

CAPITOL

NOTES

 A WEEKLY PUBLICATION OF THE IDAHO SCHOOL BOARDS ASSOCIATION • 2022 LEGISLATIVE SESSION

Misty Swanson
ISBA Executive Director

Quinn Perry
ISBA Deputy Director & Government Affairs

Catherine Bates
ISBA Communications & Program Manager

ISBA staff have been hard at work at the Capitol this week and as we prepare for our annual Day on the Hill event. Don't forget to be reaching out to your legislators now to make individual appointments!

There are several important updates on ISBA Legislative Priorities this week. There is also a trove of newly introduced bills for us to dive into.

With that, all bill listed below should be considered the Call to Action.

Two Bills on ISBA Resolutions:

HB 654 would add licensed professional counselors and licensed clinical professional counselors as individuals eligible to qualify as school counselors. This is based on [ISBA Resolution No. 2](#).

HB 656 helps more clearly place out of state teachers and administrators on Idaho's career ladder when they may not have the exact same evaluation framework or other criteria to make them eligible for movement. This is based on [ISBA Resolution No. 1](#).

There was also an Education Savings Account – or school voucher bill – introduced on Friday.

There is no bill number yet but we'll provide as much information as we can as soon as it's on the website. ISBA is opposed to all ESAs and Voucher Bills based on [ISBA Resolution No. 5](#).

Curriculum, Drug Testing, and Spending Limitations

HB 649 – Supplemental Curriculum: This legislation was introduced by Rep. Judy Boyle (Midvale) and would require school boards to approve *all* supplemental materials teachers use in classrooms. **ISBA GAC voted to oppose.** While we don't disagree with the intent, this could be a logistical nightmare for a volunteer board to meet regularly to approve a discussion, article, or idea in the classroom. Teachers are already expected to adhere to Idaho's professional standards and are evaluated on components to avoid outrageous curriculum in classrooms. Further, we have grievance processes in place for these types of issues and believe are best handled at the local level. Contact: [House Education Committee and your own local legislators](#).

HB 650 – Curricular Adoption Committees: Also from Rep. Boyle, this legislation changes the curricular materials adoption committees to a required committee, and outlines that it must consist of 12 members – 3 teachers, 1 board member, 1 administrator, 1 community member, and 6 parents of children attending school. **ISBA GAC voted to oppose, as they felt it wades into local governance. Further, it could place a very difficult burden on small districts and charters to recruit that many people to the committee.** Contact: [House Education Committee and your own local legislators](#).

HB 651 – Drug Testing Substitutes: Also from Rep. Boyle, this legislation would require a school district and charter to drug test substitute teachers prior to their hire. **ISBA is opposed.** While we're certainly opposed to all employees being under the influence on school property, this feels like we're violating privacy rights of parents and community members who are stepping up to serve a need. In addition, there is no fiscal note so districts would have to pay for the additional cost. Most schools and districts have policies in place that require drug testing on suspicion, and that process has seemingly worked well. Contact: [House Education Committee and your own local legislators](#).

HB 652 – Health Insurance Limitations: This legislation is sponsored by Rep. Horman and has two main components: first, it would mandate that the discretionary monies allocated for health insurance is spent **only** on health insurance, and if used for other purposes would revert back to the state. If they failed to make such reimbursement, the "misused funds" would be deducted from the district or schools next payment. If you used up to 90% for the health insurance money, you could retain the remaining amount but it must be used on health insurance the following year. **While we support the intent, we think there are substantial unintended consequences. ISBA GAC directed staff to address these concerns and in the meantime oppose to the first piece.** The second piece, which we are supportive of, ensures that all school employees can still use unused sick leave to pay for health insurance upon retirement. Contact: [House Education Committee and your own local legislators](#).

HB 653 – Levy Disclosure Issues: This legislation would require additional levy disclosure, in that schools would be required to include a detailed purposes for the levy, and include the amount for each purpose. If you fail to comply, it would invalidate the levy. In addition, if you had more than a 10% variance on the stated purpose on the ballot, the board would be required to hold a public hearing prior to taking action on using the levy dollars differently. **ISBA GAC voted to oppose. We're pro-transparency, but worry this puts significant barriers on the necessary flexibility for levy funds.** Contact: [House Education Committee and your own local legislators](#).

Let's Talk Kindergarten

There are currently (4) Kindergarten bills for us to consider – though one was a misprint. Which is our best bet? It's complicated. ISBA believes the cleanest, most-straightforward Full Day Kindergarten bill is SB 1315, sponsored by Senator Carl Crabtree from Grangeville.

