrals and Prevention of Sexual Abuse

All employees, contractors, and agents of the Charter School are prohibited from providing any recommendation for employment or otherwise helping an employee, contractor, or agent of the Charter School in obtaining a job if they know or have probable cause to believe the individual has engaged in sexual misconduct with a student or minor in violation of the law.

This prohibition does not include following routine procedures regarding the transmission of administrative or personnel files.

These prohibitions shall not apply to cases in which the alleged misconduct was properly reported to law enforcement and any other authorities required by federal, state, or local law; and

1. The matter was officially closed;
2. The prosecutor or police with jurisdiction over the case investigated the allegations and notified Charter School officials that there is insufficient information to establish probable cause that the individual engaged in sexual misconduct with a minor or student in violation of the law;
3. The individual alleged to have engaged in sexual misconduct with a student or minor has been charged with and acquitted or otherwise exonerated of the sexual misconduct; or

Whistleblowing

The Board of Directors expects employees of the Charter School to be trustworthy and to conduct themselves in an honorable manner, abiding by all School policies and procedures and by all applicable State and federal laws and administrative rules.

When Charter School employees know or have reasonable cause to believe that serious wrongful conduct has occurred, they should report such wrongful conduct to the Executive Director or designee or his or her designee.

For the purposes of this policy, the term “wrongful conduct” shall mean:

1. Theft or misuse of Charter School funds, property, or resources;
2. Fraud;
3. Violation of federal and state laws or administrative rules; and/or
4. Material violation of School policy or procedure aimed at protecting the health and safety of staff and students.

If the person alleged to have committed the wrongful conduct is the designee, the Executive Director or designee shall conduct the investigation. The Executive Director or designee or designee shall maintain a written record of the allegation; conduct an investigation, refer the matter to law enforcement or other appropriate authorities, if applicable; and notify the Board of the allegation and of the results of the investigation.

The Executive Director or designee or designee shall attempt to protect the identity of a whistleblower, provided that doing so does not interfere with the investigation of the allegations or with the taking corrective action.

Complaints of Retaliation

The Charter School shall not take adverse employment action against an employee who has notified the School of wrongdoing, allowing the School the opportunity to investigate and correct the misconduct. The School shall not take adverse action against an employee who has reported misconduct to another government agency or who has cooperated with an investigation of wrongful conduct. Likewise, School employees are prohibited from retaliating against an individual for these actions.

There shall be no adverse employment action or retaliation against an individual who refuses to carry out a directive which he or she believes constitutes a violation of state or federal law or administrative rule.

An employee who alleges they have been subject to retaliation in the form of adverse employment action may contest the action as specified in the appropriate employee grievance policy. The Charter School shall investigate any complaints of such retaliation and take immediate steps to stop any retaliation.

Charter School employees who have engaged in retaliation shall be subject to discipline, which may include dismissal.

These protections do not apply to cases in which an employee knew or reasonably ought to have known that the report is malicious, false, or frivolous.

Nothing in this policy is intended to interfere with legitimate employment decisions.

The Executive Director or designee shall establish any procedures necessary to implement this policy.

This policy and any related procedures may be published in employee handbooks, posted in employee lounges, and/or given to all employees on an annual basis.

Leaves of Absence

The Board believes that the provision of leave helps to attract and retain staff members who will continue to grow professionally, maintain their physical health, and have a feeling of security.

The Board has the authority to grant any employee's request for a leave of absence. A leave of absence may be at the request of the employee or may be done involuntarily by action of the Board. The Board may also delegate this authority to a designee.

[ALTERNATIVE 1: Delegation of Authority

Through this policy, the Board has delegated this ongoing authority to the Executive Director, both with regard to acceptance of an employee's request for leave of absence as well as an action of placing a certificated employee on an involuntarily leave of absence.

Upon the Executive Director's action to place a certificated employee on a period of involuntary leave of absence, the Board shall ratify or nullify action of the Executive Director at the next regularly scheduled meeting of the Board or at a special meeting of the Board should the next regularly scheduled meeting of the Board not be within a period of 21 days from the date of the action.

An Executive Director's acceptance of a certificated employee's request for leave of absence shall be put before the Board for ratification at the next regularly scheduled meeting of the Board or within 21 days, whichever comes first.]

[OPTIONAL ADDITION TO ALTERNATIVE 1: The Executive Director is delegated the authority to address classified personnel leave without notification to the Board and is delegated authority to address classified personnel discipline and termination without Board approval.]

[ALTERNATIVE 2: Retaining Authority

The Board has not delegated authority for the Executive Director to accept an employee's request for administrative leave or to place a certificated employee on a period of involuntary leave of absence.]

[OPTIONAL: Considerations for Involuntary Leave

If the Executive Director or Board is making a decision as to whether or not to place an employee on a period of involuntary leave of absence, some of the considerations in making such a decision may include:

1. Whether or not the conduct at issue involves a possible:
 - A. Criminal act;
 - B. Violation of the Code of Ethics for Idaho Professional Educators;
 - C. A violation of federal or state education laws or regulations; or
 - D. A violation of Charter School Policy and/or Procedure.
2. Whether or not the conduct at issue involves the health, welfare, or safety of the Charter School's students or employees.
3. Whether or not there is an event identified.
4. If the event involves an allegation of abuse of a student or minor, is there an "identified victim" or some other information that provides indicia of credibility.
5. If the event involves an allegation of abuse of a student or minor, is the report in question anonymous or are there any other indicia of credibility.
6. Whether or not there is an identified victim or identified event that the Charter School could investigate.
7. Whether or not there a concern that the presence of the employee on school property could be detrimental to the investigation process and/or a concern that the employee and/or the presence of the employee interfere with the investigation process.
8. Whether or not there is an ongoing/related criminal investigation associated with the same alleged event or allegations.]

Sick Leave

Classified employees who regularly work 20 hours or more per week and certificated employees who work half time or more per week shall be granted sick leave and other leaves in accordance with State law. Each such employee shall be granted sick leave with full pay of one day as projected for the employment year for each month of service in which he or she works a majority portion of that month.

