----	--	---------------------------------

*Resolutions were numbered pursuant to the order in which they were received, except that resolutions previously adopted by the ISBA membership were moved to the bottom so that new proposals are provided ample time for discussion and debate.

**Indicates the resolution was previously an approved ISBA Resolution that expired.

The ISBA Executive Board adopted the following guiding principles for ISBA's advocacy work in 2026:

1. ISBA supports legislation, policies, and initiatives that promote success for all students in the K-12 education system and in life.
2. ISBA supports legislation that provides for local governance and decision making.
3. ISBA believes the state should provide school districts and charter schools with full funding of current and future funding formulas.
4. ISBA opposes unfunded mandates and will continue to advocate for funding for currently existing mandates.
5. ISBA supports legislation that allows school districts and charter schools to provide competitive compensation for all school employees in order to attract and retain quality staff.
6. ISBA is committed to supporting legislation that creates safe and inclusive environments for all students and staff, without regard to race, ethnicity, socioeconomic status, gender, ability, sexual orientation, national origin, immigration status, or native tongue.
7. ISBA opposes any legislation that violates federal laws or the state constitution.
8. When applicable and practical, ISBA will interpret approved resolutions to be applied to equally benefit school districts and charter schools.