SB 1315 – Full Day Kindergarten: This proposal is based on a proposal passed by the State Board of Education and creates the calculated formula to allow for the funding of full-day kindergarten. It would cost between \$42 million and \$46 million annually, if an estimated 80% of school districts and charter schools take part in full-day kindergarten. Participation in full-day kindergarten by districts and schools would be still optional, and it does not change the fact that kindergarten in general is still optional for parents and legal guardians. Something important to note, this bill would prohibit school districts from paying for full-day kindergarten with maintenance and operations levies. This bill also requires that full-day kindergarten programs use evidence-based teaching methods and includes a parental engagement component.

Please contact your own local legislators and [Senate Education](#) and tell them why you support full-day kindergarten – namely SB1315. Need some talking points? Check out this blog post for ways to talk about Kindergarten <https://www.idsba.org/blog/lets-talk-full-day-kindergarten/>.

Note that SB 1316 is almost identical and was a misprint.

SB 1317/1318 - Kinder Savings Accounts & Half Time Options – Sen. Thayn

Sen. Thayn has two interesting ideas for Full-Day Kindergarten. 1317 creates a kindergarten savings account and is contingent if the legislature funds full-day Kindergarten. It would direct the State Board to create a program where a parent or legal guardian can apply to the school district or charter to withdraw funds to be used for certain approved expenses – such as technology, curriculum, therapies, or other expenses approved by the State Board. The account essentially functions as a government-authorized account that allows families to spend government funds on a variety of education-related costs for kindergarten. The student is only eligible be up to \$1,000 at first, but receive another \$500 if they pass the spring IRI with a 'proficient' or better score. The school or district also receives \$500 for administrative costs, including the IRI.

1318 says that support units for kindergarten students who only enroll in a half-day program – but, who meet certain conditions – can be counted as a 'full-day' student if they participate in kindergarten screeners or assessments are provided evidence-based supplementary materials, and if the student is not proficient ay enroll in a 3 to 5 in-person summer school.

Color Coded Bill Key:

Pink: Bills that are urgent | **Green:** ISBA Sponsored Bill | **Yellow:** Monitoring - Impact | **Blue:** Monitoring - No Expected Impact

Tracking: Monitoring - Impact | **H 0656** | **Amends existing law to provide for placement on the career ladder of certain previously certified staff.**

Introduced: 02/16/2022 | **Last Action:** Feb 17, 2022 - Reported Printed and Referred to Education

Our Position: Support

Staff Analysis:

This legislation helps more clearly place out of state teachers and administrators on Idaho's career ladder when they may not have the exact same evaluation framework or other criteria to make them eligible for movement. This is based on ISBA Resolution No. 1. Please contact House Education to support this legislation.

Tracking: Monitoring - Impact | **H 0655** | **Amends existing law to provide for dyslexia intervention and screening programs in certain grades.**

Introduced: 02/16/2022 | **Last Action:** Feb 17, 2022 - Reported Printed and Referred to Education

Our Position: Neutral

Staff Analysis:

This legislation defines "dyslexia" based on the definition from the International Dyslexia Association and directs the state department of education to implement a dyslexia handbook, which includes strategies and available resources and services to support students with dyslexia. It requires the state department of education to provide training for educators and to designate a dyslexia specialist to support reading improvement plans for students with dyslexia.

Tracking: ISBA Sponsored Bill | **H 0654** | **Amends existing law to authorize certain professionals to work as school counselors.**

Introduced: 02/16/2022 | **Last Action:** Feb 17, 2022 - Reported Printed and Referred to Education

Our Position: Support

Staff Analysis:

This legislation would add licensed professional counselors and licensed clinical professional counselors as individuals eligible to qualify as school counselors. This is based on [ISBA Resolution No. 2](#). Please, contact House Education and support this legislation.

Tracking: Urgent | **H 0653** | **Adds to existing law to provide that a ballot question for a supplemental levy must be accompanied by a disclosure about the purposes for which the levy revenues will be used and to provide that school districts must use levy revenues for the purposes identified in the disclosure.**

Introduced: 02/16/2022 | **Last Action:** Feb 17, 2022 - Reported Printed and Referred to Education

Our Position: Oppose

Staff Analysis:

This legislation would require additional levy disclosure, in that schools would be required to include a detailed purposes for the levy, and include the amount for each purpose. If you fail to comply, it would invalidate the levy. In addition, if you had more than a 10% various on the stated purpose on the ballot, the board would be required to hold a public hearing prior to taking action on using the levy dollars differently. **ISBA GAC voted to oppose. We're pro-transparency, but worry this puts significant barriers on the necessary flexibility for levy funds.** Contact: [House Education Committee](#) and your own local legislators.