Sick leave for classified employees shall be calculated proportionate to the average hours worked per day.

Sick leave for certificated employees shall be calculated by the day, or percentage thereof, as defined in his or her individual employment contract.

The Charter School, may in its discretion, require proof of illness when deemed appropriate, including but not limited to suspicion of abuse of sick leave or false claims of illness.

Compensation shall not be provided for unused sick leave.

“Sick leave” means a leave of absence, with pay, for a sickness suffered by an employee or his or her immediate family. “Immediate family” for purposes of sick leave shall mean the employee’s spouse and children residing in the employee’s household.

Nothing in this policy guarantees approval of the granting of such leave in any instance. Each request will be judged by the Charter School in accordance with this policy and the needs of the Charter School.

It is understood that seniority shall accumulate while a teacher or employee is utilizing accumulated sick leave credits. Seniority will not accumulate unless an employee is in a paid status.

Abuse of sick leave is cause for discipline up to and including termination. For a certificated employee, falsifying, deliberately misrepresenting, or deliberately omitting reasons for absences or leaves is a violation of the Code of Ethics for Idaho Professional Educators and may result in a report to the Professional Standards Commission.

Accrual of Unused Sick Leave

Employees may accrue unused sick leave. Upon retirement, an employee’s accumulated unused sick leave must be reported by the Charter School to the public employee retirement system.

Bereavement Leave

An employee who has a death in the immediate family shall be eligible for bereavement leave. “Immediate family” for purposes of bereavement leave shall mean _____. The Executive Director shall have the authority to give bereavement leave for up to five days.

Bereavement leave of greater than five days must be approved by the Board. Such leave shall not exceed ten days and it shall be the discretion of the Board as to whether such additional days are with or without pay and/or the application of other possible paid leave benefits can cover such absence with pay.

Personal and Emergency Leave

Upon recommendation of the Executive Director, and in accordance with law and Charter School policy, classified staff may be granted personal leave pursuant to the following conditions:

1. Leave will be without pay unless otherwise stated. If leaves are to include expenses payable by the Charter School, the leave approval will so state;
2. Leave will only be granted in units of half or full days;

3. Notice of at least one week is required for any personal leave of less than one week. Notice of one month is required for any personal leave exceeding one week;
4. The Executive Director, with approval of the Board, shall have the flexibility, in unusual or exceptional circumstances, to grant personal leave to employees not covered by sick or any other Charter School recognized leave. During any personal leave of greater than 15 days, the employee will not receive fringe benefits. During the leave, the employee may pay the Charter School's share of any insurance benefit program in order to maintain those benefits, provided that such is acceptable to the insurance carrier. Staff using personal leave shall not earn any sick leave or annual leave credit or any other benefits during the approved leave of absence.

Family and Medical Leave Procedure

Who Is Eligible: Employees are eligible if they have worked for the Charter School for at least one year, and for 1,250 hours over the previous 12 months, and if there are at least 50 School employees within a 75 mile radius.

Benefit: Under certain conditions, eligible employees, if qualified, may be entitled to up to 12 weeks leave with continuing participation in the Charter School's group insurance plan.

An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered service member who is recovering from a serious illness or injury sustained in the line of duty on active duty is entitled to up to 26 weeks of leave in a single 12 month period to care for the service members.

Reasons for Taking Leave: Unpaid leave will be granted to eligible employees for any of the following reasons:

1. To care for the employee's child after birth, or placement of a child for adoption or foster care with the employee; or
2. To care for the employee's spouse, child, or parent (not including parents in-law) who has a serious health condition; or
3. For a serious health condition that makes the employee unable to perform the employee's job; or
4. For any qualifying exigency arising out of the fact that a spouse, son, daughter, or parent of the employee is on active duty status, or has been notified of an impending call to active duty status, in support of a contingency operation.

Substitution of Paid Leave: Paid leave will be substituted for unpaid leave under the following circumstances:

1. Accumulated sick or personal leave will be utilized concurrently with any FMLA leave that is taken for a serious health reason as described in 2 or 3 above;
2. Accumulated vacation or personal leave will be utilized concurrently with any FMLA leave that is taken for a family reason as described in 1 above;
3. Accumulated sick leave will be utilized concurrently with FMLA leave whenever the FMLA leave is taken for reasons which qualify for sick leave benefits pursuant to Charter School policy; and
4. Whenever appropriate, workers' compensation absences shall be designated FMLA leave.

When Spouses are Charter School Employees: If spouses are employed by the Charter School, they each are entitled to a total of 12 weeks of leave per year. However, where the reason for the

leave is for birth of a child, or because of adoption or foster care, or to care for a sick parent, such leave may be limited to an aggregate of 12 weeks, between the married employees.

Advance Notice: Employees must provide 30 days advance notice when the leave is foreseeable. In other situations an employee must give notice as soon as practicable. Leave may be allowed in emergency situations when no advance warning is possible. Inexcusable delays in notifying the Charter School may result in the delay or denial of leave.

Requests: A sick leave request form is to be completed whenever an employee is absent from work for more than three days or when an employee has need to be absent from work for continuing treatment by or under the supervision of a health care provider.

Medical Certification: The Charter School will require medical certification to support a request for leave or any other absence because of a serious health condition (at employee expense), and may require second or third opinions (at the employer's expense) and a fitness for duty report to return to work statement.

Intermittent/Reduced Leave: FMLA leave may be taken "intermittently or on a reduced leave schedule" under certain circumstances. Where leave is taken because of birth or placement of a child for adoption or foster care, an employee may take leave intermittently or on a reduced leave schedule only with the approval of the Charter School. Where FMLA leave is taken to care for a sick family member or for an employee's own serious health condition, leave may be taken intermittently or on a reduced leave schedule when medically necessary. An employee may be reassigned to accommodate intermittent or reduced leave. When an employee takes intermittent leave or leave on a reduced leave schedule, increments will be limited to the shortest period of time that the Charter School's payroll system uses to account for absences or use of leave.