Tracking: Urgent | [H 0652](#) | **Amends and adds to existing law to provide that funds appropriated for employee health insurance shall be used for such insurance and to provide for the payment of certain premiums by the retirement board.**

Introduced: 02/16/2022 | **Last Action:** Feb 17, 2022 - Reported Printed and Referred to Education

Our Position: Oppose

Staff Analysis:

This legislation is sponsored by Rep. Horman and has two main components: first, it would mandate that the discretionary monies allocated for health insurance is spent **only** on health insurance, and if used for other purposes would revert back to the state. If they failed to make such reimbursement, the "misused funds" would be deducted from the district or schools next payment. If you used up to 90% for the health insurance money, you could retain the remaining amount but it must be used on health insurance the following year. **While we support the intent, we think there are substantial unintended consequences. ISBA GAC directed staff to address these concerns and in the meantime oppose to the first piece.** The second piece, which we are supportive of, ensures that all school employees can still use unused sick leave to pay for health insurance upon retirement. Contact: [House Education Committee](#) and your own local legislators.

Tracking: Urgent | [H 0651](#) | **Amends existing law to require drug testing and criminal background tests for certain teachers.**

Introduced: 02/16/2022 | **Last Action:** Feb 17, 2022 - Reported Printed and Referred to Education

Our Position: Oppose

Staff Analysis:

This legislation would require a school district and charter to drug test substitute teachers prior to their hire. **ISBA is opposed.** While we're certainly opposed to all employees being under the influence on school property, this feels like we're violating privacy rights of parents and community members who are stepping up to serve a need. In addition, there is no fiscal note so districts would have to pay for the additional cost. Most schools and districts have policies in place that require drug testing on suspicion, and that process has seemingly worked well. Contact: [House Education Committee](#) and your own local legislators.

Tracking: Urgent | [H 0650](#) | **Amends existing law to revise provisions regarding curricular materials adoption committees.**

Introduced: 02/16/2022 | **Last Action:** Feb 17, 2022 - Reported Printed and Referred to Education

Our Position: Oppose

Staff Analysis:

This legislation changes the curricular materials adoption committees to a required committee, and outlines that it must consist of 12 members – 3 teachers, 1 board member, 1 administrator, 1 community member, and six parents of children attending school. **ISBA GAC voted to oppose, as they felt it wades into local governance. Further, it could place a very difficult burden on small districts and charters to recruit that many people to the committee.** Contact: [House Education Committee](#) and your own local legislators.

Tracking: Urgent | [H 0649](#) | **Amends existing law to require approval of supplemental material.**

Introduced: 02/16/2022 | **Last Action:** Feb 17, 2022 - Reported Printed and Referred to Education

Our Position: Oppose

Staff Analysis:

This legislation would require school boards to approve *all* supplemental materials teachers use in classrooms. **ISBA GAC voted to oppose.** While we don't disagree with the intent, this could be a logistical nightmare for a volunteer board to meet regularly to approve a discussion, article, or idea in the classroom. Teachers are already expected to adhere to Idaho's professional standards and are evaluated on components to avoid outrageous curriculum in classrooms. Further, we have grievance processes in place for these types of issues and believe are best handled at the local level. Contact: [House Education Committee and your own local legislators.](#)

Tracking: Urgent | **H 0627** | **Amends existing law to provide for enrollment-based funding and to allow for alternative education programs.**

Introduced: 02/14/2022 | **Last Action:** Feb 15, 2022 - Reported Printed and Referred to Education

Our Position: Support

Staff Analysis:

This would change Idaho permanently to allocating support unites based on FTE Enrollment, instead of Average Daily Attendance. This is how we've essentially been funded the last two years, it's a much more accurate way to count students. ISBA supports this legislation.