Insurance: An employee out on FMLA leave is entitled to continued participation in the appropriate group health plan, but it is incumbent upon the employee to continue paying the portion of the premiums the employee usually pays throughout the leave period. An employee's eligibility to maintain health insurance coverage will lapse if the premium payment is more than 30 days late. The Charter School will mail notice of delinquency at least 15 days before coverage will cease.

Return: Upon return from FMLA leave, reasonable effort shall be made to place the employee in the original or equivalent position with equivalent pay, benefits, and other employment terms.

Record Keeping: Employees, supervisors, and building administrators will forward requests, forms, and other material to payroll to facilitate proper record keeping.

Summer Vacation: The period during the summer vacation or other scheduled breaks, such as Christmas, an employee would not have been required to work will not count against that employee's FMLA leave entitlement.

Special Rules for Instructional Employees

Leave More Than Five Weeks Before End of Term: If an instructional employee begins FMLA leave more than five weeks before the end of term, the Charter School may require the employee to continue taking leave until the end of a semester term if:

1. The leave is at least three weeks; and
2. The employee's return would take place during the last three-week period of the semester term.

Leave Less Than Five Weeks Before End of Term: If an instructional employee begins FMLA leave for a purpose other than that employee's own serious health condition less than five weeks before the end of term, the Charter School may require the employee to continue taking leave until the end of a semester term if:

1. The leave is longer than two weeks; and
2. The employee's return would take place during the last two-week period of the semester term.

Leave Less Than Three Weeks Before End of Term: If an instructional employee begins FMLA leave for a purpose other than that employee's own serious health condition less than three weeks before the end of term, the Charter School may require the employee to continue taking leave until the end of the academic term if the leave is longer than five days.

Intermittent or Reduced Leave: Under certain conditions, an instructional employee needing intermittent or reduced leave for more than 20% of the total working days over the leave period may be required by the Charter School to:

1. Take leave for a period(s) of particular duration not to exceed the duration of treatment; or
2. Transfer to an alternate but equivalent position.

Employee Notification of Policy

A general notice from the Department of Labor explaining the FMLA's provisions and complaint procedures will be posted prominently where it can be readily seen by employees and applicants and shall either be distributed to each new employee upon hiring or will be included in employee handbooks or other written guidance concerning benefits or leave rights. No notification of rights under the FMLA or related regulations should be construed to alter any applicable at-will employment relationship between the Charter School and an employee.

Long-Term Illness/Temporary Disability

The following procedures will be used when an employee has a long-term illness or temporary disability.

1. When any illness or temporarily disabling condition is “prolonged”, an employee will be asked by the administration to produce a written statement from a physician stating that the employee is temporarily disabled and is unable to perform the duties of his or her position, but at some point in the future will be able to return to work.
2. In the case of any other extended illness, procedures for assessing the probable duration of the temporary disability will vary. The number of days of disability will vary according to different conditions, individual needs, and the assessment of individual physicians. Normally, however, the employee should expect to return on the date indicated by the physician unless complications develop which are further certified by a physician.
3. Maternity leave will be treated as any other disability. As a disabling condition, maternity leave is not available to fathers.

Leaves of Absence - Military Leave

General Policy

All Charter School employees, other than those who are employed on a temporary basis, are entitled to military leave of absence when ordered to active duty for training as members of the Idaho National Guard or any component of the U.S. Armed Forces. Employees who volunteer, are drafted, or are ordered to extended active duty with any component of the U.S. Armed Forces shall be entitled to reinstatement to their former positions or comparable positions if the right is exercised in a timely manner as noted below.

The Charter School shall notify each employee entitled to rights and benefits under the Uniformed Services Employment and Reemployment Rights Act (USERRA) of their rights, benefits, and obligations under USERRA and those of the School.

Notice to Charter School

All employees should provide either written or oral notice of upcoming military training to the Charter School as soon as reasonably practical. The employee or an appropriate officer of the branch of military in which the employee will serve may provide the notice. Employees who are ordered for such duty shall provide one copy of their orders to the Executive Director. Notice shall include date of departure and date of return for purposes of military training 90 days prior to the date of departure.

Military Leave for Training or Short Term Duty

Employees who are required to attend active duty, inactive-duty training, funeral honors duty, or field or coast defense training as a Reserve of the armed forces or member of the National Guard shall not suffer any loss of salary, seniority, or efficiency rating during the first 15 work days of such absence in any fiscal year. Leave will be without loss of benefits.

In the case of a part-time employee, military leave for training or short-term duty shall accrue at a rate of 15 days per year multiplied by a percentage determined by dividing by 40 the number of hours in the regularly scheduled workweek of that employee during that fiscal year. Unused leave shall accumulate until it totals 15 days.

Completion of Military Training

Upon completion of military training, the employee shall give evidence of the satisfactory completion of such training immediately thereafter. The employee shall be restored to his or her previous or similar position with the same status, pay, vacation leave, sick leave, bonus,

advancement, and seniority. Such seniority shall continue to accrue during such period of absence.

Benefits for Uniformed Service Personnel on Active Duty

(Note: Federal law does not require an employer to pay the salary of an employee on military leave except as specified in “Military Leave for Training or Short Term Duty” above.)

Pension and Retirement Plans

Pension and retirement plans are considered a benefit to which reinstated employees are entitled. Any normal contributions will continue to be made for service members who are absent for 90 days or fewer. If the employee has been absent for military service for 91 days or more, the Charter School may elect to delay making retroactive pension contributions until the employee submits satisfactory reemployment documentation.

Medical Insurance

Health benefits will be offered to the extent they are available to other employees on leave. An employee performing military service for 30 days or fewer is not required to pay more than the normal employee share of any health premium. If the employee’s military service is for 31 days to 24 months, the health plan will offer continuous coverage. An employee on military leave may elect to continue health care coverage through the Charter School for up to 24 months after the military leave begins or for the period of military service, whichever is shorter. The Charter School’s obligation to provide health benefits ends once an employee’s military leave exceeds 24 months. When the employee is reinstated, a waiting period or exclusion cannot be imposed if health coverage would have been provided to the employee had he or she not been absent for military service.