Tracking: Urgent | **H 0607** | **Amends existing law to provide that the commission may adopt certain rules and to revise provisions regarding joint lotteries.**

Introduced: 02/14/2022 | **Last Action:** Feb 17, 2022 - Reported out of Committee without Recommendation, Filed for Second Reading

Our Position: Support

Staff Analysis:

ISBA is in strong support of this legislation. This legislation ensures that Idaho can still remain in the Multi State Lottery Association and play Powerball - Idaho's most popular lottery game. Idaho schools receive significant amount of support for facility upgrades and bond/levy equalization. Without this legislation, Idaho would no longer be eligible to have Powerball and those funds would be at risk. **This bill is on the House Floor and needs your support! Contact your House members today!**

Tracking: Monitoring - Impact | **S 1318** | **Amends existing law to establish provisions regarding certain kindergarten students.**

Introduced: 02/14/2022 | **Last Action:** Feb 15, 2022 - Reported Printed; referred to Education

Our Position: Oppose

Staff Analysis:

1318 says that support units for kindergarten students who only enroll in a half-day program – but, who meet certain conditions – can be counted as a 'full-day' student if they participate in kindergarten screeners or assessments are provided evidence-based supplementary materials, and if the student is not proficient ay enroll in a 3 to 5 in-person summer school. **We have some concerns with this legislation and will address them with the sponsor.**

Tracking: Monitoring - Impact | **S 1317** | **Adds to existing law to establish a kindergarten savings account.**

Introduced: 02/14/2022 | **Last Action:** Feb 15, 2022 - Reported Printed; referred to Education

Our Position: Oppose

Staff Analysis:

Sen. Thayne has two interesting ideas for Full-Day Kindergarten. 1317 creates a kindergarten savings account and is contingent if the legislature funds full-day Kindergarten. It would direct the State Board to create a program where a parent or legal guardian can apply to the school district or charter to withdraw funds to be used for certain approved expenses – such as technology, curriculum, therapies, or other expenses approved by the state Board. The account essentially functions as a government-authorized accounts that allow families to spend government funds on a variety of education-related costs for kindergarten families. The student is only eligible be up to \$1,000 at first, but receive another \$500 if they pass the spring IRI with a ‘proficient’ or better score. The school or district also receives \$500 for administrative costs, including the IRI. **ISBA has concerns and will address them with the sponsor.**

Tracking: Urgent | [S 1315](#) | **Amends existing law to provide for full-day kindergarten and to revise provisions regarding certain support units and funding distributions.**

Introduced: 02/14/2022 | **Last Action:** Feb 15, 2022 - Reported Printed; referred to Education

Our Position: Support

Staff Analysis:

This proposal is based on a proposal passed by the State Board of Education and creates the calculated formula to allow for the funding of full-day kindergarten. It would cost between \$42 million and \$46 million annually, if an estimated 80% of school districts and charter schools take part in full-day kindergarten. Participation in full-day kindergarten by districts and schools would be still optional, and it does not change the fact that kindergarten in general is still optional for parents and legal guardians. **Something important to note, this bill would prohibit school districts from paying for full-day kindergarten with maintenance and operations levies. This bill also requires that full-day kindergarten programs use evidence-based teaching methods and includes a parental engagement component.** **ISBA is in support of this legislation and urges you contact your own local legislators and Senate Education**

Tracking: Monitoring - Impact | [S 1302](#) | **Amends and adds to existing law to provide sales tax revenues to school districts and to revise provisions regarding school levy authority.**

Introduced: 02/11/2022 | **Last Action:** Feb 14, 2022 - Reported Printed; referred to Local Government & Taxation

Our Position:

Staff Analysis:

Tracking: Monitoring - No Expected Impact | [H 0592](#) | **Adds to existing law to establish the Idaho Workforce Housing Fund and to establish the Idaho Workforce Housing Advisory Commission.**

Introduced: 02/10/2022 | **Last Action:** Feb 11, 2022 - Reported Printed and Referred to Commerce & Human Resources

Our Position: Support

Staff Analysis:

ISBA Supports this legislation. This legislation would create an advisory commission who would be tasked with developing, implementing, and maintaining a statewide workforce housing plan. The fund would be created to accept funds appropriated by the legislature, and distribute funds according to the statewide workforce housing plan implemented by the Commission. We know that workforce housing is an issue deeply impacting school districts – in areas rural and urban. This is a step in the right direction to collaborate with other local governments and employers to be able to recruit and retain a workforce in Idaho’s schools.

Tracking: Monitoring - Impact | [S 1291](#) | **Charter Certificate Bill - Amends existing law to provide alternative methods of obtaining certain certifications.**

Introduced: 02/10/2022 | **Last Action:** Feb 16, 2022 - Reported out of committee; to 14th Order for amendment

Our Position: Neutral

Staff Analysis:

ISBA is neutral on this legislation. Like House Bill 221 from last year, this allows local charter school boards to create a charter-specific certificate. Requirements are that you hold a bachelor's degree and/or CTE certificate, but you aren't required to be doing an alternate route to certification. It is only allowed at charter schools, and only transferrable from charter to charter via MOU. It also allows the charter to create their own professional development in substitute of the State Board of Education.