Reporting to Charter School Once Military Leave is Complete

The standard military service length and reporting times are:

1 to 30 Days of Military Service: The employee reports to the Charter School by the beginning of the first scheduled work day that falls eight hours after the end of the last calendar day of military service.

31 to 180 Days of Military Service: The employee must submit an application for reemployment no later than 14 days after completion of service in the armed forces. If the 14th day falls on a day when the Charter School’s offices are not open or available to accept a reemployment application, the time extends to the next business day.

181 Days or More of Military Service: The employee must submit an application for reemployment no later than 90 days after completion of military service. If the 90th day falls on a day when the employee’s offices are not open or available to accept a reemployment application, the time extends to the next business day.

Cases of Disability: Employees who are hospitalized or recovering from a disability that was incurred or aggravated during the period of military service leave have up to two years to submit an application for reemployment.

There is an exception to these guidelines for those employees who, through no fault of their own, find themselves in a situation that makes it impossible or unreasonable to meet the required timetables. In those cases the employee must return to work as soon as possible.

Disqualification From Returning to Work

There are four conditions that disqualify an employee from exercising his or her right to reemployment after military service:

1. A dishonorable or bad conduct discharge;
2. Separation from the service under “other than honorable conditions”;
3. A commissioned officer’s dismissal via court martial or by order of the President; and
4. When a service member has been dropped from the rolls for being absent without authority or for civilian imprisonment.

Reinstatement to Positions After Extended Duty

Employees who volunteer, are drafted, or are called to active duty for extended periods will be placed on “Military Leave of Absence” upon written application and will be entitled to reinstatement to their former or similar positions upon their return and under the following conditions:

1. They must not have remained on active duty beyond their first opportunity for honorable or general release; and
2. They must report to claim reinstatement within the timelines specified under “Reporting to Charter School Once Military Leave is Complete” above.

After an employee has been absent for 31 days or more of military service, the Charter School may ask the employee or the employee’s military unit for documentation showing that:

1. The employee submitted a timely application for reemployment;
2. The employee’s length of military service has not exceeded the five year limitation; and
3. The employee’s separation from the military service meets the requirement for reemployment.

As a general rule, employees returning from military service must be reemployed in the job that they previously held, or would have attained had they not been absent for military service. If the employee was disabled while on military duty, or a disability is aggravated by military service, the Charter School will make reasonable efforts to accommodate the disability.

Leadership Criteria

The Board shall award leadership premiums of a minimum of \$900 to certificated instructional and pupil service employees, regardless of such employee's full or part time status, in recognition of the additional time they will spend fulfilling one or more of the following leadership roles:

5. Providing mentoring, peer assistance, or professional development to teachers in their first two years in the profession;
6. Having received professional development in career and academic counseling, and then providing career or academic counseling for students, with such services incorporated within or provided in addition to the teacher's regular classroom duties; and
7. Various other criteria designated by the Board, excluding duties related to student activities or athletics, that require the employee to work additional time such as:
 - A. Curriculum development;
 - B. Assessment development;
 - C. Data analysis;
 - D. Grant writing;
 - E. Special program coordinator;
 - F. Research project; and
 - G. Teaching professional development course;

[**Note:** Should the Board choose to identify various other criteria as eligible, a description of those duties should be included in the plan or identified in this policy.]

The Board may grant multiple leadership premiums to those performing multiple duties, but no employee shall receive leadership premiums that exceed 25% of the employee's minimum salary as designated on the career ladder.

These premiums shall be valid only for the fiscal year for which the awards are made. Duties related to student activities and athletics shall not be eligible for leadership premiums.

Leadership Premiums Not Funded

In extraordinary circumstances where funds are not appropriated for Leadership Premiums, this policy is suspended until such funds are replenished by the State.

If the work is of a physically demanding nature, subsequent to a conditional offer of employment and prior to a commencement of work, the Charter School may require an applicant to have a medical examination and to meet any other health requirements that may be imposed by the State. The School may condition an offer of employment on the results of such examination, if all entering employees in the applicable job category are subject to such examination. If approved by personnel services, a 30 day grace period beginning from the date of employment may be allowed for the employee to obtain the required medical examination.

All bus drivers, including full-time, regular part-time, and temporary part-time drivers, shall be required to have a satisfactory medical examination prior to employment.

Contagious or Infectious Diseases

If a staff person has a contagious or infectious disease and has knowledge that a person with compromised or suppressed immunity attends the school, the staff person must notify the Executive Director or other responsible person designated by the Charter School that he or she has a contagious or infectious disease which could be life threatening to an immune compromised person. The Executive Director or other designated person must determine, after consultation with and on the advice of public health, if the immune compromised person needs appropriate accommodation to protect their health and safety.

An employee with a contagious or infectious disease shall not report to work during the period of time in which the employee is infectious. An employee afflicted with a contagious or infectious disease capable of being readily transmitted in the school setting (i.e. airborne transmission of tuberculosis) shall be encouraged to report the existence of the illness in case there are precautions that must be taken to protect the health of others. The Charter School reserves the

right to require a statement from the employee's primary care provider prior to the employee's return to work.

Confidentiality

In all instances, Charter School personnel shall respect the individual's right to privacy and treat any medical diagnosis as confidential information. Any information obtained regarding the medical condition or history of any employee shall be collected and maintained on separate forms and in separate medical files and be treated as confidential information. Only those individuals with a legitimate need to know, such as those persons with a direct responsibility for the care of or for determining work place accommodation for the staff person, will be provided with necessary medical information.

Supervisors and managers may be informed of the necessary restrictions on the work or duties of the employee and necessary accommodations. First aid and safety personnel may be informed, when appropriate, if the disability might require emergency treatment.