Tracking: Monitoring - Impact | [S 1290](#) | **Adds to existing law to establish the Rural and Underserved Educator Incentive Program.**

Introduced: 02/10/2022 | **Last Action:** Feb 17, 2022 - Reported out of Committee with Do Pass Recommendation; Filed for second reading

Our Position: Support

Staff Analysis:

This bill has bi-partisan support and establishes a rural educator incentive program for high-need or rural districts/charters. It would provide a maximum amount of eligible funding that gradually increases for the number of years the educator stays in the high need or rural district/charter. Funds could be used for loan repayments, additional degrees, or other education costs. [Please contact your Senator in support of this legislation!](#)

Tracking: Monitoring - Impact | [H 0571](#) | **Amends existing law to allow school buses to travel up to 70 miles per hour on the interstate.**

Introduced: 02/09/2022 | **Last Action:** Feb 17, 2022 - Reported out of Committee with Do Pass Recommendation, Filed for Second Reading

Our Position: Neutral

Staff Analysis:

This legislation would supercede Idaho's Standards for School Bus Drivers and allow them to drive 70 miles per hour on the interstate, instead of the 65 mile per hour rule currently.

Tracking: Monitoring - Impact | [H 0566](#) | **Amends existing law to revise the definition of "property or resources."**

Introduced: 02/08/2022 | **Last Action:** Feb 17, 2022 - to Senate

Our Position: Neutral

Staff Analysis:

This legislation amends the "Public Integrity in Elections Act" to clarify that public property that during certain times and manners that are available to the general public *may* be used by a political, provided that the space is provided to all political parties in a fair and equal manner.

Tracking: Monitoring - Impact | [H 0555](#) | **Change to PERSI Contribution for School Employees - Amends, adds to, and repeals existing law to provide for the contribution rates and reemployment of school members.**

Introduced: 02/08/2022 | **Last Action:** Feb 09, 2022 - Reported Printed and Referred to Commerce & Human Resources

Our Position: Neutral

Staff Analysis:

After hearing a concern on the cost of Return to Work for certain school employees, PERSI is bringing this which creates a new class for school employees. It doesn't change the contribution rate, but it could allow the PERSI Board to consider a contribution rate. If approved, the PERSI board is prepared to reduce the general member rate but keep the

teacher rate the same as it is today. It also allows ALL retired public employees to be eligible for Return to Work – meaning, retired city officials could work for schools without creating an issue on the PERSI fund and vice versa. If passed, PERSI plans to provide a lot of information to you all via webinar and his roadshows.

Tracking: Monitoring - Impact | [S 1280](#) | **Amends and adds to existing law to establish programs for dyslexia.**

Introduced: 02/08/2022 | **Last Action:** Feb 17, 2022 - Read First Time, Referred to Education

Our Position: Neutral

Staff Analysis:

This legislation has the intended purposes of more readily identifying children who are living with dyslexia. It would first define dyslexia, and then align Idaho's Literacy Achievement and Accountability Act to be assessed for characteristics in dyslexia. It would also establish a list of evidence-based screening and intervention tools for schools to use, and assure educators are receiving professional development and technical assistance for better serving children with dyslexia.

Tracking: Monitoring - Impact | [H 0545](#) | **Repeals and adds to existing law to remove the Public Charter School Debt Reserve Fund and to provide for a revolving loan fund.**

Introduced: 02/07/2022 | **Last Action:** Feb 17, 2022 - to Senate

Our Position: Neutral

Staff Analysis:

ISBA is neutral on this legislation. This would create a "revolving loan" fund at the state where charter schools could obtain lower interest rates on loans. There are limitations. For example, the school must pass certain financial provisions, bring at least \$1,000,000 in private or public grants, and demonstrate it has a commitment from al ender to provide a minimum of 20% project financing.

Tracking: Monitoring - Impact | [H 0544](#) | **Amends existing law to provide for placement on the career ladder of certain staff for those previously certified out of state.**

Introduced: 02/07/2022 | **Last Action:** Feb 08, 2022 - Reported Printed and Referred to Education

Our Position:

Staff Analysis:

Tracking: Monitoring - No Expected Impact | [H 0533](#) | **Amends existing law to allow for certain employees to continue to receive master educator premiums.**

Introduced: 02/04/2022 | **Last Action:** Feb 17, 2022 - Introduced, read first time; referred to: Education

Our Position: Neutral

Staff Analysis:

This legislation creates a retroactive clause for approximately 23 school administrators who did the work and *received* the Master Educator Premium, but were ineligible to receive years two or three of the premium once they became an administrator. The Master Educator Premium program was phased out in 2020 when the Advanced Professional Rung was added to the career ladder. It's retroactive and has minimal impact. This legislation passed out of House Education and is on the House Floor.