Safety Management Program and Charter School Personnel

It is the policy of this Charter School to promote a safe work environment for all employees and to take reasonable preventative measures to avoid accidents or injuries to employees. To that end, this policy directs the Board to create and adopt a detailed Safety Management Program compliant with the material requirements of the Occupational Safety and Health Act of 1970 (OSHA). Charter School personnel are required, as a condition of their employment, to read, understand, and abide by all provisions of the Charter School's Safety Management Program.

Situations necessitating supervisor intervention under this policy section may include, but are not limited to:

1. Accidents resulting from failure to abide by the provisions of the Charter School Safety Program;
2. Failure to use available personal protective equipment;
3. Failure to use proper lifting techniques;

4. Failure to observe hazardous footing conditions; and

Reduction in Force

It is recognized that the Board has the responsibility to maintain good public schools and to implement the educational interest of the State, consistent with State and federal educational requirements, including the Charter School's approved Charter and Performance Certificate, accreditation requirements, and other school-based issues. However, recognizing also that it may become necessary to eliminate certificated staff positions in certain circumstances, this policy is adopted to provide a fair and orderly process should such elimination become necessary.

The Board has the sole and exclusive authority to determine the appropriate number of certificated employees and to eliminate certified staff positions consistent with the provisions of the State law. A reduction of certified employees may occur as a result of, but not be limited to, the following examples or from other conditions necessitating reductions:

1. Decreases in student enrollment;
2. Changes in curriculum or programs
3. Staffing limitations of the Charter School; or
4. Negative changes in the financial conditions of the Charter School.

The need for implementation of a reduction in force or the elimination of certificated positions is left to the sole discretion of the Board provided however, that no such decision shall be made until after completion of the written evaluation for each certificated staff member and that the decision as to which employee(s) shall be subject to such reduction shall not be made solely on consideration of seniority or contract status.

The Board may choose to implement a reduction in force through the elimination of:

1. An entire program or portions of programs;
2. Positions in certain grade levels only;
3. Positions by category;
4. Positions in an overall review of the Charter School;
5. A portion or percentage of a position or positions; or
6. Any combination of the above.

Reduction in Force Procedures

The following definition and procedures shall be used for conducting a reduction in force.

Definition

As used in this procedure, “teacher” shall apply to any employee of the Charter School who holds a certificate issued by the State Board of Education who is employed in a teaching or administrative position, below the rank of Executive Director.

Procedures

1. Prior to commencing action to terminate teacher contracts under these procedures, the Board will give due consideration to its ability to effectuate position elimination and/or reduction in staff by:
 - A. Voluntary retirements;
 - B. Voluntary resignations;
 - C. Transfer of existing staff members; or
 - D. Voluntary leaves of absence.
2. In the event a reduction in force is required, teachers who are retained pursuant to these procedures may be reassigned if suitable position openings are available in instructional areas for which they are highly qualified and for which the principal has approved transfer pursuant to Idaho Code.
3. In the Board’s determination as to the individuals to be released pursuant to the Reduction in Force, consideration will be given to the criteria set out below. Each criterion shall be considered in terms of the total context when selecting those employees who are to be considered for release pursuant to the provisions of these procedures. The following criteria will be considered:
 - A. Area(s) of certification for which the teacher is highly qualified which are classified by the Charter School as hard to fill positions;
 - B. Number of areas of certification for which the teacher is highly qualified;
 - C. Educational or degree status;
 - D. National certifications held;

- H. Contribution and/or involvement in extracurricular or cocurricular positions with students;
- I. Compliance with Professional Standards and Conduct over the course of employment with the Charter School; and

It is the intention of the Board that the individual and cumulative effect of each criterion on the welfare of students and the best long-term and short-term interest of the Charter School be considered.

It is further the intent of the Board that primary consideration be the quality of instruction and the progress that students are making throughout the course of the school year, as well as that properly endorsed highly qualified instructors be in classroom positions in order for the School to be compliant with federal and State education requirements. Thus, each criterion shall be considered in terms of this total context.

The factors for consideration shall be reviewed on an annual basis by the School's administration to determine whether factors should be added, eliminated, or weighted differently. Such recommendations for modification will then be brought before the Board for consideration.

4. The Human Resources Department shall advance notice of the possible reduction in force to all teachers who may be released, based upon the number of teachers who may be released, in whole or in part, and the school programs, teacher positions, or categories of positions that may be affected.
5. Upon receipt of this notification, it is recommended that the subject teachers review their personnel file materials with the Charter School's Administrative Office to assure that the school has appropriate information relating to the various criteria referenced above.
 - A. If a teacher receiving a teacher profile believes that there is an error, the teacher shall notify the Human Resources Department or the Executive Director of their concern of an error, in writing, by the close of the school day on the _____ school day after the teacher has received notice of the possible reduction in force.
 - B. This written notice shall specifically identify what element or elements of the teacher's personnel file and criteria are believed to be erroneous and explain specifically why the element(s) is believed to be in error.
 - C. If the Charter School receives notice of possible error, each such written notice, timely received, shall be individually reviewed for possible reconsideration or evaluation of the information used in consideration of the Reduction in Force.

- D. Should a teacher fail to inspect his or her personnel file and have inaccurate information in their personnel file and/or have failed to provide the Charter School with updated information, the information contained in the file will be utilized for the Reduction in Force determination and the teacher will not have the opportunity to subsequently correct such information after the Reduction in Force has been implemented.
6. If the Board determines that a reduction in force will be implemented, the Executive Director shall submit a list of the teachers recommended for release, through use of the above process, and shall make recommendation to the Board as to what due process, if any, the Board needs to implement for each individual personnel situation.
7. All releases shall be done in conformance with the applicable provisions of Idaho Code and all affected teachers will be promptly notified, in writing, of the Board's decision or actions that need to be taken by the Board relating to applicable due process activities, if any.

[OPTIONAL]

- 8. Recall Provisions: If the contract of employment of a teacher is terminated because of the implementation of a reduction in force, the name of the teacher shall be placed upon a reappointment list and remain on such list for a period of ____ year(s).**

If a position becomes open during such period, and the teacher has been selected by the Board as a person on the recall list who is highly qualified and most capable of holding the position, then the teacher will be notified in writing by certified mail, sent to the last known address, at least 30 days prior to the anticipated date of employment, when possible.