Tracking: Monitoring - Impact | [H 0531](#) | **Adds to existing law to provide for the protection of certain monuments and memorials.**

Introduced: 02/04/2022 | **Last Action:** Feb 16, 2022 - Introduced, read first time; referred to: State Affairs

Our Position: Oppose

Staff Analysis:

ISBA is opposed to this bill using the guiding principal of Local Governance, sometimes called Local Control. This legislation would say that no political subdivision can alter, relocate, or remove any historical monument or memorial without the two-thirds vote approval from the Idaho State Historical Society - including bridges, schools, parks, or any other public area. It also requires that the Governor, Speaker of the House, President Pro Tem, and Minority Leadership in the House and Senate to be notified, and it may require them to go before the House and Senate State Affairs committees in the legislature. While we do appreciate that this years' version does allow some exceptions for construction or repair, we believe that local school boards should have the authority to work with their community on these issues, and not rely on a supermajority vote of a non-elected body. **Who to contact:** this bill passed the House State Affairs committee and is on the House floor. Contact your House member!

Tracking: Monitoring - Impact | [S 1271](#) | **Paying Down Levies Bill - Amends and adds to existing law to provide for state support of discretionary spending by school districts.**

Introduced: 02/04/2022 | **Last Action:** Feb 07, 2022 - Reported Printed; referred to Education

Our Position: Support

Staff Analysis:

This bill would appropriate additional funds to schools on a per-student for discretionary purposes. However, if a school is collecting a levy, they would be required to use at least 75% of it to provide property tax relief. Everything else would be directed by the school board. ISBA has always advocated for more state support for school districts so there is less reliance on supplemental levies just to meet day-to-day operational needs. [Please contact the Senate Education committee to support this legislation.](#)

Tracking: Monitoring - Impact | [H 0514](#) | **Adds to existing law to establish provisions regarding the prohibition of mask mandates.**

Introduced: 02/02/2022 | **Last Action:** Feb 16, 2022 - U.C. to be returned to State Affairs Committee

Our Position: Oppose

Staff Analysis:

ISBA is opposed to this legislation using the principle of Local Governance, sometimes known as Local Control. This legislation would prevent any local government - including school districts and charter schools - from requiring facial coverings or masks. Just like the ISBA would oppose a bill that would mandate the school board to require masks, we are opposed to bills that take away a school board's authority to do so. We believe that local school boards should have the ability to make decisions on these issues the way that they and their community feel is best. **Who to contact:** House State Affairs Committee.

Tracking: Monitoring - Impact | [H 0512](#) | **Amends existing law to prohibit holding another bond election within 11 months of a failed bond election.**

Introduced: 02/02/2022 | **Last Action:** Feb 17, 2022 - to Senate

Our Position: Oppose

Staff Analysis:

ISBA is opposed to this legislation and it requires a call to action! Once again, the House State Affairs committee introduced a bill that would place limits on local officials from placing a failed bond question on the ballot again for 11 months. Our members have brought resolutions for over 2 decades to reduce the supermajority requirement on facility bonds – something that is increasingly more difficult to achieve. This impedes efforts even further. It also came the day after the Joint Legislative Oversight Committee released their report on school facilities – in which they reported many eye-opening findings in their analysis, including an estimation that it would take upwards of \$874 million to get Idaho's school buildings to "good" condition. **Call to Action: Please contact your House Member and ask them to vote "NO" on this legislation - it has the real and serious impact of impeding our already limited efforts on school**

facilities!

Tracking: Monitoring - No Expected Impact | [S 1261](#) | **Adds to existing law to provide for the installation of adult content filters on tablets and smart phones.**

Introduced: 02/02/2022 | **Last Action:** Feb 03, 2022 - Reported Printed; referred to State Affairs

Our Position: Neutral

Staff Analysis:

This legislation would require manufacturers of "Internet Capable Devices" - including tablets, computers, and phones - to install and activate technology that enables parents to make filtering decisions for their children.