In determining whether a teacher is qualified for reappointment, the Board shall consider the criteria as set forth in these procedures. The teacher shall accept or reject the appointment in writing within seven days after receipt of such notification. If the appointment is accepted, the teacher shall receive a written contract within 20 days of receipt of the teacher's reply by the Board. 8. If the Board determines that a reduction in force in fact will be implemented, the Executive Director shall submit a list of the teachers recommended for release, through use of the above process, and shall make recommendation to the Board as to what due process, if any, the Board needs to implement for each individual personnel situation.

Employing Retired Teachers and Administrators

One of the Board's personnel goals is to recruit, select, and employ the best qualified personnel to staff the Charter School. As such, retired employees who leave the School in good standing may be re-employed according to the following guidelines:

1. The Charter School may employ certificated teachers and administrators who are receiving retirement benefits from the public employee retirement system of Idaho (PERSI) for positions requiring such certification provided such individuals were not promised "rehire" by the Charter School before their retirement was in effect. Said employees are hereinafter referred to as "retiree" or "retirees".

These employees shall be employed on a written contract for Retired Teachers or Retired Administrators conditioned upon a valid certificate being held by such professional personnel at the time of entering upon the duties thereunder.

2. **[REQUIRED PRACTICE ONLY FOR CHARTER SCHOOLS WITH BARGAINING AGREEMENTS]** Any employment contract between the Charter School and retirees shall be separate and apart from any collective bargaining agreement or master agreement between the School and the local teachers association.]
3. Retirees employed consistent with this policy and State law shall accrue one day per month of sick leave. No annual sick leave shall be accumulated unless additional sick leave has been negotiated between each individual retiree and the Charter School at the time of employment. 4. The Charter School **[will OR will not]** provide health insurance and life insurance benefits for retirees hired consistent with this policy.
5. The Charter School shall not employ certificated teachers and administrators who receive or received benefits under the previously existing early retirement program provided in now repealed Idaho Code 33-1004G.
6. Retirees who qualify to be rehired are those who have:
 - A. Reached the Rule of 90;
 - B. Are not participating in the early retirement program;
 - C. Who are retired at or after 60 years of age;
 - D. Have never received a "promise of rehire" before their retirement date; and

Classified Employment, Assignment, and Grievance

Classified employees are those noncertificated employees who are employed by the Charter School or personnel hired in positions which do not require certification.

With the exception of those classified employees specifically hired by the Board as holding a status of not at-will, all classified employees shall be regarded as “at-will” employees and may be dismissed at the will of either party and the employment relationship may be terminated at any time for any or no reason, so long as the same does not violate public policy or violate any other provision of law. Such at-will designation will be included in all job descriptions and related written documentation, should the same be implemented by the Charter School. An employment period, as well as other terms and conditions of employment set forth in a job description and/or written documentation shall not create a property right as such are included for the specific purpose only of providing notice to the employee of the service and expectations of the Charter School so long as the employment relationship continues.

Classified employees shall have no expectation of continued employment, unless so expressly specified in writing by the Charter School’s Board. The Charter School reserves the right to change employment conditions affecting the employee’s duties, assignment, supervisor, or grade.

The Board shall determine the salary and wages for classified personnel.

The grievance procedure for classified employees shall be the procedure set forth in Idaho Code Section 33-517. Classified employees may file a written grievance alleging a violation of current, written Charter School approved policy, procedure, or employee handbook; a condition or conditions that jeopardize the health or safety of the employee or another; or tasks assigned outside of the employee's essential job functions and for which the employee has no specialized training. However, neither the rate of pay nor the decision to terminate an employee during the initial 180 days of employment shall be regarded as a proper grievable matter.

Classified Employee Grievance Procedure

Classified employees may file a written grievance alleging a violation of current, written Charter School approved policy, procedure, or employee handbook; a condition or conditions that jeopardize the health or safety of the employee or another; or tasks assigned outside of the employee's essential job functions and for which the employee has no specialized training in strict accordance with the procedure set forth herein. For the purposes of this procedure, current, written Charter School policy means the policy in place and approved by the Board as of the date of the incident giving rise to the grievance and not any previous or subsequent policy.

Neither the rate of pay nor the decision to terminate an employee during the initial 180 days of employment shall be regarded as a proper grievable matter.

A classified employee filing a grievance pursuant to this procedure shall be entitled to a representative of their choosing at each step of the grievance process outlined herein. Additionally, the person against whom the grievance is filed and the Executive Director or his or her designee shall be entitled to a representative at each step of the grievance process outlined herein. None of these individuals will be qualified to sit on the advisory grievance panel.

Neither the Board nor any member of the administration shall take reprisals affecting the employment status of any party in interest. The employee filing a grievance shall not take any reprisals regarding the course of the outcome of the grievance nor take any reprisals against any party or witness participating in the grievance.

Level 1: Informal

A classified employee with a complaint is encouraged to first discuss it with his or her immediate supervisor with the objective of resolving the matter promptly and informally addresses as described in Policy 3085 and Procedure 3085P.

Level 2: Administration

If the complaint is not resolved at Level 1, the grievant may file a written grievance stating:

1. The nature of the grievance; and
2. The remedy requested.

It must be signed and dated by the grievant. The Level 2 written grievance must be filed with the Charter School's human resources administrator within six working days of the event or incident giving rise to the grievance.

Within six working days of receipt of the grievance, the Charter School's human resources administrator shall schedule an informal grievance meeting with the grievant, the employee against whom the grievance is filed, any known advocates, as well as a School administrator who will not be involved in the statutory grievance process. The purpose of the meeting shall be to attempt to find a resolution to the employee grievance.