Tracking: Monitoring - Impact | [S 1255](#) | **Adds to existing law to establish the Empowering Parents Grant Program, which provides funds to eligible students for certain education expenses.**

Introduced: 02/02/2022 | **Last Action:** Feb 16, 2022 - Reported out of Committee with Do Pass Recommendation, Filed for Second Reading

Our Position: Support

Staff Analysis:

This bill replaces SB 1242, and ISBA is now in support of SB1255 - Empowering Parents. Last week, we met with the sponsors about our concerns with the first version. We are grateful that they were amenable to our concerns and amended the bill accordingly. Again, this is a grant program for low-income families to use towards eligible education expenses for their kids. There is an income threshold starting with \$60,000 for the first 30 days, \$75,000 for the next 30 days. The program is open to all households regardless of income after that. Each student would be eligible for a \$1,000 grant, and each family is capped at \$3,000 total. It passed the Senate and now heads to House Education for a hearing.

Tracking: Monitoring - Impact | [S 1238](#) | **Adds to existing law to provide for the self-directed learner designation.**

Introduced: 01/26/2022 | **Last Action:** Feb 17, 2022 - U.C. to hold place on third reading calendar one legislative day

Our Position: Support

Staff Analysis:

ISBA supports this legislation, formerly known as SB 1226. This legislation - sponsored by Senate Education Chairman Sen. Steven Thayne (R- Emmett) - allows students to request and teachers to designate students as a .self-directed learner.. It's a mastery-type bill that says students can have more flexibility in their day to day schedule, but it would still require them to meet the school or district's graduation requirements. It provides a lot of latitude to teachers and districts to ensure this happens. The biggest piece is that students who are designated are still counted as a 1.0 Full Time Equivalent . so it has no impact on your budget. It passed the Senate, and passed out of House Education unanimously.

Tracking: Monitoring - Impact | [H 0461](#) | **Amends existing law to revise eligibility requirements for the Armed Forces and Public Safety Officer Scholarship.**

Introduced: 01/25/2022 | **Last Action:** Feb 15, 2022 - Read second time; filed for Third Reading

Our Position: Support

Staff Analysis:

This is a bipartisan bill that amends Idaho's scholarship for military families who has a parent or spouse die in combat to add that they can be eligible if their parent or spouse dies in training or in their line of service. The change stems from a recent tragedy where three members of Idaho's National Guard died in a Blackhawk helicopter exercise, and the bill sponsors realized that their children wouldn't be eligible for the scholarship because they didn't die in combat. **ISBA supports scholarship opportunities for all students and is in support of this legislation. It passed House Education and will be voted on by the House next week!**

Tracking: Monitoring - Impact | [H 0444](#) | **Amends 2021 session law to extend a sunset date to July 1, 2023.**

Introduced: 01/18/2022 | **Last Action:** Feb 11, 2022 - Read second time; filed for Third Reading

Our Position: Support

Staff Analysis:

ISBA Supports this legislation. It passed the House and Senate Committee, and is awaiting a full vote in the Senate. This legislation extends the “sunset” - also known as the ‘repeal’ date - of the Coronavirus Liability Immunity Act. It protects school districts and charter schools from litigation that arise out of COVID-19 infections. Since its original passage during the Extraordinary Session of 2020, they have extended the sunset date at least once. This legislation extends it until July 1, 2023, extending it from July 1, 2022.

Tracking: Urgent | [H 0443](#) | **Adds to existing law to create the Public School Health Insurance Fund.**

Introduced: 01/18/2022 | **Last Action:** Feb 09, 2022 - Reported Signed by Governor on February 8, 2022 Session Law Chapter 3 Effective: 07/01/2022

Our Position: Support

Staff Analysis:

This bill passed the Senate overwhelmingly, and is now on the Governor's Desk! This legislation creates a dedicated fund for the purpose of funding the one-time amount required for public schools to buy in to the state's medical and dental insurance plan. The creation of the fund does not *require* school districts and charter schools to buy-in to the plan, but creates the necessary resources to do so if you choose. Schools and districts would have two-years to utilize these funds to join the state pool. This has broad support from the Education Stakeholder groups, and is a recommendation from Governor Little. It also has a strong list of bi-partisan co-sponsors. It was opposed by a few insurance companies and the Idaho Freedom Foundation. ISBA has long advocated for the resources necessary for schools to join the state insurance pool - and this would create the opportunity for you to do that. It does also phase out the leadership premium allocation, which we know many have liked. However, it has strong support to offset the loss of these funds with a larger increase in other areas of the public schools budget that can benefit *all* employees. **Please wait for more information from the Idaho Department of Administration for information on the State's health plan.**