If the complaint alleges a violation of Title IX, Title II, or Section 504 of the Rehabilitation Act, or sexual harassment that is found to not fall within the scope of Policy 3085 and Procedure 3085P, the person who received the written grievance shall turn the complaint over to the nondiscrimination coordinator who shall investigate the complaint. The Charter School has appointed nondiscrimination coordinators to assist in the handling of discrimination complaints. The coordinator will complete the investigation and file the report with the Executive Director within 30 days after receipt of the written grievance. The coordinator may hire an outside investigator if necessary. If the Executive Director agrees with the recommendation of the coordinator, the recommendation shall be implemented. If the Executive Director rejects the recommendation of the coordinator, and/or either party is not satisfied with the recommendations from Level 2, either party may make a written appeal within 15 days of receiving the report of the coordinator to the Board for a hearing.

Level 3: Executive Director

If a resolution is not reached during the informal grievance meeting, the individual against whom a grievance is filed shall file a written response to the employee grievance within six working days after the conclusion of the informal grievance meeting. Thereafter, the employee may appeal the grievance to the Executive Director or his or her designee within six working days of the receipt of the written response or within six working days from the date the written response was due if the classified employee received no written response. Within six working days of an appeal, the Executive Director or designee shall provide a written response to the employee.

Level 4: Hearing Panel

If the classified employee is not satisfied with the decision of the Executive Director or his or her designee or there is no response from the Executive Director or designee, the employee may request a review of the grievance by a hearing panel within six working days of the response or lack thereof. A written appeal must be submitted to the Board and within ten working days of receiving the appeal. The Board shall convene a hearing panel consisting of three persons; one to be selected by the Board, one to be selected by the employee and one to be mutually agreed upon by the two appointed members of the panel. The panel shall submit its decision in writing to the employee, the Executive Director, and the Board within ten working days of completing its review.

Level 5: The Board

The panel's decision shall be final unless the Board overturns the panel's decision by resolution at the Board's next regularly scheduled public meeting. The decision of the Board will be final,

unless appealed within 42 calendar days of the Board's resolution to overturn the panel's decision in the district court in the county in which the School is located.

Classified employees who work more than 40 hours in a given work week may receive overtime pay of one and one-half times the normal hourly rate unless the Charter School and the employee agree to the provision of compensation time at a rate of one and one-half times all hours worked in excess of 40 hours in any work week. No overtime is authorized for any classified employee without the specific approval of the Executive Director, except as the Executive Director shall otherwise prescribe.

[NOTE: Please be advised that comp time is not required. If a Charter School adopts a comp time policy, there are basically two types of employees: 1) Those who are covered before the policy was adopted need to be treated on a case-by-case basis, and the agreement to allow comp time must be entered into before the work is performed; and 2) Those hired after the policy is in place.]

Employee Compensation by Annualized Election

The {{School_Name}} offers its employees an annualized election. For the purpose of this policy, an annualized election means that the employee is allowed to choose between being paid only during the school year and being paid over a 12 month period and the employee chooses to be paid over the twelve month period. Employees who choose an annualized election are deferring part of their income from one year to the next.

Annualized Election

If an employee selects the annualized election option, the employee must do so no later than the end of the prior year. For example, if an employee would like to defer his or her salary that would be earned in 2008, then an election would need to be made by December 31, 2007. The employee shall cooperate with the following guidelines:

1. The employee must give written or electronic election to the Charter School that notifies the School that the employee wants to defer compensation;
2. The election must be made before the beginning of the work period;
3. The election is to remain in place until the employee elects a change. Employees cannot change their election during the school year;
4. The election is irrevocable so that it cannot be changed after the work period begins; and
5. The election must state how the compensation is going to be paid if the election is made.

Drug and Alcohol Testing for School Bus and Commercial Vehicle Drivers

School bus and commercial vehicle drivers shall be subject to a drug and alcohol testing program that fulfills the requirements of the Code of Federal Regulations, Title 49, Part 382.

Other persons who drive vehicles designed to transport 16 or more passengers, including the driver, are likewise subject to the drug and alcohol testing program.

Testing procedures and facilities used for the tests shall conform with the requirements of the Code of Federal Regulations, Title 49, §§ 40, et seq.

Pre-Employment Tests

Tests shall be conducted before the first time a driver performs any safety-sensitive function for the {{School_Name}}.

Safety-sensitive functions include all on-duty functions performed from the time a driver begins work or is required to be ready to work, until he or she is relieved from work and all responsibility for performing work. It includes driving; waiting to be dispatched; inspecting and servicing equipment; supervising, performing, or assisting in loading and unloading; repairing or obtaining and waiting for help with a disabled vehicle; performing driver requirements related to accidents; and performing any other work for the Charter School or paid work for any entity.

The tests shall be required of an applicant only after he or she has been offered the position.

Exceptions may be made for drivers who have had the alcohol test required by law within the previous six months and participated in the drug testing program required by law within the previous 30 days, provided that the Charter School has been able to make all verifications required by law.

Post-Accident Tests

Alcohol and controlled substance tests shall be conducted as soon after an accident as practicable on any driver:

1. Who was performing safety-sensitive functions with respect to the vehicle, if the accident involved loss of human life; or
2. Who receives a citation under State or local law for a moving traffic violation arising from the accident.

Drivers shall make themselves readily available for testing, absent the need for immediate medical attention.

No such driver shall use alcohol for eight hours after the accident, or until after he or she undergoes a post-accident alcohol test, whichever occurs first.

If an alcohol test is not administered within two hours or if a drug test is not administered within 32 hours, the Charter School shall prepare and maintain records explaining why the test was not conducted. Tests will not be given if not administered within eight hours after the accident for alcohol or within 32 hours for drugs.

Tests conducted by authorized federal, State, or local officials will fulfill post-accident testing requirements provided they conform to applicable legal requirements and are obtained by the Charter School. Breath tests will validate only the alcohol test and cannot be used to fulfill controlled substance testing obligations.

Random Tests

Tests shall be conducted on a random basis at unannounced times throughout the year. Tests for alcohol shall be conducted just before, during, or just after the performance of safety-sensitive functions. The number of random alcohol tests annually must equal 25% of the average number of driver positions. The number of random drug tests annually must equal 50% of the average number of driver positions. Drivers shall be selected by a scientifically valid random process, and each driver shall have an equal chance of being tested each time selections are made.