Tracking: Monitoring - Impact | [H 0438](#) | **Amends existing law to revise provisions regarding filling vacant school trustee positions following a recall or resignation resulting from a recall petition.**

Introduced: 01/13/2022 | **Last Action:** Jan 14, 2022 - Reported Printed and Referred to State Affairs

Our Position: Neutral

Staff Analysis:

No update from last week. This concept - similar to HB350 from the 2021 Session - changes how vacancies are filled following a successful recall election or resignations following the filing of a recall petition. If there is an election date (using the 4 dates for school districts) within 85 days, the vacated seat will remain vacant unfilled until that election. If it is *within* 100 days of an election, the seat shall also remain vacant until the election, in which that newly elected trustee will serve the remainder of that zone's term (unless that zone was already up for re-election on that date, in which they'll fill out the next full term). If more than one trustee is recalled and the Board no longer has a quorum, the county commission will step-in to appoint only one member so that the Board can conduct its business until the next election. If it's more than 100 days to the next election, the Board may appoint a temporary trustee until a new trustee is elected at the next possible election. **While we have concerns about the complications of this legislation, the ISBA GAC voted to remain neutral, as we believe that citizens *can* and *should* be involved in the process of electing trustees from their respective communities. In addition, school board members are one of the few - if not only - public bodies that appoints vacant seats themselves. If you want to express your thoughts or sign up to testify, contact: House State Affairs Committee.**

Tracking: Urgent | [H 0437](#) | **Adds to existing law to provide for the adoption of the content standards prepared by the 2020-2021 content standards review committees.**

Introduced: 01/13/2022 | **Last Action:** Jan 14, 2022 - Reported Printed and Referred to Education

Our Position: Oppose

Staff Analysis:

No update from last week. This legislation would force the State Board of Education - by July 1, 2022 - to adopt and incorporate the draft of the Idaho content stands for English Language Arts and Literacy, Math, and Science prepared by the 2020 - 2021 standards review committee which was completed July 13, 2021. It would also state that each school district and charter school boards have until June 30, 2024 to incorporate curricular materials that correspond with these new content standards. **Based on 2022 ISBA Resolution No. 5, the ISBA is opposed to this legislation. The ISBA is not opposed to a review and proposed revision of content standards, but without an independent review of the changes in the proposed revision, it could create fiscal instability and wreck havoc on our educators ability to implement the standards. Content standards drive everything at the local level from curricular materials adoption, to teacher professional development, and assessments. The ISBA respectfully requests a thorough analysis about what has changed within each content section, and once determined, requests an appropriate time frame and financial resources for school districts and charter schools to implement these new standards in a predictable and stable manner. Who to contact: House Education Committee.**

Introduced: 01/13/2022 | **Last Action:** Jan 14, 2022 - Reported Printed and Referred to Education

Our Position: Oppose

Staff Analysis:

No update from last week. This concurrent resolution would reject - in their entirety - Idaho's content standards for English Language Arts, Math, and Science. It was introduced and is paired with HB437. **Based on 2022 ISBA Resolution No. 5, the ISBA is opposed to this rejection. The ISBA is not opposed to a review and proposed revision of content standards, but without an independent review of the changes in the proposed revisions, it could create fiscal instability and wreck havoc on our educators ability to implement the standards. Content standards drive everything at the local level from curricular materials adoption, to teacher professional development, and assessments. The ISBA respectfully requests a thorough analysis about what has changed within each content section, and once determined, requests an appropriate time frame and financial resources for school districts and charter schools to implement these new standards in a predictable and stable manner. Who to contact: House Education Committee.**

Tracking: Monitoring - Impact | [H 0436](#) | **Amends existing law to revise the individual and corporate income tax rate and to provide for an income tax rebate.**

Introduced: 01/12/2022 | **Last Action:** Feb 07, 2022 - Reported Signed by Governor on February 4, 2022 Session Law Chapter 1 Effective: Retroactive to 01/01/2022 SECTION 1 -3; 02/04/2022 SECTION 4

Our Position: Neutral

Staff Analysis:

This legislation consolidates the income tax brackets from five to four, lowers each rate, and makes it retroactive to January 1, 2022. Additionally, it lowers the income tax rates to 6% retroactively, and provides a one-time tax rebate of \$350 million, returning 12% of 2020 personal income tax - or \$75 for each taxpayer and dependent - whichever is greater. Because it has a possible impact to Idaho's general fund, ISBA is monitoring impact. However, we are neutral to the bill.

Please contact Misty, Quinn, or Catherine if you have any questions.

Thank you,

Your ISBA Legislative Team