Reasonable Suspicion Tests

Tests shall be conducted when a supervisor or Charter School official trained in accordance with law has reasonable suspicion that the driver has violated the School's alcohol or drug prohibitions. This reasonable suspicion must be based on specific, contemporaneous, articulable observations concerning the driver's appearance, behavior, speech, or body odors. The observations may include indications of the chronic and withdrawal effects of controlled substances.

Alcohol tests are authorized for reasonable suspicion only if the required observations are made during, just before, or just after the period of the work day when the driver must comply with alcohol prohibitions. An alcohol test may not be conducted by the person who determines that reasonable suspicion exists to conduct such a test. If an alcohol test is not administered within two hours of a determination of reasonable suspicion, the Charter School shall prepare and maintain a record explaining why this was not done. Attempts to conduct alcohol tests shall terminate after eight hours.

A supervisor or Charter School official who makes observations leading to a controlled substance reasonable suspicion test shall make a written record of his or her observations within

24 hours of the observed behavior or before the results of the drug test are released, whichever is earlier.

Enforcement

Any driver who refuses to submit to a post-accident, random, reasonable suspicion, or follow-up test shall not perform or continue to perform safety-sensitive functions.

Drivers who test positive for alcohol or drugs shall be subject to disciplinary action up to and including dismissal.

A driver who violates Charter School prohibitions related to drugs and alcohol shall receive from the School the names, addresses, and telephone numbers of substance abuse professionals and counseling and treatment programs available to evaluate and resolve drug and alcohol-related problems. The employee shall be evaluated by a substance abuse professional who shall determine what help, if any, the driver needs in resolving such a problem. Any substance abuse professional who determines that a driver needs assistance shall not refer the driver to a private practice, person, or organization in which he or she has a financial interest, except under circumstances allowed by law.

An employee identified as needing help in resolving a drug or alcohol problem shall be evaluated by a substance abuse professional to determine that he or she has properly followed the prescribed rehabilitation program and shall be subject to unannounced follow-up tests after returning to duty.

Return-to-Duty Tests

A drug or alcohol test shall be conducted when a driver who has violated the Charter School's drug or alcohol prohibition returns to performing safety-sensitive duties.

Employees whose conduct involved drugs cannot return to duty in a safety-sensitive function until the return-to-duty drug test produces a verified negative result.

Employees whose conduct involved alcohol cannot return to duty in a safety-sensitive function until the return-to-duty alcohol test produces a verified result that meets federal and Charter School standards.

Follow-Up Tests

A driver who violates the Charter School's drug or alcohol prohibition and is subsequently identified by a substance abuse professional as needing assistance in resolving a drug or alcohol problem shall be subject to unannounced follow-up testing as directed by the substance abuse professional in accordance with law. Follow-up alcohol testing shall be conducted just before, during, or just after the time when the driver is performing safety-sensitive functions.

Records

Employee drug and alcohol test results and records shall be maintained under strict confidentiality and released only in accordance with law. Upon written request, a driver shall receive copies of any records pertaining to his or her use of drugs or alcohol, including any records pertaining to his or her drug or alcohol tests. Records shall be made available to a subsequent employer or other identified persons only as expressly requested in writing by the driver.

Notifications

Each driver shall receive educational materials that explain the requirements of the Code of Federal Regulations, Title 49, Part 382, together with a copy of the Charter School's policy and regulations for meeting these requirements. Representatives of employee organizations shall be notified of the availability of this information. The information shall identify:

1. The person designated by the Charter School to answer driver questions about the materials;
2. The categories of drivers who are subject to the Code of Federal Regulations, Title 49, Part 382;
3. Sufficient information about the safety-sensitive functions performed by drivers to make clear what period of the work day the driver is required to comply with Part 382;
4. Specific information concerning driver conduct that is prohibited by Part 382;
5. The circumstances under which a driver will be tested for drugs and/or alcohol under Part 382;
6. The procedures that will be used to test for the presence of drugs and alcohol, protect the driver and the integrity of the testing processes, safeguard the validity of test results, and ensure that test results are attributed to the correct driver;
7. The requirement that a driver submit to drug and alcohol tests administered in accordance with Part 382;
8. An explanation of what constitutes a refusal to submit to a drug or alcohol test and the attendant consequences;
9. The consequences for drivers found to have violated the drug and alcohol prohibitions of Part 382, including the requirement that the driver be removed immediately from safety-sensitive functions and the procedures for referral, evaluation, and treatment;

10. The consequences for drivers found to have an alcohol concentration of 0.02 or greater but less than 0.04; and

11. Information concerning the effects of drugs and alcohol on an individual's health, work, and personal life; signs and symptoms of a drug or alcohol problem (the driver's or a coworker's); and available methods of intervening when a drug or alcohol problem is suspected, including confrontation, referral to an employee assistance program, and/or referral to management.

Drivers shall also receive information about legal requirements, Charter School policies, and disciplinary consequences related to the use of alcohol and drugs.

Each driver shall sign a statement certifying that he or she has received a copy of the above materials. This statement shall be retained by the School.

Before any driver operates a commercial motor vehicle, the Charter School shall provide him or her with post-accident procedures that will make it possible to comply with post-accident testing requirements.

Before drug and alcohol tests are performed, the School shall inform drivers that the tests are given pursuant to the Code of Federal Regulations, Title 49, Part 382. This notice shall be provided only after the compliance date specified in law.

The Charter School shall notify a driver of the results of a pre-employment drug test if the driver requests such results within 60 calendar days of being notified of the disposition of his or her employment application.

The School shall notify a driver of the results of random, reasonable suspicion, and post-accident drug tests if the test results are verified positive. The Charter School shall also tell the driver which controlled substance(s) were verified as positive.

Drivers shall inform their supervisors if at any time they are using a controlled substance which their physician has prescribed for therapeutic purposes. Such a substance may be used only if the physician has advised the driver that it will not adversely affect his or her ability to safely operate a commercial motor vehicle.
